

## 12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

## 13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

## 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a special local regulation issued in conjunction with a regatta or marine parade. This rule is categorically excluded from further review under paragraph 34(h) of Figure 2-1 of the Commandant Instruction. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

### List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

### PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

**Authority:** 33 U.S.C. 1233.

■ 2. Add a temporary § 100.T07-0340 to read as follows:

#### § 100.T07-0340 Special Local Regulations; Grand National Drag Boat Races, Atlantic Intracoastal Waterway, Bucksport, SC.

(a) *Regulated area.* The following regulated area is established as a special local regulation: All waters of the Atlantic Intracoastal Waterway encompassed within the following points; starting at point 1 in position 33° 39′ 11.46″ N, 079° 05′ 36.78″ W; thence west to point 2 in position 33° 39′ 12.18″ N, 079° 05′ 47.76″ W; thence south to point 3 in position 33° 38′ 39.48″ N 079° 05′ 37.44″ W; thence east

to point 4 in position 33° 38′ 42.3″ N 079° 05′ 30.6″ W; thence north back to origin. All coordinates are North American Datum 1983.

(b) *Definition.* The term “designated representative” means Coast Guard Patrol Commanders, including Coast Guard coxswains, petty officers, and other officers operating Coast Guard vessels, and Federal, state, and local officers designated by or assisting the Captain of the Port Charleston in the enforcement of the regulated areas.

(c) *Regulations.* (1) All persons and vessels, except those persons and vessels participating in the event, are prohibited from entering, transiting through, anchoring in, or remaining within the regulated area unless authorized by the Captain of the Port Charleston or a designated representative.

(2) Nonparticipant persons and vessels desiring to enter, transit through, anchor in, or remain within the regulated area may contact the Captain of the Port Charleston by telephone at (843) 740-7050, or a designated representative via VHF radio on channel 16 to seek authorization. If authorization to enter, transit through, anchor in, or remain within the regulated area is granted by the Captain of the Port Charleston or a designated representative, all persons and vessels receiving such permission must comply with the instructions of the Captain of the Port Charleston or a designated representative. (3) The Coast Guard will provide notice of the regulated area by Broadcast Notice to Mariners, Local Notice to Mariners, and on-scene designated representatives.

(d) *Enforcement date.* This rule will be enforced daily from 9 a.m. until 7 p.m. on June 20 and June 21, 2015.

Dated: May 29, 2015.

**G.L. Tomasulo,**

*Captain, U.S. Coast Guard, Captain of the Port Charleston.*

## DEPARTMENT OF HOMELAND SECURITY

### Coast Guard

#### 33 CFR Part 117

[Docket No. USCG-2015-0218]

RIN 1625-AA09

#### Drawbridge Operation Regulation; Niantic River, Niantic, CT

**AGENCY:** Coast Guard, DHS.

**ACTION:** Final rule.

**SUMMARY:** The Coast Guard is changing the operating schedule that governs the Amtrak Bridge, mile 0.0, at Niantic, Connecticut. The bridge owner, National Railroad Passenger Company (Amtrak), submitted a request to remove the special drawbridge operation regulation because the bridge now opens on signal at all times. It is expected that this change to the regulations will create efficiency in drawbridge operations while continuing to meet the reasonable needs of navigation.

**DATES:** This rule is effective June 19, 2015.

**ADDRESSES:** Documents mentioned in this preamble are part of docket USCG-2015-0218. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type in the docket number in the “Search.” box and click “SEARCH.” Click Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Ms. Judy Leung-Yee, Project Officer, First Coast Guard District Bridge Branch, 212-514-4330, [judy.k.leung-ye@uscg.mil](mailto:judy.k.leung-ye@uscg.mil). If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202-366-9826.

### SUPPLEMENTARY INFORMATION:

#### A. Regulatory History and Information

The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the Amtrak Bridge, that once required draw operations in 33 CFR 117.215(a), now opens on signal at all times; therefore, the regulation is no longer applicable and shall be removed from publication. It is unnecessary to publish an NPRM because this regulatory action does not

purport to place any restrictions on mariners but rather removes a restriction that has no further use or value.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective in less than 30 days after publication in the **Federal Register**. The bridge has been opening on signal at all times for many years and this rule merely requires an administrative change to the **Federal Register**, in order to omit a regulatory requirement that is no longer applicable or necessary. The removal of the regulation will not affect mariners currently operating on this waterway. Therefore, a delayed effective date is unnecessary.

#### A. Basis and Purpose

The Amtrak Bridge at mile 0.0, across the Niantic River, at Niantic, Connecticut, has a vertical clearance of 16 feet at mean high water and 19 feet at mean low water. The drawbridge operation regulations are listed at 33 CFR 117.215(a).

The waterway users are commercial and seasonal recreational vessels of various sizes.

The owner of the bridge, Amtrak, submitted a request to the Coast Guard to change the drawbridge operating regulations that presently allows the bridge to open on signal; except that, from April 1 through October 31, from 8 p.m. to 4 a.m. and from November 1 through March 31 from 6 p.m. to 6 a.m., the draw shall open on signal if at least one hour notice is given.

When a train is scheduled cross the bridge without stopping has entered the drawbridge block, a delay in opening the draw may occur until the train has cleared the block.

Under this final rule the Amtrak Bridge will open on signal at all times; however, the paragraph that refers to any delay in opening the draw should a train be within the drawbridge block shall remain in effect.

#### B. Discussion of Final Rule

The Amtrak Bridge has been opening on signal at all times for many years despite the requirement in the drawbridge operation regulation listed at 33 CFR 117.215(a) to provide a one hour advance notice at certain times of year.

The owner of the bridge requested the regulation for the Amtrak Bridge be changed to reflect the present operation of the bridge, to open on signal at all times.

#### C. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes or executive orders.

##### 1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. We believe that this rule is not a significant regulatory action because the changes to the regulation will remove the advanced notice burden for mariners at all times.

##### 2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The Coast Guard received no comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will have no effect on small entities for the following reason: The Amtrak Bridge will open on signal at all times.

##### 3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule, if the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain

about this rule or any policy or action of the Coast Guard.

##### 4. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

##### 5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

##### 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

##### 7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

##### 8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

##### 9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

##### 10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and

would not create an environmental risk to health or risk to safety that might disproportionately affect children.

#### 11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

#### 12. Energy Effects

This action is not a “significant energy action” under Executive order 13211, Actions Concerns Regulations That Significantly Affect Energy Supply, Distribution, or Use.

#### 13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

#### 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule simply promulgates the operating regulations or procedures for drawbridges. This rule is categorically excluded, under figure 2-1, paragraph (32)(e), of the Instruction.

Under figure 2-1, paragraph (32)(e), of the Instruction, an environmental analysis checklist and a categorical exclusion determination are not required for this rule.

#### List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

#### PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

**Authority:** 33 U.S.C. 499; 33 CFR 1.05-1; Department of Homeland Security Delegation No. 0170.1.

■ 2. In § 33 CFR 117.215, revise paragraph (a) to read as follows:

#### § 117.215 Niantic River.

(a) The draw of the Amtrak Bridge, mile 0.0, at Niantic, shall open on signal at all times. When a train scheduled to cross the bridge without stopping has entered the drawbridge block, a delay in opening the draw may occur until the train has cleared the block. The delay should not exceed 10 minutes.

#### DEPARTMENT OF HOMELAND SECURITY

#### Coast Guard

#### 33 CFR Part 117

[Docket No. USCG-2015-0521]

#### Drawbridge Operation Regulation; Isle of Wight (Sinepuxent) Bay, Ocean City, MD

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of deviation from drawbridge regulation.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the US Route 50 Bridge across the Isle of Wight (Sinepuxent) Bay, mile 0.5, at Ocean City, MD. The deviation is necessary to facilitate the Annual July 4th Fireworks show. This deviation allows the bridge to remain closed to navigation to accommodate heavy volumes of vehicular traffic following the fireworks show.

**DATES:** This deviation is effective from 9:30 p.m. to 11:30 p.m. on July 4, 2015.

**ADDRESSES:** The docket for this deviation, [USCG-2015-0521] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary

deviation, call or email Traci Whitfield, Bridge Management Assistant, Fifth Coast Guard District, telephone (757) 398-6629, email [Traci.G.Whitfield@uscg.mil](mailto:Traci.G.Whitfield@uscg.mil). If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone (202) 366-9826.

**SUPPLEMENTARY INFORMATION:** The Ocean City Police Department on behalf of the Maryland State Highway Administration, has requested a temporary deviation from the current operating regulation of the US Route 50 Bridge across Isle of Wight (Sinepuxent) Bay, mile 0.5, at Ocean City, MD. This temporary deviation allows the US Route 50 Bridge to remain closed to navigation from 9:30 p.m. to 11:30 p.m. on July 4, 2015. This is an additional 30 minutes before and after the normal operating schedule for this bridge during that time. This additional closure has been requested to ensure the safety of spectators that attend the annual Ocean City July 4th fireworks show and allow for the heavy volume of vehicular traffic that transit across the drawbridge. For these reasons, should inclement weather prevent the fireworks event from taking place as planned, this deviation permits the bridge to remain closed from 9:30 p.m. to 11:30 p.m. on July 5th, 2015.

The vertical clearance of this bascule bridge is 13 feet above mean high water in the closed position and unlimited in the open position. The current operating regulation is outlined at 33 CFR 117.559(c), which allows the bridge to remain closed to navigation from 10 p.m. to 11 p.m. to accommodate the annual July 4th fireworks show.

Vessels able to pass under the bridge in the closed position may do so at any time. The bridge will be able to open for emergencies and the Atlantic Ocean can be used as an alternate route for vessels with mast heights greater than 13 feet. The Coast Guard will also inform the users of the waterways, through our Local and Broadcast Notices to Mariners, of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
