General description of report: Section 2A of the Federal Reserve Act (“FRA”) requires that the Federal Reserve Board and the Federal Open Market Committee maintain long run growth of the monetary and credit aggregates commensurate with the economy’s long run potential to increase production, so as to promote effectively the goals of maximum employment, stable prices, and moderate long-term interest rates. (12 U.S.C. 225a). Under section 12A of the FRA, the Federal Open Market Committee is required to implement regulations relating to the open market operations conducted by Federal Reserve Banks with a view to accommodating commerce and business and with regard to their bearing upon the general credit situation of the country. (12 U.S.C. 263). Section 14 of the FRA authorizes the Reserve Banks, under rules and regulations prescribed by the Board, to engage in open market operations. (12 U.S.C. 355–59).

Abstract: The Federal Reserve proposes to conduct, with revision, the second stage of a two-stage survey of finance companies that is conducted every five years (the “quinquennial”). The second stage of the quinquennial is the FR 3033s. The first stage of the quinquennial, the Census of Finance Companies (FR 3033p) was in May 2015 sent to all companies that met the criteria developed to identify the potential universe of domestic finance companies. From the universe of finance companies determined by the FR 3033p, a stratified random sample of 3,000 finance companies has been drawn for the FR 3033s. The survey will be sent on March 21, 2016, and will collect detailed information, as of December 31, 2015, from both assets and liability sides of the respondents’ balance sheets, along with income and expenses, the number of accounts and offices, and the small-business credit they extend, if any. The data collected from this voluntary survey will be used for two purposes: To benchmark the consumer and business finance series collected on the monthly Domestic Finance Company Report of Consolidated Assets and Liabilities (FR 2248; OMB No. 7100–0005) and to increase the Federal Reserve’s understanding of an important part of the financial system.

Current Actions: Board staff proposes to revise the FR 3033s by adding a section to solicit information from the finance companies on income and

expenses, number of accounts and offices, and small business credit they extend.

Board of Governors of the Federal Reserve System, January 7, 2016.

Robert deV. Frierson,

Secretary of the Board.

Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an agreement containing a consent order from Henry Schein Practice Solutions, Inc. ("Henry Schein").

¹In particular, the written request for confidential treatment that accompanies the comment must include the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. See FTC Rule 4.9(c), 16 CFR 4.9(c).

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement or make final the agreement's proposed order.

Henry Schein develops and sells dental practice management software, including the Dentrix G5 office management software for dental practices. The Commission's proposed complaint alleges that Henry Schein violated Section 5 of the Federal Trade Commission Act by making false representations to consumers from January 2012 through January 2014 about the security of its Dentrix G5 software. Specifically, the Commission's proposed complaint alleges that Henry Schein falsely represented that Dentrix G5 provides industry-standard encryption of patient data and helps dentists meet the security requirements of the Health Insurance Portability and Accountability Act ("HIPAA"). The Commission's proposed complaint alleges that, in truth and in fact, Dentrix G5 used technology that was less secure than industry-standard encryption, and was not capable of helping dentists protect patient data as required by HIPAA.

The proposed order contains provisions designed to prevent Henry Schein from engaging in the same or similar acts or practices in the future.

Part I of the proposed order prohibits Henry Schein from misrepresenting: (A) Whether or to what extent any product or service designed to collect or store personal information offers industry-standard encryption; (B) the ability of the product or service to help customers meet regulatory obligations related to privacy or security; or (C) the extent to which a product or service maintains the privacy, security, confidentiality, and integrity of personal information.

Part II of the proposed order requires Henry Schein to notify affected customers that Dentrix G5 uses a less complex encryption algorithm to protect patient data than Advanced Encryption Standard, which is recommended as an industry standard by the National Institute of Standards and Technology. Part II provides for individual notice letters to affected customers and the creation of a toll-free telephone number and email address dedicated to responding to inquiries about the order.

Parts III through V of the proposed order require Henry Schein to pay \$250,000 into a fund to be administered

by the Commission. If the Commission decides that direct redress to affected customers is impracticable or money remains after redress is completed, the Commission may apply any remaining money for such other relief (including consumer information remedies) as it determines is reasonably related to Henry Schein's practices alleged in the proposed complaint. Any money not used is to be deposited to the U.S. Treasury.

Parts VI, VII, and IX of the proposed order are reporting and compliance provisions. Part VI requires that for five (5) years after the last date of dissemination of any representation covered by the proposed order, Henry Schein will maintain and upon request make available certain materials, including: (A) All advertisements and promotional materials containing the representation; (B) all materials that were relied upon in disseminating the representation; and (C) all tests, reports, studies, surveys, demonstrations, or other evidence in its possession or control that contradict, qualify, or call into question the representation, or the basis relied upon for the representation. Part VII is an order distribution provision that requires Henry Schein to provide the order to current and future principals, officers, directors, and managers, as well as current and future employees having managerial responsibilities with respect to the subject matter of the order. Part IX requires Henry Schein to submit a compliance report within sixty (60) days after service of the order, and additional compliance reports within ten (10) days of written notice from the Commission. Part VIII of the proposed order requires Henry Schein to notify the Commission at least thirty (30) days prior to any corporate changes that may affect compliance obligations. Part X is a provision "sunsetting" the order after 20 years, with certain exceptions.

The purpose of this analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the complaint or proposed order, or to modify in any way the proposed order's terms.

By direction of the Commission.

Donald S. Clark

Secretary.
