POLICY JUSTIFICATION

Malaysia—AIM–120C7 AMRAAM Missiles

The Government of Malaysia has requested a possible sale of 10 AIM—120C7 Advanced Medium Range Air-to-Air Missiles (AMRAAM), missile containers, spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, site surveys and studies, and other related elements of logistical and program support. The estimated cost is \$21 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a key partner which has been, and continues to be, an important force for political stability and economic progress in Southeast Asia. This sale will increase Malaysia's interoperability with the United States, enhancing regularly scheduled joint exercises and training. It also ensures a sustained air-to-air capability for Malaysia's F/A–18D aircraft.

Malaysia will use this capability as a deterrent to regional threats and to strengthen its homeland defense. Malaysia, which already has AMRAAM missiles in its inventory, will have no difficulty absorbing these additional missiles into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

The principal contractor will be Raytheon Corporation in Tucson, Arizona. The purchaser has requested offsets. At this time, agreements are undetermined and will be defined in negotiations between the purchaser and contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Malaysia.

There is no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 15-16

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) Sensitivity of Technology:
1. The AIM–120C Advanced Medium
Range Air-to-Air Missile (AMRAAM) is
a radar guided missile featuring digital
technology and micro-miniature solid-

- state electronics. AMRAAM capabilities include look-down/shoot-down, multiple launches against multiple targets, resistance to electronic counter measures, and interception of high-flying and low-flying and maneuvering targets. The AMRAAM All Up Round is classified Confidential, major components and subsystems range from Unclassified to Confidential, and technical data and other documentation are classified up to Secret.
- 2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.
- 3. A determination has been made that the recipient country can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.
- 4. Åll defense articles and services listed in this transmittal have been authorized for release and export to Malaysia.

AFRICOM Partnership Forum (APF); Notice of Meeting; Correction

AGENCY: United States Africa Command (USAFRICOM), DoD.

ACTION: Notice of meeting; correction.

SUMMARY: On Thursday, April 2, 2015 (80 FR 17729), the Department of Defense published a notice titled Africa Partnership Forum (APF) Day; Notice of Meeting. Subsequent to the publication of that notice, the Department of Defense discovered several errors throughout the published notice. This notice corrects those errors.

DATES: This notice is effective May 14, 2015.

FOR FURTHER INFORMATION CONTACT:

Aaron Siegel, 571–372–0488.

$\begin{tabular}{ll} \textbf{SUPPLEMENTARY INFORMATION:} On page \\ 17729, make the following corrections: \\ \end{tabular}$

- 1. The subject of the notice is corrected to read as set forth above.
- 2. In the **SUMMARY** section, in the first column, in the second line, "(USAFRTCOM)" should read "(USAFRICOM)".

- 3. In the **SUMMARY** section, in the first column, in the third and fourth lines, "Africa Partnership Forum (APF) Day" should read "AFRICOM Partnership Forum."
- 4. In the **SUMMARY** section, in the second column, in the second and third lines, "Africa Partnership Forum Day" should read "AFRICOM Partnership Forum."
- 5. In the **FOR FURTHER INFORMATION CONTACT** section, in the 13th and 14th lines, "USAFRICOM Africa Partnership Forum (APF)" should read "AFRICOM Partnership Forum (APF)".
- 6. In the FOR FURTHER INFORMATION CONTACT section, in the second paragraph, the second sentence "The three-day, USAFRICOM APF 8–12 will be held in Stuttgart, Germany" should read "The three-day, APF June 8–12 will be held in Stuttgart, Germany."
- 7. In the **SUPPLEMENTARY INFORMATION** section, immediately following the fourth paragraph, add the following sentence: "Additional details about the agenda can be found at http://www.ncsi.com/africom/2015/index.php.

Dated: May 11, 2015.

Aaron Siegel,

36(b)(1) Arms Sales Notification

AGENCY: Defense Security Cooperation Agency, Department of Defense.

ACTION: Notice.

SUMMARY: The Department of Defense is publishing the unclassified text of a section 36(b)(1) arms sales notification. This is published to fulfill the requirements of section 155 of Public Law 104–164 dated July 21, 1996.

FOR FURTHER INFORMATION CONTACT: Ms. B. English, DSCA/DBO/CFM, (703) 601–3740

The following is a copy of a letter to the Speaker of the House of Representatives, Transmittals 15–21 with attached transmittal, policy justification, and Sensitivity of Technology.

Dated: May 8, 2015.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEFENSE SECURITY COOPERATION AGENCY

201 12TH STREET SOUTH, STE 203 ARLINGTON, VA 22202-5408

The Honorable John A. Boehner Speaker of the House U.S. House of Representatives Washington, DC 20515

ME 174 2015

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 15-21, concerning the Department of the Air Force's proposed Letter(s) of Offer and Acceptance to Singapore for defense articles and services estimated to cost \$130 million. After this letter is delivered to your office, we plan to issue a press statement to notify the public of this proposed sale.

Sincerely,

J. W. Rixey Vice Admiral, USN Director

Transmittal No. 15-21

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) Prospective Purchaser: Singapore

(ii) Total Estimated Value:

Major Defense Equipment * \$ 85 million Other \$ 45 million

TOTAL \$130 million

(iii) Description and Quantity or Quantities of Articles or Services under Consideration for Purchase: Singapore has requested a possible sale for the upgrade of 60 F–16C/D/D+ aircraft. The upgrades will address reliability, supportability, and combat effectiveness concerns associated with its aging F–16 fleet. Items included in the proposed sale are 50 Joint Helmet-Mounted Cueing System, 90 AN/APX–126 Advanced Identification Friend or Foe Interrogator/Transponders, 150 LAU–129 Missile Launchers, 8 KMU–572/B 500lbs Joint Direct Attack Munition (JDAM) Tail Kits, 9 KMU–556/B 2000lbs JDAM Tail Kits, 2 FMU–152 Munition

Fuze Units, 10 MK–82 500lbs Inert Bombs, 3 MK–84 2000lbs Inert Bombs, 12 LN–260 Embedded Global Positioning System/Inertial Navigation Systems (GPS/INS), 20 GBU–39/B Small Diameter Bombs (SDB), 92 Link-16 Multifunctional Information Distribution System/Low Volume Terminals (MIDS/LVT), 2 SDB Guided Test Vehicles, Computer Control Group and Tail Assembly for GBU–49, DSU– 38/40 Proximity Sensor for JDAM, GBU–39 Tactical training Round, ADU– 890/E and 891 Adaptor Group for Common Munitions Built-In-Test/ Reprogramming Equipment, Encryption/Decryption devise, MIDS/ LVT Ground Support Station, spare and repair parts, repair and return, support equipment, publications and technical documentation, personnel training and training equipment, tool and test equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of program and logistics support.

(iv) Military Department: Air Force

(QAW, Amendment #1)

(v) Prior Related Cases, if any: FMS case NCY-\$202M-27Mar10 FMS case QAW-\$1.39B-Pending

(vi) Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: None (vii) Sensitivity of Technology Contained in the Defense Article or

Defense Services Proposed to be Sold: See Attached Annex

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Singapore—F–16 Block 52 Upgrade Program

The Government of Singapore has requested a possible sale for the upgrade of 60 F-16C/D/D+ aircraft. The upgrades will address reliability, supportability, and combat effectiveness concerns associated with its aging F-16 fleet. This proposed sale contains additional requirements not previously identified in congressional notification 13-67. Items included in the proposed sale are 50 Joint Helmet-Mounted Cueing System, 90 AN/APX-126 Advanced Identification Friend or Foe Interrogator/Transponders, 150 LAU-129 Missile Launchers, 8 KMU-572/B 500lbs Joint Direct Attack Munition (JDAM) Tail Kits, 9 KMU-556/B 2000lbs JDAM Tail Kits, 2 FMU–152 Munition Fuze Units, 10 MK-82 500lbs Inert Bombs, 3 MK-84 2000lbs Inert Bombs. 12 LN-260 Embedded Global Positioning System/Inertial Navigation Systems (GPS/INS), 20 GBU-39/B Small Diameter Bombs (SDB), 92 Link-16 Multifunctional Information Distribution System/Low Volume Terminals (MIDS/LVT), 2 SDB Guided Test Vehicles, Computer Control Group and Tail Assembly for GBU-49, DSU-38/40 Proximity Sensor for JDAM, GBU-39 Tactical training Round, ADU-890/E and 891 Adaptor Group for Common Munitions Built-In-Test/ Reprogramming Equipment, Encryption/Decryption devise, MIDS/ LVT Ground Support Station, spare and

repair parts, repair and return, support equipment, publications and technical documentation, personnel training and training equipment, tool and test equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of program and logistics support. The estimated cost is \$130 million.

This proposed sale contributes to the foreign policy and national security of the United States by increasing the ability of the Republic of Singapore Air Force (RSAF) to support regional security. The proposed sale improves the security of a strategic partner which has been, and continues to be, an important force for political stability and economic progress in the Asia-Pacific region.

The proposed upgrade improves both the capabilities and reliability of the RSAF's aging fleet of F–16s. The improved capability, survivability, and reliability of the newly upgraded F–16s will enhance the RSAF's ability to defend its borders and contribute to coalition operations. The RSAF will have no difficulty absorbing this additional equipment and support into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be:
The Lockheed Martin Aeronautics
Company Fort Worth, Texas
BAE Advanced Systems Greenland,
New York

Boeing Integrated Defense Systems St Louis, Missouri

ITT Defense Electronics and Services McLean, Virginia

ITT Integrated Structures North Amityville, New York ITT Night Vision Roanoke, Virginia L3 Communications Arlington, Texas Lockheed Martin Missile and Fire

Control Dallas, Texas Lockheed Martin Simulation, Training,

and Support Fort Worth, Texas
Northrop-Grumman Electro-Optical
Systems Garland, Texas

Northrop-Grumman Election Systems Baltimore, Maryland

The Raytheon Company Goleta, California

Raytheon Missile Systems Tucson, Arizona

There are no known offset agreements proposed in connection with this potential sale.

Implementation of the sale will not require the assignment of any additional U.S. Government or contractor representatives to Singapore.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 15-21

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) Sensitivity of Technology:
1. The Joint Helmet Mounted Cueing
System (JHMCS) is a modified HGU-55/
P helmet that incorporates a visorprojected Heads-Up Display (HUD) to
cue weapons and aircraft sensors to air
and ground targets. This system projects
visual targeting and aircraft performance
information on the back of the helmet's
visor, enabling the pilot to monitor this

field of view through the cockpit canopy. This provides improvement for close combat targeting and engagement.

information without interrupting his

Hardware is Unclassified.

2. The AN/APX-126 Advanced Identification Friend or Foe (AIFF) is a system capable of transmitting and interrogation Mode 4 and/or Mode 5. It is Unclassified unless/until Mode 4 and/or Mode 4 operational evaluator parameters are loaded into the equipment. Classified elements of the AIFF system include software object code, operational characteristics, parameter, and technical data. Mode 4 and Mode 5 anti-jam performance specification/data, software source code, algorithms, and TEMPEST plans or reports will not be offered, released discussed, or demonstrated. The AN/ APX-126 classified up to Secret when mode 4 operational evaluator parameters are loaded into the classified element.

3. The Joint Direct Attack Munitions (JDAM) is a guidance tail kit that converts unguided free-fall bombs into accurate, adverse weather "smart" munitions. With the addition of a new tail section that contains an inertial navigational system and a global positioning system guidance control unit, IDAM improves the accuracy of unguided, general-purpose bombs in any weather condition. JDAM can be launched from very low to very high altitudes in a dive, toss and loft, or in straight and level flight with an on-axis or off-axis delivery. JDAM enables multiple weapons to be directed against single or multiple targets on a single pass. The JDAM All Up Round and all of its components are unclassified, technical data for JDAM is classified up to Secret.

4. The GBU–39/B Small Diameter Bomb is a 250 pound class weapon designed as a small, all weather, autonomous, conventional, air-to-ground, precision glide weapon able to strike fixed and stationary re-locatable targets from standoff range. The payload/warhead is a very effective multipurpose penetrating and blast fragmentation warhead coupled with a cockpit selectable electronic fuze. Its size and accuracy allow for an effective munition with less collateral damage. Sensitive and/or classified (up to Secret) elements of the proposed acquisition includes hardware, accessories, components, and associated software.

- 5. The Multifunctional Information Distribution System/Low Volume Terminal (MIDS/LVT) is an advanced Link-16 command, control, communications, and intelligence (C3I) system incorporating high-capacity, jam-resistant, digital communication links for exchange of near real-time tactical information, including both data and voice, among air, ground, and sea elements. The MIDS/LVT terminal hardware, publications, performance specifications, operational capability, parameters, vulnerabilities to countermeasures, and software documentation are classified Confidential. The classified information to be provided consists of that which is necessary for the operation, maintenance, and repair (through intermediate level) of the data link terminal, installed systems, and related software.
- 6. The MK–82/84 inert bombs are 500lbs/2000lbs practice general purpose bombs respectively designed to attack soft and intermediately protected targets. These bomb are used during program development, integration, and testing. The weapons are Unclassified.
- 7. If a technologically advanced adversary obtains knowledge of the specific hardware and software elements, the information could be used to develop countermeasures or equivalent systems that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.
- 8. A determination has been made that the recipient country can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.
- 9. All defense articles and services listed in this transmittal have been

authorized for release and export to Singapore.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD-2015-OS-0047]

Privacy Act of 1974; system of records

AGENCY: Office of the Secretary of Defense, DoD.

ACTION: Notice to delete a system of records.

SUMMARY: The Office of the Secretary of Defense is deleting a system of records notice from its existing inventory of record systems subject to the Privacy Act of 1974, as amended. The system of records notice is WUSU 18, Accounts Payable Records.

DATES: Comments will be accepted on or before June 15, 2015. This proposed action will be effective on the day following the end of the comment period unless comments are received which result in a contrary determination.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* Federal Rulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments.

* Mail: Department of Defense, Office of the Deputy Chief Management Officer, Directorate of Oversight and Compliance, Regulatory and Audit Matters Office, 9010 Defense Pentagon, Washington, DC 20301–9010.

Instructions: All submissions received must include the agency name and docket number for this Federal Register document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at http://www.regulations.gov as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Mrs. Cindy Allard at (571) 372–0461.

SUPPLEMENTARY INFORMATION: The Office of the Secretary of Defense systems of records notices subject to the Privacy Act of 1974, (5 U.S.C. 552a), as amended, have been published in the Federal Register and are available from the address in FOR FURTHER INFORMATION CONTACT or at the Defense Privacy and Civil Liberties Division Web site at http://dpcld.defense.gov/.

The Office of the Secretary of Defense proposes to delete one system of records notice from its inventory of record systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. The proposed deletion is not within the purview of subsection (r) of the Privacy Act of 1974 (5 U.S.C. 552a), as amended, which requires the submission of a new or altered system report.

Dated: May 11, 2015.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DELETION

WUSU 18

Accounts Payable Records (February 22, 1993, 58 FR 10920).

REASON:

Based on a recent review of WUSU 18, Accounts Payable Records, it has been determined that this system of records is covered by system of records notices T7801, myInvoice System (October 12, 2006, 71 FR 60121) and T7333, Integrated Automated Travel System (IATS) (April 23, 2010, 75 FR 21248).

Therefore, WUSU 18, Accounts Payable Records can now be deleted. [FR Doc. 2015–11656 Filed 5–13–15; 8:45 am] BILLING CODE 5001–06–P
