Request to Withdraw a Hearing Request; Request to Withdraw an Appeals Council Request for Review; and Administrative Review Process for Adjudicating Initial Disability Claims—20 CFR parts 404, 405, and 416—0960–0710. Claimants have a statutory right under the Act and current regulations to apply for Social Security Disability

Insurance (SSDI) benefits or SSI payments. SSA collects information at each step of the administrative process to adjudicate claims fairly and efficiently. SSA collects this information to establish a claimant’s right to administrative review and determine the severity of the claimant’s alleged impairments. SSA uses the information we collect to determine entitlement or continuing eligibility to SSDI benefits or SSI payments, and to

enable appeals of these determinations. In addition, SSA collects information on Forms HA–85 and HA–86 to allow claimants to withdraw a hearing request or an Appeals Council review request. The respondents are applicants for Title II SSDI or Title XVI SSI benefits; their appointed representatives; legal advocates; medical sources; and schools.

Type of Request: Revision of an OMB-approved information collection.

SURFACE TRANSPORTATION BOARD

[Docket No. EP 552 (Sub-No. 20)]

Railroad Revenue Adequacy—2015 Determination

AGENCY: Surface Transportation Board.
ACTION: Notice of decision.

SUMMARY: On September 8, 2016, the Board served a decision announcing the 2015 revenue adequacy determinations for the Nation’s Class I railroads. Four carriers, BNSF Railway Company, Grand Trunk Corporation, Soo Line Corporation, and Union Pacific Railroad Company, were found to be revenue adequate.

DATES: *Effective Date:* This decision is effective on September 8, 2016.

FOR FURTHER INFORMATION CONTACT: Pedro Ramirez, (202) 245–0333. Assistance for the hearing impaired is available through Federal Information Relay Service (FIRS) at (800) 877–8339.

SUPPLEMENTARY INFORMATION: The Board is required to make an annual determination of railroad revenue adequacy. A railroad is considered revenue adequate under 49 U.S.C. 10704(a) if it achieves a rate of return on net investment (ROI) equal to at least the current cost of capital for the railroad industry for 2015, determined to be 9.61% in *Railroad Cost of Capital—2015*, EP 558 (Sub-No. 19) (STB served August 5, 2016). This revenue adequacy standard was applied to each Class I railroad. Four carriers, BNSF Railway Company, Grand Trunk Corporation, Soo Line Corporation, and Union Pacific Railroad Company, were found to be revenue adequate for 2015.

The decision in this proceeding is posted on the Board’s Web site at *www.stb.dot.gov*. Copies of the decision may be purchased by contacting the Office of Public Assistance, Governmental Affairs, and Compliance at (202) 245–0238. Assistance for the hearing impaired is available through FIRS at (800) 877–8339.

Decided: September 6, 2016.

By the Board, Chairman Elliott, Vice Chairman Miller, and Commissioner Begeman.

Marline Simeon,
Clearance Clerk.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2012–0032]

Commercial Driver’s License Standards: Application for Exemption; Daimler Trucks North America (Daimler)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition; grant of application for exemption.

SUMMARY: FMCSA announces its decision to grant Daimler Trucks North America’s (Daimler) application for an exemption renewal for one Daimler driver to drive commercial motor vehicles (CMV) in the United States without possessing a commercial driver’s license (CDL) issued by one of the States. Dr. Wolfgang Bernhard is the

head of the Daimler Trucks and Buses Division who will test-drive Daimler vehicles on U.S. roads to better understand product requirements for these vehicles in “real world” environments and verify results. He holds a valid German commercial license but lacks the U.S. residency necessary to obtain a CDL issued by one of the States. FMCSA believes that the process for obtaining a German-issued CDL is comparable to or is effective as the U.S. CDL requirements and ensures that this driver will likely achieve a level of safety that is equivalent to or greater than the level of safety that would be obtained in the absence of the exemption.

DATES: This exemption is effective August 29, 2016, and expires August 28, 2018.

Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to www.regulations.gov and insert the docket number, “FMCSA-2012-0032 in the “Keyword” box and click “Search.” Next, click the “Open Docket Folder” button and choose the document to review. If you do not have access to the Internet, you may view the docket online by visiting the Docket Management Facility in Room W12-140

on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., e.t., Monday through Friday, except Federal holidays.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews the safety analyses and the public comments, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reason for the grant or denial, and, if granted, the specific person or class of persons receiving the exemption, and the regulatory provision or provisions from which exemption is granted. The notice must also specify the effective period of the exemption (up to 5 years), and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

Section 5206(a)(3) of the “Fixing America’s Surface Transportation Act,” (FAST Act), [Pub. L.114-94, 129 Stat.1312, 1537, Dec.4, 2015] amended 49 U.S.C. 31315(b) by adding a new paragraph (2) which permits exemptions for no longer than 5 years from their dates of inception, instead of the previous 2 years. This statutory provision will be codified in 49 CFR part 381 in a forthcoming rulemaking.

III. Request for Exemption

Daimler requests a renewal of its exemption from 49 CFR 383.23, which prescribes licensing requirements for drivers operating CMVs in interstate or intrastate commerce, for the next 5 years for the chief executive of its Trucks and Buses Division. Dr. Wolfgang Bernhard, holds a valid German commercial license, but is unable to obtain a CDL in any of the U.S. States due to residency requirements. A copy of the request for renewal, dated February 22 and 23, 2016, is in the docket identified at the beginning of this notice.

FMCSA initially granted an exemption to Dr. Bernhard on August

29, 2014 (79 FR 51641). This exemption was effective August 29, 2014, and expires August 29, 2016. Detailed information about the qualifications and experience of Dr. Bernhard was provided by Daimler in its original application, a copy of which is in the docket. Renewal of the exemption will enable Dr. Bernhard to operate CMVs in interstate or intrastate commerce to support Daimler field tests designed to meet future vehicle safety and environmental requirements and to promote technological advancements in vehicle safety systems and emissions reductions. Dr. Bernhard needs to drive Daimler vehicles on public roads to better understand “real world” environments in the U.S. market. According to Daimler, Dr. Bernhard will typically drive for no more than 6 hours per day for 2 consecutive days, and that 10 percent of the test driving will be on two-lane state highways, while 90 percent will be on interstate highways. The driving will consist of no more than 200 miles per day, for a total of 400 miles during a two-day period on a quarterly basis. He will in all cases be accompanied by a holder of a U.S. CDL who is familiar with the routes to be traveled.

Daimler has explained in prior exemption requests that the German knowledge and skills tests and training program ensure that Daimler’s drivers operating under the exemption will achieve a level of safety that is equivalent to, or greater than, the level of safety obtained by complying with the U.S. requirement for a CDL. Furthermore, according to Daimler, Dr. Bernhard is familiar with the operation of CMVs worldwide.

IV. Method To Ensure an Equivalent or Greater Level of Safety

FMCSA has previously determined that the process for obtaining a German commercial license is comparable to, or as effective as, the requirements of part 383, and adequately assesses the driver’s ability to operate CMVs in the U.S. Since 2012, FMCSA has granted Daimler drivers similar exemptions [May 25, 2012 (77 FR 31422); July 22, 2014 (79 FR 42626); March 27, 2015 (80 FR 16511); October 5, 2015 (80 FR 60220); December 7, 2015 (80 FR 76059); December 21, 2015 (80 FR 79410)].

V. Public Comments

On March 28, 2016, FMCSA published notice of this application and requested public comment (81 FR 17242). No comments were submitted.

VI. FMCSA Decision

Based upon the merits of this application, including Dr. Bernhard's extensive driving experience and safety record, and the fact that he has successfully completed the requisite training and testing to obtain a German commercial license, FMCSA concluded that the exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption, in accordance with § 381.305(a).

VII. Terms and Conditions for the Exemption

FMCSA grants Daimler and Dr. Wolfgang Bernhard an exemption from the CDL requirement in 49 CFR 383.23 to allow Dr. Bernhard to drive CMVs in this country without a U.S. State-issued CDL, subject to the following terms and conditions: (1) The driver and carrier must comply with all other applicable provisions of the Federal Motor Carrier Safety Regulations (FMCSRs) (49 CFR parts 350–399); (2) the driver must be in possession of the exemption document and a valid German commercial license; (3) the driver must be employed by and operate the CMV within the scope of his duties for Daimler; (4) at all times while operating a CMV under this exemption, the driver must be accompanied by a holder of a U.S. CDL who is familiar with the routes traveled; (5) Daimler must notify FMCSA in writing within 5 business days of any accident, as defined in 49 CFR 390.5, involving this driver; and (6) Daimler must notify FMCSA in writing if this driver is convicted of a disqualifying offense under § 383.51 or § 391.15 of the FMCSRs.

In accordance with 49 U.S.C. 31315 and 31136(e), the exemption will be valid for 5 years unless revoked earlier by the FMCSA. The exemption will be revoked if (1) Dr. Bernhard fails to comply with the terms and conditions of the exemption; (2) the exemption results in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would be inconsistent with the goals and objectives of 49 U.S.C. 31315 and 31136.

VIII. Preemption

In accordance with 49 U.S.C. 31315(d), as implemented by 49 CFR 381.600, during the period this exemption is in effect, no State shall enforce any law or regulation applicable to interstate or intrastate commerce that conflicts with or is inconsistent with this exemption with respect to a firm or person operating under the exemption.

Issued on: August 31, 2016.

Administrator.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2012–0032]

Commercial Driver's License Standards: Application for Exemption; Daimler Trucks North America (Daimler)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition; grant of application for exemption.

SUMMARY: FMCSA announces its decision to grant an exemption to Daimler Trucks North America (Daimler) for one of its commercial motor vehicle (CMV) drivers. Daimler requested an exemption from the Federal requirement to hold a U.S. commercial driver's license (CDL) for Mr. Henning Oeltjenbruns, a general manager of the Daimler Truck Plant in Cleveland, NC. Mr. Oeltjenbruns wants to test drive Daimler vehicles on U.S. roads to better understand product requirements in “real world” environments, and verify results. Daimler believes the requirements for a German commercial license ensure that operation under the exemption will likely achieve a level of safety equivalent to or greater than the level that would be obtained in the absence of the exemption.

DATES: This exemption is effective September 12, 2016 through September 12, 2018.
