DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA-2017-0217; Airspace
Docket No. 17-ANM-8]

**Amendment of Class E Airspace;
Moses Lake, WA; Olympia, WA**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule, technical
amendment.

SUMMARY: This action amends the legal descriptions of the Class E airspace area designated as an extension to a Class D airspace at Grant County International Airport (formerly Grant County Airport), Moses Lake, WA, and Olympia Regional Airport (formerly Olympia Airport), Olympia, WA, by eliminating the Notice to Airmen (NOTAM) part-time status. Also, this action updates the airport name for Grant County International Airport and Olympia Regional Airport and updates the geographic coordinates for Grant County International Airport, Moses Lake VOR/DME, and Fairchild AFB, as listed in the Grant County International Airport Class D and Class E airspace legal descriptions. This action does not affect the charted boundaries or operating requirements of the airspace.

DATES: Effective 0901 UTC, June 22, 2017. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11A, Airspace Designations and Reporting Points, and subsequent amendments can

SUPPLEMENTARY INFORMATION:**Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends the legal descriptions of Class E airspace at Grant County International Airport, Moses Lake, WA, and Olympia Regional Airport, Olympia, WA, to remove the NOTAM part-time status.

History

The FAA Aeronautical Information Services branch found the Class E airspace designated as an extension to a Class D area at Grant County International Airport, Moses Lake, WA, and Olympia Regional Airport, Olympia, WA, as published in FAA Order 7400.11A, Airspace Designations and Reporting Points, does not require part-time status. The FAA also found the airport names for Grant County International Airport (formerly Grant County Airport) and Olympia Regional Airport (formerly Olympia Airport) have changed. Additionally, after a review, the FAA found the geographic

coordinates listed in Grant County International Airport's Class D and Class E airspace legal descriptions for Grant County International Airport, Moses Lake VOR/DME, and Fairchild AFB, do not match the FAA's aeronautical database.

Also, an editorial change is made to the Class D and Class E airspace legal descriptions replacing Airport/Facility Directory with the term Chart Supplement, and adds the city name Spokane to Fairchild AFB listed under the header for Grant County International Airport in Class E 700 foot airspace.

Class D and Class E airspace designations are published in paragraph 5000, 6002, 6004, and 6005, respectively, of FAA Order 7400.11A dated August 3, 2016, and effective September 15, 2016, which is incorporated by reference in 14 CFR 71.1. The Class D and Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, and effective September 15, 2016. FAA Order 7400.11A is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11A lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends Title 14, Code of Federal Regulations (14 CFR) part 71 by eliminating the following language from the legal description of Class E airspace designated as an extension to a Class D or Class E surface area at Grant County International Airport, Moses Lake, WA, and Olympia Regional Airport, Olympia, "This Class E airspace is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory."

Also, this action updates the airport names for Grant County International Airport (formerly Grant County Airport) and Olympia Regional Airport (formerly Olympia Airport). Additionally, this action updates the geographic coordinates for Grant County International Airport, Moses Lake VOR/DME, and Fairchild AFB as listed in the Grant County International Airport Class D and Class E airspace legal

descriptions. Lastly, this action replaces the outdated term Airport/Facility Directory with the term Chart Supplement in the Class D and Class E airspace legal descriptions, and adds the city name Spokane to Fairchild AFB listed under the header for Grant County International Airport in Class E airspace extending upward from 700 feet above the surface.

This action is an administrative change and does not affect the boundaries, altitudes, or operating requirements of the airspace. Therefore, notice and public procedure under 5 U.S.C. 553(b) is unnecessary.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial, and is unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, effective September 15, 2016, is amended as follows:

Paragraph 5000 Class D Airspace.

Freedom of Information Act and Privacy Act Policies and Procedures

AGENCY: Office of the United States
Trade Representative.

ACTION: Final rule.

SUMMARY: This rule makes minor technical changes to the Office of the United States Trade Representative (USTR) Freedom of Information Act (FOIA) regulation. It also adopts as a final rule without change the proposed rule updating USTR's Privacy Act implementing regulation. USTR published both the FOIA and Privacy Act rules in December 2016.

DATES: The final rule will become effective April 25, 2017.

FOR FURTHER INFORMATION CONTACT: Janice Kaye, Monique Ricker or Melissa Keppel, Office of General Counsel, United States Trade Representative, Anacostia Naval Annex, Building 410/Door 123, 250 Murray Lane SW., Washington, DC 20509, jkaye@ustr.eop.gov; mricker@ustr.eop.gov; mkeppel@ustr.eop.gov, or the USTR FOIA Public Liaison at FOIA@ustr.eop.gov or 202-395-3419.

SUPPLEMENTARY INFORMATION:

I. FOIA Technical Changes

On December 15, 2016, USTR published a final rule revising its existing regulations under the FOIA. *See* 81 FR 90715. Since that time, we became aware of four comments letters that we did not address in the final rulemaking. Two of the comments simply supported the FOIA's goal of government transparency. The third comment suggested that USTR periodically release its FOIA log, which we plan to do on a quarterly basis on the FOIA page of the USTR Web site at

<https://ustr.gov/about-us/reading-room/freedom-information-act-foia/frequent-requested-records>. The fourth comment was from the Office of Government Information Services of the National Archives and Records Administration (OGIS). OGIS asked us to refer to the services they offer as dispute resolution services rather than mediation services and to add a description of those services to our definition of the term "OGIS." In response, we revised the definition of OGIS in Subpart A and updated the references to OGIS elsewhere in the rule. The remainder of the third and fourth comment letters largely concerned changes we already made in response to feedback from the U.S. Department of Justice (DoJ). Based on 2017 FOIA training provided by DoJ, we are adding a new paragraph (4) to section 2004.9(g), which concerns payment of advance fees, to clarify that we may collect fees a requester owes before we release responsive records.

II. Privacy Act Rule

On December 22, 2016, USTR published a proposed rule to update its implementing rule under the Privacy Act of 1974. *See* 81 FR 93857. The proposed rule describes how individuals can find out if a USTR system of records contains information about them and, if so, how to access or amend a record. The proposed rule would move the Privacy Act regulation from part 2005 into a new subpart C to part 2004. The 60-day comment period ended on January 23, 2017. We did not receive any comments and are adopting the proposed rule as a final rule without change.

III. Regulatory Flexibility Act

USTR has considered the impact of the final rule and determined that it is not likely to have a significant economic impact on a substantial number of small business entities because it is applicable only to USTR's internal operations and legal obligations. *See* 5 U.S.C. 601 *et seq.*

IV. Paperwork Reduction Act

The final rule does not contain any information collection requirement that requires the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

For the reasons stated in the preamble, the Office of the United States Trade Representative is amending chapter XX of title 15 of the Code of Federal Regulations as follows:

PART 2004—DISCLOSURE OF RECORDS AND INFORMATION

Subpart A—Definitions

■ 1. The authority citation for subpart A continues to read as follows:

Authority: 19 U.S.C. 2171(e)(3).

■ 2. Amend § 2004.0 by revising the definition of the term "OGIS" to read as follows:

§ 2004.0 Definitions.

* * * * *

OGIS means the Office of Government Information Services of the National Archives and Records Administration. OGIS offers FOIA dispute resolution services, which is a voluntary process. If USTR agrees to participate in the dispute resolution services provided by OGIS, USTR will actively engage as a partner to the process in an attempt to resolve the dispute.
