SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-75143; File No. SR-C2-2015-013]

Self-Regulatory Organizations; C2 Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Automated Improvement Mechanism Order Allocations

June 10, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 3, 2015, C2 Options Exchange, Incorporated (the "Exchange" or "C2") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 6.51 relating to the functionality of its Automated Improvement Mechanism ("AIM"). The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its AIM auction Rule 6.51 to provide that in instances where an Initiating Participant electronically submits an order that it represents as agent ("Agency Order") into an AIM Auction ("Auction"), which the Initiating Participant is willing to automatically match ("auto-match") as principal the price and size of all Auction responses up to an optional designated limit price and there is only one competing Participant at the final Auction price level, the Initiating Participant may be allocated up to fifty percent (50%) of the size of the order. The Exchange also proposes to add language in Rule 6.51 to more fully describe the manner in which any remaining contracts will be allocated at the conclusion of an Auction and make other non-substantive changes to Rule 6.51 to update terminology in the Rule. This is a competitive filing that is substantially and materially based on the price improvement auction rules of BOX Options Exchange, LLC ("BOX"),³ Nasdaq PHLX MKT ("PHLX"),⁴ and NYSE MKT LLC ("NYSE MKT").⁵ Also, the filing is, in all material respects, substantially similar to Chicago Board Options Exchange, Incorporated ("CBOE") filing, SR-CBOE-2015-043, which was recently filed with the Securities and Exchange Commission (the "Commission").⁶

Pursuant to Rule 6.51(b)(3), upon conclusion of an Auction, an Initiating Participant will retain certain priority and trade allocation privileges for both Agency Orders that the Initiating Participant seeks to cross at a single price ("single-price submissions") and Agency Orders that the Initiating Participant⁷ is willing to automatically

³ See BOX Rule 7150(h).

⁴ See PHLX Rule 1080(n).

⁵ See NYSE MKT Rule 9.71.1NY(c).

⁶ See Securities and Exchange Act Release No. 74864 (May 4, 2015), 80 FR 26601 (May 8, 2015) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Automated Improvement Mechanism Order Allocation) (SR-CBOE-2015-043); see also CBOE Rule 6.74A.

⁷ Rule 6.51(b)(3)(F) currently contains a typographical error in that it provides that if only one Market-Maker matches the Initiating Participant's single price submission then the Initiating Participant may be allocated up to 50% of the order. Under Rule 6.51(b)(1)(D), however, responses to RFRs may be submitted by all Participant that have subscribed to receive auction messages, not only Market-Makers. As described below, this typographical error would be changed upon the operability of the instant filing.
