

not unreasonably discriminatory because they apply equally to all Members submitting orders for the account(s) of Professionals. All similarly situated Professional orders are subject to the same rebate schedule, and access to the Exchange is offered on terms that are not unfairly discriminatory. In addition, the proposed changes to the Program are equitable and not unfairly discriminatory because, while only Professional order flow qualifies for the Program, an increase in Professional order flow will bring greater volume and liquidity, which benefit all market participants by providing more trading opportunities and tighter spreads. Similarly, offering increasing credits to Members for submitting and executing higher percentages of total national customer volume (increased credit rates at increased volume tiers) is equitable and not unfairly discriminatory because such increased rates and tiers encourage Members to direct increased amounts of Professional contracts to the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule change would increase both intermarket and intramarket competition by incenting Members to direct orders for the account(s) of Professionals to the Exchange, which should enhance the quality of the Exchange's markets and increase the volume of contracts traded here. To the extent that this purpose is achieved, all the Exchange's market participants should benefit from the improved market liquidity. Enhanced market quality and increased transaction volume that results from the anticipated increase in order flow directed to the Exchange will benefit all market participants and improve competition on the Exchange. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and to attract order flow to the Exchange. The Exchange believes that the proposed rule change reflects this competitive environment because it reduces the Exchange's fees through rebates in a manner that encourages market participants to direct their customer order flow, to provide liquidity, and to attract additional

transaction volume to the Exchange. Given the robust competition for volume among options markets, many of which offer the same products, implementing a volume increase based rebate program to attract order flow like the one being proposed in this filing is consistent with the above-mentioned goals of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,¹⁴ and Rule 19b-4(f)(2)¹⁵ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-80186; File No. SR-Bats EDGX-2017-12]

Self-Regulatory Organizations; Bats EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Fees for Use on Bats EDGX Exchange, Inc.

March 9, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 28, 2017, Bats EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Exchange has

¹⁶ 17 CFR 200.30-3(a)(12).

¹⁵ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

¹⁴ 15 U.S.C. 78s(b)(3)(A)(ii).

¹⁵ 17 CFR 240.19b-4(f)(2).

designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend the fee schedule applicable to Members⁵ and non-members of the Exchange pursuant to EDGX Rules 15.1(a) and (c).

The text of the proposed rule change is available at the Exchange's Web site at www.bats.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its fee schedule to remove the Single MPID Cross-Asset Tier under footnote 1, Add Volume Tiers. The Exchange determines the liquidity adding rebate that it will provide to Members using the Exchange's tiered pricing structure. Currently, the Exchange offers enhanced rebates under ten Add Volume Tiers set forth in footnote 1 of the fee schedule

for orders that yield fee codes B,⁶ V,⁷ Y,⁸ 3,⁹ and 4.¹⁰ Under such pricing structure, a Member will receive a rebate between \$0.0025 and \$0.0033 per share executed, depending on the tier for which such Member qualifies. The Exchange now proposes to amend the Add Volume Tiers under footnote 1 to remove the Single MPID Cross-Asset Tier. Under the Single MPID Cross-Asset Tier, a Member receives an enhanced rebate of \$0.0030 per share where their MPID has: (i) On the Exchange's equity options platform ("EDGX Options") an ADAV¹¹ in Market Maker¹² orders greater than or equal to 0.12% of average OCV;¹³ and (ii) an ADAV greater than or equal to 0.12% of average TCV¹⁴. The Exchange is proposing to eliminate the tier because it has not achieved the desired effect, despite being designed to incentivize Members to add liquidity on both the Exchange's equities platform and EDGX Options.

Implementation Date

The Exchange proposes to implement this amendment to its fee schedule on March 1, 2017.

⁶ Fee code B is appended to orders which add liquidity to EDGX (Tape B) and receives a rebate of 0.00200 per share. See the Exchange's fee schedule available at http://www.bats.com/us/equities/membership/fee_schedule/edgx/.

⁷ Fee code V is appended to orders which add to EDGX (Tape A) and receives a rebate of 0.00200 per share. *Id.*

⁸ Fee code Y is appended to orders which add liquidity to EDGX (Tape C) and receives a rebate of 0.00200 per share. *Id.*

⁹ Fee code 3 is appended to orders which add liquidity to EDGX, pre and post market (Tapes A or C) and receives a rebate of 0.00200 per share. *Id.*

¹⁰ Fee code 4 is appended to orders which add liquidity to EDGX, pre and post market (Tape B) and receives a rebate of 0.00200 per share. *Id.*

¹¹ "ADAV" means average daily added volume calculated as the number of shares added per day and ADV is calculated on a monthly basis. See the Exchange's fee schedule available at http://www.bats.com/us/equities/membership/fee_schedule/edgx/.

¹² "Market Maker" means any transaction identified by a Member for clearing in the Market Maker range at the OCC, where such Member is registered with the Exchange as a Market Maker as defined in Rule 16.1(a)(37). *Id.*

¹³ "OCC Customer Volume" or "OCV" means, for purposes of equities pricing, the total equity and ETF options volume that clears in the Customer range at the Options Clearing Corporation ("OCC") for the month for which the fees apply, excluding volume on any day that the Exchange experiences an Exchange System Disruption and on any day with a scheduled early market close, using the definition of Customer as provided under the Exchange's fee schedule for EDGX Options. *Id.*

¹⁴ "TCV" means total consolidated volume calculated as the volume reported by all exchanges and trade reporting facilities to a consolidated transaction reporting plan for the month for which the fees apply. *Id.*

2. Statutory Basis

The Exchange believes that the proposed removal of the Single MPID Cross-Asset Tier is consistent with the objectives of Section 6 of the Act,¹⁵ in general, and furthers the objectives of Section 6(b)(4),¹⁶ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. As described above, the enhanced rebate offered under this tier has not affected Members' behavior in the manner originally conceived by the Exchange—to incentivize Members to add liquidity on both the Exchange's equities platform and EDGX Options. While the Exchange acknowledges the benefit of Members entering orders that add liquidity in two asset classes, the Exchange has generally determined that it is providing an additional rebate for liquidity that would be added on the Exchange regardless of whether the tier existed. As such, the Exchange also believes that the proposed elimination of the Single MPID Cross-Asset Tier would be non-discriminatory in that it currently applies equally to all Members and, upon elimination, would no longer be available to any Members. Further, it's [sic] elimination will allow the Exchange to explore other pricing mechanisms in which it may enhance market quality for all Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe its proposal to remove the Single MPID Cross-Asset Tier under footnote 1 would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. But rather, this proposal would enhance the Exchange's ability to compete with other market centers. As described above, the Exchange believes that it is offering enhanced rebates for orders that would be submitted to the Exchange without the enhanced rebate, which prevents the Exchange from being able to offer other rebates or reduced fees that might be able to enhance market quality to the benefit of all Members. As such, removing the Single MPID Cross-Asset Tier will allow the Exchange other opportunities to enhance market quality on the Exchange and ultimately, better compete with other market centers.

⁵ The term "Member" is defined as "any registered broker or dealer that has been admitted to membership in the Exchange." See Exchange Rule 1.5(n).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁷ and paragraph (f) of Rule 19b-4 thereunder.¹⁸ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

² 17 CFR 240.19b-4.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes a rule change to amend the Schedule of Fees to modify the Qualified Contingent Cross and Solicitation rebate tiers.

The text of the proposed rule change is available on the Exchange's Web site at www.ise.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, members using QCC and/or other solicited crossing orders, including solicited orders executed in the Solicitation, Facilitation or Price Improvement Mechanisms, receive rebates for each originating contract side in all symbols traded on the Exchange. Once a member reaches a certain volume threshold in QCC orders and/or solicited crossing orders during a month, the Exchange provides rebates to that Member for all of its QCC and solicited crossing order traded contracts for that month. The applicable rebates are applied on QCC and solicited crossing order traded contracts once the volume threshold is met. Members receive the Non-"Customer to Customer" rebate for all QCC and/or other solicited crossing orders except for QCC and solicited orders between two Priority Customers. QCC and solicited orders between two Priority Customers receive the "Customer to Customer" rebate or "Customer to Customer" Rebate PLUS, respectively.³ Non-"Customer to Customer" and "Customer to Customer" volume is aggregated in determining the applicable volume tier.

³ The PLUS rebate is for Members with total monthly unsolicited originating Facilitation contract side volume of 175,000 or more.
