The Scientific and Statistical Committee will review the 2017 Plan B Operational Assessment for Atlantic Halibut, and the work provided by the SSC sub-panel review and the Groundfish Plan Development Team. Taking into account the Council's Risk Policy Statement, the SSC will recommend an OFL and an ABC for each fishing year 2018-2020 that will prevent overfishing, and achieve rebuilding if needed, consistent with the Council's ABC control rule for groundfish stocks. Other business will be discussed as needed.

Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.
