#### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The Exchange proposes to amend MRX Rule 804, entitled “Market Maker Quotations” to amend the current rule text at MRX Rule 804(g)(1) and (2) to adopt a revised description of the manner in which MRX removes Market Maker quotes when certain risk parameters have been triggered. The Exchange believes that the proposed new rule text will provide more detailed information to participants concerning the manner in which these risk features will remove quotes from the Order Book.

Today, MRX Rule 804(g)(1) provides that a Market Maker must provide parameters by which the Exchange will automatically remove a Market Maker’s quotations in all series of an options class. If a Market Maker does not provide parameters then the Exchange will apply default parameters announced to members. The Exchange will automatically remove a Market Maker’s quotation when, during a time period established by the Market Maker, the Market Maker exceeds: (i) The specified number of total contracts in the class, (ii) the specified percentage of the total size of the Market Maker’s quotes in the class, (iii) the specified absolute value of the net between contracts bought and contracts sold in the class, or (iv) the specified absolute
