

Abstract: Board staff uses this event-driven survey to obtain information specifically tailored to the Federal Reserve's supervisory, regulatory, operational, informational, and other responsibilities. Board staff is authorized to conduct the FR 3053 up to 20 times per year, although the survey may not be conducted that frequently. The frequency and content of the questions depends on changing economic, regulatory, or legislative developments as well as changes in the financial services industry itself. Respondents comprise individuals, households, and financial and non-financial businesses. The annual burden is estimated to be 6,550 hours, based on twenty surveys: Three quarterly consumer-focused, one quarterly financial institution study, and two semi-annual stakeholder-focused surveys. The surveys are used to gather qualitative and quantitative information directly from: Consumers (consumer surveys), financial institutions and other financial companies offering consumer financial products and services (financial institution survey), and other stakeholders, such as state or local agencies, community development organizations, brokers, appraisers, settlement agents, software vendors, and consumer groups (stakeholder surveys).

Board of Governors of the Federal Reserve System, May 11, 2015.

Robert deV. Frierson,
Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Make-Up Meetings of the Community Preventive Services Task Force (Task Force)

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice of meeting.

SUMMARY: The Centers for Disease Control and Prevention (CDC) announces the next meetings of the Community Preventive Services Task Force (Task Force). These meetings will be make-up sessions for the February 25-26, 2015 Task Force Meeting, which was cancelled due to inclement weather.

The Task Force is an independent, nonpartisan, nonfederal, and unpaid panel. Its members represent a broad

range of research, practice, and policy expertise in prevention, wellness, health promotion, and public health, and are appointed by the CDC Director. The Task Force was convened in 1996 by the Department of Health and Human Services (HHS) to identify community preventive programs, services, and policies that increase healthy longevity, save lives and dollars and improve Americans' quality of life. CDC is mandated to provide ongoing administrative, research, and technical support for the operations of the Task Force. During its meetings, the Task Force considers the findings of systematic reviews on existing research, and issues recommendations. Task Force recommendations provide information about evidence-based options that decision makers and stakeholders can consider when determining what best meets the specific needs, preferences, available resources, and constraints of their jurisdictions and constituents. The Task Force's recommendations, along with the systematic reviews of the scientific evidence on which they are based, are compiled in the *Guide to Community Preventive Services (Community Guide)*.

DATES: The meetings will be held on Tuesday, May 19, 2015 from 3 p.m. to 5 p.m. Eastern Time (ET) and Monday, June 1, 2015 from 3 p.m. to 5 p.m. ET. **ADDRESSES:** Due to the proximity to the June Task Force Meeting, which will be held in Atlanta, these make-up Task Force Meeting sessions will be held via Webcast and Conference Call. The Webcast will be broadcast from the Centers for Disease Control and Prevention's facility at 1600 Clifton Road, Atlanta, GA 30333. This will only be produced as a Webcast and Conference Call, therefore no accommodations will be provided for in-person participation. There will be a 100 line participation limit on the Conference Call.

Meeting Accessibility: This meeting is available to the public via Webcast and Conference Call. Individuals must RSVP by May 15, 2015 to receive the URL for the presentations via Webcast on the Internet. This includes both audio and video for the presentations. The audio only option will be presented via conference call with 100 lines available. To access the audio via Conference Call, dial 1-877-457-5728 and enter participation code 5412084 when prompted to do so.

FOR FURTHER INFORMATION CONTACT: For more information and to RSVP, contact Onslow Smith, The Community Guide Branch; Division of Public Health Information Dissemination; Center for

Surveillance, Epidemiology and Laboratory Services; Office of Public Health Scientific Services; Centers for Disease Control and Prevention, 1600 Clifton Road, MS-E-69, Atlanta, GA 30333, phone: (404) 498-6778, email: CPSTF@cdc.gov.

SUPPLEMENTARY INFORMATION:

Purpose: The purpose of the meeting is for the Task Force to consider the findings of systematic reviews and issue findings and recommendations. Task Force recommendations provide information about evidence-based options that decision makers and stakeholders can consider when determining what best meets the specific needs, preferences, available resources, and constraints of their jurisdictions and constituents.

Matters to be discussed: Topics are subject to change.

May 19th

- Cardiovascular Disease
- Vaccination

June 1st

- Cardiovascular Disease
- Health Equity
- Task Force Prioritization

Dated: May 8, 2015.

Ron A. Otten,

Acting Deputy Associate Director for Science, Centers for Disease Control and Prevention.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Community Living

Notice of Intent To Award a Single Source Non-Competing Program Expansion Supplement to the National Falls Prevention Resource Center

AGENCY: Administration for Community Living, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: The Administration for Community Living (ACL) announces its intent to award a single-source program expansion supplement to expand the work of the National Falls Prevention Resource Center (NFPRC). The goals of the NFPRC are to: Increase public education about the risks of falls and how to prevent them; and to support and stimulate the implementation and dissemination of evidence-based community programs and strategies that have been proven to reduce the incidence of falls among seniors. The purpose of this notice is to award

supplemental funds to expand work already underway by The National Council on Aging, the grantee who serves as the NFPRC.

DATES: May 14, 2015.

FOR FURTHER INFORMATION CONTACT: For further information or comments regarding this program expansion supplement, contact Shannon Skowronski, U.S. Department of Health and Human Services, Administration for Community Living, Office of Nutrition and Health Promotion Programs, One Massachusetts Avenue NW., Washington, DC 20001; telephone (202) 357-0149; email shannon.skowronski@acl.hhs.gov.

SUPPLEMENTARY INFORMATION:

Program Name: National Falls Prevention Resource Center.

Award Amount: \$300,000.

Project Period: The award will be issued for a project period to run concurrently with the existing grantee's budget period.

Award Type: Cooperative Agreement.

Statutory Authority: The statutory authority for this funding is contained in the Consolidated and Further Continuing Appropriations Act, 2015, Pub. L. 113-235, Div. G., Title II, § 219(a); Public Health Service Act, 42 U.S.C. 300u-2 (Community Programs) and 300u-3 (Information Programs); and the Patient Protection and Affordable Care Act, 42 U.S.C. 300u-11 (Prevention and Public Health Fund).

Catalog of Federal Domestic Assistance (CFDA) Number: 93.761.

Program Description: The Administration on Aging, within the U.S. Administration for Community Living, has been funding the National Falls Prevention Resource Center (NFPRC) since 2014. The NFPRC works to increase public education about the risks of falls and how to prevent them, and supports and stimulates the implementation and dissemination of evidence-based community programs and strategies that have been proven to reduce the incidence of falls among seniors. The purpose of the NFPRC is to help provide consumers and professionals with the resources they need to help prevent falls and decrease falls risk among older adults and adults with disabilities. The NFPRC provides a variety of resources to the field and to ACL/AoA falls prevention grantees to support the broader implementation, dissemination, and sustainability of evidence-based falls prevention programs. Examples of resources include fact sheets, issue briefs, webinars, program descriptions, best practices, and consultation of national experts on falls prevention. The NFPRC

also increases public awareness and educates consumers about falls as a preventable public health problem through consumer materials, such as the "6 Steps to Prevent a Fall" infographic and the facilitation of the annual Falls Prevention Awareness Day across the country. Professional education is provided through the NFPRC's Web site, collaboration with state falls prevention coalitions, partnerships with professional associations, presentations at professional conferences, and NFPRC-conducted meetings.

Justification: The purpose of this Supplement is to expand the National Falls Prevention Resource Center (NFPRC) activities in the following ways:

(1) Increase coordination and support for evidence-based falls prevention programs. NFPRC's current activities include providing support to the public and aging services network, including support to 14 two-year forward-funded projects that ACL awarded in FY2014 under HHS-2014-ACL-AOA-FP-0083 ("*Evidence-Based Falls Prevention Programs Financed Solely by 2014 Prevention and Public Health Funds (PPHF-2014)*"). When the NFPRC grant was initially awarded, ACL did not know if it would receive additional funding for more falls prevention grants. Subsequently, ACL received \$5 million in FY2015 funds and now anticipates awarding 10 to 14 additional grants. The NFPRC will extend its efforts to encompass activities and support involving these additional grantees, which will require the NFPRC to secure additional resources, including staffing. In addition, the NFPRC would be able to expand the scope of its planned FY2016 meeting, which will focus on developing successful strategies to implement and sustain falls prevention programs, as well as provide opportunities for networking among evidence-based program implementers.

(2) Follow-up from the National Falls Prevention Summit. The National Council on Aging hosted a National Falls Prevention Summit on April 30th, 2015. The purpose of this Summit was to update the 2005 Falls Free® National Action Plan, and to engage key stakeholders in developing steps to implement the revised Plan. The NFPRC will provide Summit follow-up to help move these efforts forward—working with national, state, and community partners to help prevent falls among older adults and adults with disabilities across the Nation.

Dated: May 6, 2015.

Kathy Greenlee,

Administrator and Assistant Secretary for Aging.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. FDA-2015-N-0001]

2015 International Society for Pharmaceutical Engineering/Food and Drug Administration/Product Quality Research Institute Quality Manufacturing Conference

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of meeting.

SUMMARY: The Food and Drug Administration's (FDA) Center for Drug Evaluation and Research, in cosponsorship with the International Society for Pharmaceutical Engineering (ISPE), is announcing a meeting entitled "2015 ISPE/FDA/PQRI Quality Manufacturing Conference," formerly known as the annually occurring "ISPE/FDA Current Good Manufacturing Practices Conference." The purpose of the meeting is to discuss the quality of global pharmaceutical manufacturing and the combined efforts of industry leaders and regulators to modernize manufacturing facilities and processes to ensure quality and compliance.

DATES: The meeting will be held on June 1 to 3, 2015, beginning at 7:30 a.m. on June 1 and ending at 4 p.m. on June 3.

ADDRESSES: The meeting will be held at The Mayflower Renaissance, 1127 Connecticut Ave. NW., Washington, DC 20036. The hotel's phone number is 202-347-3000.

FOR FURTHER INFORMATION CONTACT: John Bournas, President, International Society for Pharmaceutical Engineering, 600 North Westshore Blvd., Suite 900, Tampa, FL 33609, telephone: 1-813-960-2105, FAX: 1-813-264-2816, email: ASK@ispe.org.

SUPPLEMENTARY INFORMATION:

I. Background

The International Society for Pharmaceutical Engineering is a not-for-profit international association of more than 20,000 engineers, scientists, manufacturing, quality and company executives, their suppliers, and regulatory agencies involved in the development, manufacture, quality control, and regulation of
