[Release No. 34-76663; File No. SR-BX-2015-078]

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Order Exposure

December 16, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 2, 2015, NASDAQ OMX BX, Inc. ("BX" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend BX Rules at Chapter VII, Section 12, entitled "Order Exposure Requirements," to make clear that BX PRISM is an exception to this rule.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxbx.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend BX Rules at Chapter VII, Section 12, entitled "Order Exposure Requirements" to specifically state that orders entered into BX PRISM are not subject to the rule at Section 12. Recently, the Exchange's BX PRISM rule was approved by the Commission.³ BX PRISM is a price-improvement mechanism on the Exchange's options platform, in which a BX Participant (an "Initiating Participant") may electronically submit for execution a two-sided paired order, where one side is an order it represents as agent on behalf of a Public Customer, Professional customer, broker-dealer, or any other entity ("PRISM Order") and the other side is principal interest or any other order it represents as agent (an "Initiating Order") provided that the member first exposes the PRISM Order in the PRISM Auction ("Auction") pursuant to the Rule. This mechanism is

an exception to the general rule in Chapter VII, Section 12, which requires BX Options Participants to expose principal orders they represent as agent for at least one (1) second prior to receiving an agency order that is executable against such bid or offer. The Exchange notes that other options exchanges have similar order exposure exceptions.⁴

The Exchange is also proposing certain minor technical amendments to the rule to remove the word “Commentary” and re-letter the remainder of the rule. The Exchange is also deleting a reserved section. The Exchange believes amending Chapter VII, Section 12 will highlight this exception concerning BX PRISM and also conform BX Rules for internal consistency.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by explicitly stating an exception to the general rule regarding the requirements to expose certain principal orders which are represented as agent.

The Exchange’s proposal will make clear that BX PRISM is an exception to the general rule, which requires BX Participants to expose principal orders they represent as agent for at least one (1) second prior to receiving an agency order that is executable against such bid or offer. BX PRISM permits Participants to enter paired orders without first exposing those orders for one second. The Exchange believes that providing an exception to the order exposure rule for orders entered into BX PRISM is consistent with the Act, because BX PRISM’s auction has an auction period which is no less than one hundred milliseconds and no more than one second. Only one Auction may be conducted at a time in any given series. Once commenced, an Auction may not be cancelled. To initiate the Auction, the Initiating Participant entering the order into BX PRISM must mark the PRISM Order for Auction processing, and specify either: (a) A single price at

which it seeks to execute the PRISM Order (a “stop price”); (b) that it is willing to automatically match as principal or as agent on behalf of an Initiating Order the price and size of all PRISM Auction Notifications (“PAN”) responses, and trading interest (“auto-match”) in which case the PRISM Order will be stopped at the NBBO on the Initiating Order side; or (c) that it is willing to either: (i) Stop the entire order at a single stop price and auto-match PAN responses and trading interest at a price or prices that improve the stop price to a specified price (a “No Worse Than” or “NWT” price); (ii) stop the entire order at a single stop price and auto-match all PAN responses and trading interest at or better than the stop price; or (iii) stop the entire order at the NBBO on the Initiating Order side, and auto-match PAN responses and trading interest at a price or prices that improve the stop price up to the NWT price.⁷ Initiating Participants entering orders into BX PRISM are required to guarantee an execution at the NBBO or at a better price, and are subject to market risk while their BX PRISM Order is exposed to other BX Participants in this competitive auction.

The proposed amendment will amend the current order exposure rule to except orders entered into BX PRISM from the rule. The Exchange believes that this amendment will protect investors and the public interest by providing additional information in the Rules concerning exceptions.

B. Self-Regulatory Organization’s Statement on Burden on Competition

BX does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes do not impose any burden on competition, rather, the amendment provides an exception to the order exposure rule for orders entered into BX PRISM for all Participants. The Exchange believes that this exception will further inform BX Participants of their obligations with respect to order exposure. Initiating Participants entering orders into BX PRISM are subject to market risk while their PRISM Order is exposed to other BX Participants in this competitive auction.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest; does not impose any significant burden on competition; and by its terms does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)⁸ of the Act and Rule 19b-4(f)(6) thereunder.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: Necessary or appropriate in the public interest; for the protection of investors; or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the pilot program in Commentary .02 of Exchange Rule 1059, Accommodation Transactions, which sets forth specific procedures for engaging in cabinet trades, to allow the Commission adequate time to consider permanently allowing transactions to take place on the Exchange in open outcry at a price of at least \$0 but less than \$1 per option contract.³ Prior to the pilot program, Rule 1059 required that all orders placed in the cabinet were assigned priority based upon the sequence in which such orders were received by the specialist. All closing bids and offers would be submitted to the specialist in writing, and the specialist effected all closing cabinet transactions by matching such orders placed with him. Bids or offers on orders to open for the accounts of customer, firm, specialists and Registered Options Traders ("ROTs") could be made at \$1 per option contract, but such orders could not be placed in and must yield to all orders in the cabinet. Specialists effected all cabinet transactions by matching closing purchase or sale orders which were placed in the cabinet or, provided there was no matching closing purchase or sale order in the cabinet, by matching a closing purchase or sale order in the cabinet with an opening purchase or sale order.⁴ All cabinet transactions were reported to the Exchange following the close of each business day.⁵ Any (i) member, (ii) member organization, or (iii) other person who was a non-member broker or dealer and who directly or indirectly controlled, was controlled by, or was under common control with, a member or member organization (any such other person being referred to as an affiliated person) could effect any transaction as principal in the over-the-counter market in any class of option contracts listed on the Exchange for a premium not in excess of \$1.00 per contract.

On December 30, 2010, the Exchange filed an immediately effective proposal

³ Cabinet or accommodation trading of option contracts is intended to accommodate persons wishing to effect closing transactions in those series of options dealt in on the Exchange for which there is no auction market.

⁴ Specialists and ROTs are not subject to the requirements of Rule 1014 in respect of orders placed pursuant to this Rule. Also, the provisions of Rule 1033(b) and (c), Rule 1034 and Rule 1038 do not apply to orders placed in the cabinet. Cabinet transactions are not reported on the ticker.
