

**DEPARTMENT OF TRANSPORTATION****Federal Motor Carrier Safety Administration**

[Docket No. FMCSA–2015–0050]

**Qualification of Drivers; Exemption Applications; Vision****AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.**ACTION:** Notice of denials.

**SUMMARY:** FMCSA announces its denial of 115 applications from individuals who requested an exemption from the Federal vision standard applicable to interstate truck and bus drivers and the reasons for the denials. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. The Agency has concluded that granting these exemptions does not provide a level of safety that will be equivalent to, or greater than, the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

**FOR FURTHER INFORMATION CONTACT:**

Charles A. Horan, III, Director, Carrier, Driver and Vehicle Safety Standards, (202) 366–4001, *fmcsamedical@dot.gov*, FMCSA, Department of Transportation, 1200 New Jersey Avenue SE., Room W64–224, Washington, DC 20590–0001. Office hours are from 8:30 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

**SUPPLEMENTARY INFORMATION:****Background**

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the Federal vision standard for a renewable 2-year period if it finds “such an exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such an exemption.” The procedures for requesting an exemption are set forth in 49 CFR part 381.

Accordingly, FMCSA evaluated 115 individual exemption requests on their merit and made a determination that these applicants do not satisfy the criteria eligibility or meet the terms and conditions of the Federal exemption program. Each applicant has, prior to this notice, received a letter of final disposition on the exemption request. Those decision letters fully outlined the basis for the denial and constitute final Agency action. The list published in this notice summarizes the Agency’s recent denials as required under 49 U.S.C. 31315(b)(4) by periodically

publishing names and reasons for denial.

### Federal Motor Carrier Safety Administration

[Docket No FMCSA-2015-0149]

#### Proposal for Future Enhancements to the Safety Measurement System (SMS)

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice; request for public comment.

**SUMMARY:** FMCSA provides notice and seeks comments on proposed enhancements to the Agency's Safety Measurement System (SMS) methodology. Consistent with its prior announcements, the Agency is proposing changes to the SMS that are the direct result of feedback from stakeholders and the Agency's ongoing continuous improvement efforts. The Agency is considering several changes in this notice and is asking for comment on these issues, and other possible areas

for consideration. This set of enhancements would include changing some of the SMS Intervention Thresholds to better reflect the Behavior Analysis and Safety Improvement Categories' (BASICs) correlation to crash risk, other changes to the Hazardous Materials (HM) Compliance BASIC, reclassifying violations for operating while out-of-service (OOS) to the Unsafe Driving BASIC, and adjustments to the Utilization Factor (UF). FMCSA will provide a preview of the proposed enhancements allowing motor carriers to see their own data, enforcement to see the data, and an opportunity for all to comment prior to implementation.

**DATES:** Comments must be received on or before July 29, 2015.

**ADDRESSES:** You may submit comments bearing the Federal Docket Management System (FDMS) Docket ID FMCSA-2015-0149 using any of the following methods:

- *Federal eRulemaking Portal:* Go to [www.regulations.gov](http://www.regulations.gov). Follow the on-line instructions for submitting comments.
- *Mail:* Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

###### *The SMS*

FMCSA first announced the implementation of the SMS in the **Federal Register** on April 9, 2010 (75 FR 18256) (Docket No. FMCSA-2004-18898). Since December 2010, FMCSA and its State partners have used SMS to identify and prioritize motor carriers for interventions, including automated warning letters and investigations. Additionally, SMS serves as a principal factor in roadside inspection selection software designed to recommend motor carriers for inspections. The SMS also provides the motor carrier industry, consumers, and other safety stakeholders with comprehensive safety performance data for many carriers. This information is updated monthly. SMS is available at the public Web site at <http://ai.fmcsa.dot.gov/SMS>. FMCSA announced improvements to the SMS in March 2012 (77 FR 18298) (Docket No. FMCSA-2012-0074), August 2012 (77 FR 52110) (Docket No. FMCSA-2004-18898), and July 2014 (79 FR 43117) (Docket No. FMCSA-2013-0392). As stated in the March 2012 notice, FMCSA plans to apply a systematic approach to making improvements to SMS, prioritizing, and releasing packages of improvements as needed.

FMCSA convened a Continuous Improvement Working Group (CIWG) comprised of Federal and State Enforcement personnel. This group used their diverse experiences to identify areas of needed improvement with SMS and the Compliance, Safety, Accountability interventions process. The CIWG recommendations are under review, and they informed the potential enhancements outlined below.

###### *List of Proposed Enhancements*

FMCSA is proposing the following enhancements:
