

“individual quota” or “catch share system.” The Council has recently updated control dates for both squid fisheries—May 16, 2013 for longfin squid: (<http://www.greateratlantic.fisheries.noaa.gov/nr/2013/May/13smblongfinbutterfishcontroldatephl.pdf>) and August 2, 2013 for *Illex* squid: (<http://www.greateratlantic.fisheries.noaa.gov/nr/2013/August/13smbillexcontroldatephl.pdf>).

The Council may (or may not) use the current or previous control dates as reference points as it considers whether, and/or how, to further limit the number of participants in the squid fisheries (see preceding links for additional details on the control dates). The Council will first gather information during the scoping period. This is the first and best opportunity for members of the public to raise concerns related to the scope of issues that will be considered in the Amendment. The Council needs your input both to identify management issues and develop effective alternatives. Your comments early in the amendment development process will help us address issues of public concern in a thorough and appropriate manner. Comment topics could include the scope of issues in the amendment, concerns and potential alternatives related to capacity in the squid fisheries, and the appropriate level of environmental analysis. Comments can be made during the scoping hearings as detailed above or in writing. If the Council decides to move forward with the Amendment, the Council will develop a range of management alternatives to be considered and prepare a draft EIS and/or other appropriate environmental analyses. These analyses will consider the impacts of the management alternatives being considered, as required by the National Environmental Policy Act. Following a review of any comments on the draft analyses, the Council will then choose preferred management measures for submission with a Final EIS or Environmental Assessment to the Secretary of Commerce for publishing of a proposed and then final rule, both of which have additional comment periods.

While the Council is conducting these scoping hearings, the Council will also accept general comments on the MSB fisheries. These general comments could inform Council decision making for upcoming annual specifications or other actions.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), and the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222–226).

The applicant proposes to take the above listed species by research activities within the coastal areas and open waters of the Bering, Chukchi, and Beaufort seas adjacent to Alaska and the eastern Beaufort Sea in Canada over a five year period. Research topics include population abundance (beluga), stock structure (bowhead, gray, humpback, and beluga), feeding areas and other important habitats (all species), migration routes (all species), behavior relative to human disturbance (all species), and to genetically identify individuals in order to determine survival and calving intervals (belugas). Takes per year, including incidental harassment, are as follows. For bowhead whales, take includes tagging with biopsy (up to 320), and biopsy only (up to 150). For gray whales take includes tagging with biopsy and photo-id (up to 90 per year) and biopsy with photo-id (up to 160), and photo-id only (up to 350). For humpback whales, take includes tagging with biopsy and photo-id (up to 35), biopsy with photo-id (up to 40), and photo-id (up to 50). For beluga whales the type of take includes aerial survey (up to 4,000), capture for tagging and sample collection (up to 200 takes per stock per year), boat approach for remote biopsy (up to 450 per stock per year). For all species, import and export activities will include biological samples for genetic, health, and dietary studies. Non-target species listed under the Endangered Species Act (ESA) that may be taken incidentally include up to 10 ringed seals. Other non-target species include annual incidental takes of up to 10 bearded, harbor and spotted seals and up to 10 beluga whales potentially taken during large whale (bowhead, gray and humpback) research.

In compliance with the National Environmental Policy Act of 1969 (42

U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

BE-9: Quarterly Survey of Foreign Airline Operators' Revenues and Expenses in the United States

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Notice of reporting requirements.

SUMMARY: By this Notice, the Bureau of Economic Analysis (BEA), Department of Commerce is informing the public that it is conducting the mandatory survey titled Quarterly Survey of Foreign Airline Operators' Revenues and Expenses in the United States (BE-9). This survey is authorized by the International Investment and Trade in Services Survey Act.

SUPPLEMENTARY INFORMATION: This Notice constitutes legal notification to all United States persons (defined below) who meet the reporting requirements set forth in this Notice that they must respond to, and comply with, the survey. Reports are due 45 days after the end of each calendar quarter. This notice is being issued in conformance with the rule BEA issued in 2012 (77 FR 24373) establishing guidelines for collecting data on international trade in services and direct investment through notices, rather than through rulemaking. Additional information about BEA's collection of data on international trade in services and direct investment can be found in the 2012 rule, the International Investment and Trade in Services Survey Act (22 U.S.C. 3101 *et seq.*), and 15 CFR part 801. Survey data on international trade in services and direct

investment that are not collected pursuant to the 2012 rule are described separately in 15 CFR part 801. The BE-9 survey forms and instructions are available on the BEA Web site at www.bea.gov/ssb.
