Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. This regulation is within the scope of that authority as it establishes controlled airspace at Lakota Municipal Airport, Lakota, ND.

History

On June 8, 2016, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to establish Class E Airspace extending upward from 700 feet above the surface at Lakota Municipal Airport, Lakota, ND (81 FR 36815) Docket No. FAA-2016-6115. Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exists that warrant preparation of an environmental assessment.

Investigation of Claims of Evasion of Antidumping and Countervailing Duties; Correction

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security; Department of the Treasury.

ACTION: Interim final rule; correction.

SUMMARY: U.S. Customs and Border Protection (CBP) published an interim final rule on August 22, 2016, in the *Federal Register*, concerning investigation of claims of evasion of antidumping and countervailing duties. In accordance with section 421 of the Trade Facilitation and Trade Enforcement Act of 2015, the rule

amended the U.S. Customs and Border Protection regulations to set forth procedures for CBP to investigate claims of evasion of antidumping and countervailing duty orders. That document inadvertently omitted a comma in the definition of “evade or evasion.” This document corrects the text in that definition.

DATES: This correction is effective September 8, 2016.

SUPPLEMENTARY INFORMATION: On August 22, 2016, U.S. Customs and Border Protection (CBP) published in the *Federal Register* (81 FR 56477) an Interim Final Rule (CBP Dec. 16–11) document, entitled “Investigation of Claims of Evasion of Antidumping and Countervailing Duties.” As published, the interim final regulation contains an error in the text of the definition of “evade or evasion” in § 165.1. The definition should be the same as the statutory definition found in section 421 of the Trade Facilitation and Trade Enforcement Act of 2015 (19 U.S.C. 1517(a)(5)), but a comma was inadvertently omitted.

The effective date for the interim final rule (CBP Dec. 16–11), published August 22, 2016 (81 FR 56477), remains August 22, 2016. Written comments must be submitted on or before October 21, 2016.
