SUPPLEMENTARY INFORMATION:

I. Abstract

Nominations for Doug D. Nebert NSDI Champion of the Year Award are accepted from the public and private sector individuals, teams, organizations, and professional societies that are from the United States of America. Nomination packages include three sections: (A) Cover Sheet, (B) Summary Statement, and (C) Supplemental Materials. The cover sheet includes professional contact information. The Summary Statement is limited to two pages and describes the nominee's achievements in the development of an outstanding, innovative, and operational tool, application, or service capability that directly supports the spatial data infrastructures. Nominations may include up to 10 pages of supplemental information such as resume, publications list, and/or letters of endorsement. The award consists of a citation and plaque, which are presented to the recipient at an appropriate public forum by the FGDC Chair. The name of the recipient is also inscribed on a permanent plaque, which are displayed by the FGDC.

The Doug D. Nebert NSDI Champion of the Year Award honors a respected colleague, technical visionary, and recognized U.S. national leader in the establishment of spatial data infrastructures that significantly enhance the understanding of our physical and cultural world. The award is sponsored by the Federal Geographic Data Committee (FGDC) and its purpose is to recognize an individual or a team representing Federal, State, Tribal, regional, and (or) local government, academia, or non-profit and professional organization that has developed an outstanding, innovative, and operational tool, application, or service capability used by multiple organizations that furthers the vision of the National Spatial Data Infrastructure (NSDI).
