

SUPPLEMENTARY INFORMATION:**Background**

For a complete description of the events that followed the publication of the *Preliminary Rescission*,¹ see the Issues and Decision Memorandum.² The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS"). ACCESS is available to registered users at <http://access.trade.gov> and in the Department's Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Scope of the Order

The merchandise covered by the Order is calcium hypochlorite, regardless of form (e.g., powder, tablet (compressed), crystalline (granular), or in liquid solution), whether or not blended with other materials, containing at least 10% available chlorine measured by actual weight. Calcium hypochlorite is currently classifiable under the subheading 2828.10.0000 of the Harmonized Tariff Schedule of the United States.³

Analysis of Comments Received

All issues raised in the case briefs by parties are addressed in the Issues and Decision Memorandum.⁴ A list of the issues which parties raised is attached to this notice as an Appendix.

Final Rescission of Jingmei New Shipper Review

In the *Preliminary Rescission*, we preliminarily determined to rescind this

review because we requested but were not provided sufficient information to conduct a *bona fide* analysis as required by the statute, and accordingly cannot determine whether the new shipper sales of Jingmei are *bona fide*. Based on the Department's complete analysis of all of the information and comments on the record of this review, we make no changes to the *Preliminary Rescission*. Accordingly, we have determined to rescind this NSR with respect to Jingmei. For a complete discussion, see the Preliminary *Bona Fide* Memo⁵ and the Issues and Decision Memorandum.

Assessment

As the Department is rescinding this NSR, we have not calculated a company-specific dumping margin for Jingmei.

Cash Deposit Requirements

Effective upon publication of this notice of the final rescission of the NSR of Jingmei, the Department will instruct U.S. Customs and Border Protection to discontinue the option of posting a bond or security in lieu of a cash deposit for entries of subject merchandise from Jingmei. Because we did not calculate a dumping margin for Jingmei, Jingmei continues to be part of the PRC-wide entity. The cash deposit rate for the PRC-wide entity is 200.90 percent.⁶ The current cash deposit requirements shall remain in effect until further notice.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

The Department is issuing and publishing these results in accordance

with sections 751(a)(2)(B) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.214 and 19 CFR 351.221(b)(5).

Dated: November 14, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION: The Bureau is seeking public comment through this Request for Information (RFI) to better understand the consumer benefits and risks associated with market developments that rely on access to consumer financial account and account-related information. This RFI generally refers to such information as “consumer financial account data.”¹ It further refers to consumer access to such information, including access by entities acting with consumer permission, as “consumer-permissioned” access. The RFI also labels account information that is obtained via consumer-permissioned access as “consumer-permissioned account data.”

¹ The RFI sometimes distinguishes “consumer financial account data” from “non-financial” consumer account data, the latter being held by companies that offer consumers non-financial products and services. The RFI uses the term “consumer account data” to refer collectively to both kinds of consumer account data, financial and non-financial.
