

entrance on the north side of Building 85. To request service, please use the courtesy phone and call Janet Giron at (303) 231-3088.

FOR FURTHER INFORMATION CONTACT: For questions on technical issues, contact Mr. Robert Sudar, Market and Spatial Analytics, CEVA, ONRR, telephone (303) 231-3511 or email to Robert.Sudar@onrr.gov. For other questions, contact Mr. Armand Southall, telephone (303) 231-3221, or email to Armand.Southall@onrr.gov.

SUPPLEMENTARY INFORMATION: ONRR publishes a list of market centers for use in Federal oil valuation calculations under 30 CFR 1206.112. This regulation applies to payors who are applying adjustments and transportation allowances when Federal oil production is valued using NYMEX prices or ANS spot prices. Under § 1206.113, ONRR will monitor market activity and, if necessary, add to or modify the list of market centers. ONRR last published the list of market centers in the **Federal Register** on June 20, 2000 (65 FR 38299). Under § 1206.113, ONRR will consider the following factors and conditions in specifying market centers:

1. Points where ONRR-approved publications publish prices useful for index purposes;
2. Markets served;
3. Input from Industry and others knowledgeable in crude oil marketing and transportation;
4. Simplification; and
5. Other relevant matters.

ONRR is seeking comments on its proposal to modify the list of market centers and the oil types at each location as listed below:

Market center location	Oil types
Proposed New Market Centers	
Nederland, Texas	Southern Green Canyon.
Clovelly, Louisiana	Thunder Horse.
Houston, Texas	Light Sweet.
Clearbrook, Minnesota ...	Bakken Blend.
Guernsey, Wyoming	Bakken Blend.
Guernsey, Wyoming	Wyoming Sweet.
Existing Market Centers to be removed	
San Francisco, California	Alaska North Slope.
Saint James, Louisiana ..	Eugene Island.
Existing Market Centers to remain unchanged	
Cushing, Oklahoma	West Texas Inter-mediate.
Midland, Texas	West Texas Inter-mediate.
Midland, Texas	West Texas Sour.
Saint James, Louisiana ..	Light Louisiana Sweet.
Saint James, Louisiana ..	Bonito Sour.
Empire, Louisiana	Heavy Louisiana Sweet.
Clovelly, Louisiana	MARS Blend.
Houma, Louisiana	Poseidon.
Multiple locations, U.S. West Coast.	Alaska North Slope.

For supplementary information on these proposed market center locations, please visit <https://www.onrr.gov/Valuation/pdffdocs/Crude-Oil-Market-Centers-Map.pdf>.

Before making this proposal final, ONRR seeks comments. We are especially interested in comments from Industry and others knowledgeable in crude oil marketing and transportation that addresses the following issues: (1) Whether ONRR should reconsider the proposed new market centers based on the five factors specified in § 1206.113; (2) whether ONRR should reconsider removing the market centers proposed for removal based on the five factors specified in § 1206.113; (3) whether ONRR should reconsider modifying or removing the market centers proposed to remain unchanged based on the five factors specified in § 1206.113; and (4) whether ONRR should consider adding any other market centers based on the five factors specified in § 1206.113.

ONRR will post all comments, including names and addresses of respondents at <http://www.regulations.gov>. We will include or summarize each comment when finalizing any modifications to the market centers list. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authorities: 30 CFR 1206.113.

Gregory J. Gould,

Director for Office of Natural Resources Revenue.

BILLING CODE 4335-30-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM-2015-0068]

Environmental Impact Statement on the Liberty Development and Production Plan in the Beaufort Sea Planning Area

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability of the Final Environmental Impact Statement.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) is announcing the availability of the Final Environmental Impact Statement (FEIS) for the Liberty Development and Production Plan (DPP) in the Beaufort Sea Planning Area. The FEIS analyzes the potential environmental impacts of the proposed action described in the Liberty DPP and reasonable alternatives to the proposed action.

ADDRESSES: Electronic copies of the FEIS and associated information is available on BOEM's website at: <https://www.boem.gov/liberty>.

FOR FURTHER INFORMATION CONTACT: Lauren Boldrick, Project Manager, Bureau of Ocean Energy Management, Alaska OCS Region, 3801 Centerpoint Drive, Suite 500, Anchorage, Alaska 99503, 907-334-5200.

SUPPLEMENTARY INFORMATION: The proposed action would recover and process oil from the Liberty oil field and transport sales-quality oil to market. To accomplish this, Hilcorp Alaska LLC would construct the Liberty Drilling and Production Island (LDPI) to recover reserves from three Federal leases (OCS-Y-1585, OCS-Y-1650, and OCS-Y-1886) in Foggy Island Bay of the Beaufort Sea. The ocean bottom footprint of the proposed LDPI is approximately 24 acres. Hilcorp would construct a new pipeline linking the LDPI to the Badami Sales Oil Pipeline (Badami pipeline). They would bury the subsea portion (approximately 5.6 miles) of the pipeline along a route running south from the LPDI to the Alaska coastline west of the Kadleroshilik River. The pipeline would transition to above-ground for approximately 1.5 miles and tie into the existing Badami pipeline. Hilcorp would produce and process oil from the LDPI, transport it through the Badami pipeline to the existing common carrier pipeline system, and from there on to the Trans-Alaska Pipeline System.

The full text of the mitigation measures which will be included in the project approval are available in the Liberty DPP FEIS. The FEIS and associated information is available on BOEM's website at: <https://www.boem.gov/liberty>.

Authority: This Notice of Availability is published pursuant to regulations (40 CFR part 1506) implementing the provisions of the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321 *et seq.*).

Dated: August 13, 2018.

James (Jim) Kendall,

*Regional Director, Alaska OCS Region,
Bureau of Ocean Energy Management.*

BILLING CODE 4310-MR-P

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

[RR03042000, 18XR0680A1,
RX.18786000.1501100; OMB Control
Number 1006-0014]

Agency Information Collection Activities; Lower Colorado River Well Inventory

AGENCY: Bureau of Reclamation,
Interior.

ACTION: Notice of information collection;
request for comment.

SUMMARY: In accordance with the
Paperwork Reduction Act of 1995, we,
the Bureau of Reclamation
(Reclamation), are proposing to renew
an information collection.

DATES: Interested persons are invited to
submit comments on or before October
30, 2018.

ADDRESSES: Send written comments on
this information collection request (ICR)
by mail to Paul Matuska, Water
Accounting and Verification Group
Manager, LC-4200, Bureau of
Reclamation, Lower Colorado Regional
Office, P.O. Box 61470, Boulder City,
NV 89006-1470; or by email to
pmatuska@usbr.gov. Please reference
OMB Control Number 1006-0014 in the
subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To
request additional information about
this ICR, contact Paul Matuska by email
pmatuska@usbr.gov or by telephone at
(702) 293-8164.

SUPPLEMENTARY INFORMATION: In
accordance with the Paperwork
Reduction Act of 1995, we provide the
general public and other Federal
agencies with an opportunity to
comment on new, proposed, revised,
and continuing collections of
information. This helps us assess the
impact of our information collection
requirements and minimize the public's
reporting burden. It also helps the
public understand our information
collection requirements and provide the
requested data in the desired format.

We are soliciting comments on the
proposed ICR that is described below.
We are especially interested in public
comment addressing the following
issues: (1) Is the collection necessary to
the proper functions of Reclamation; (2)

will this information be processed and
used in a timely manner; (3) is the
estimate of burden accurate; (4) how
might Reclamation enhance the quality,
utility, and clarity of the information to
be collected; and (5) how might
Reclamation minimize the burden of
this collection on the respondents,
including through the use of
information technology.

Comments that you submit in
response to this notice are a matter of
public record. We will include or
summarize each comment in our request
to OMB to approve this ICR. Before
including your address, phone number,
email address, or other personal
identifying information in your
comment, you should be aware that
your entire comment—including your
personal identifying information—may
be made publicly available at any time.
While you can ask us in your comment
to withhold your personal identifying
information from public review, we
cannot guarantee that we will be able to
do so.

Abstract: Pursuant to the Boulder
Canyon Project Act (43 U.S.C. 617, Pub.
L. 642-70th Congress, 45 Stat. 1057), all
diversions of mainstream Colorado
River water must be in accordance with
a Colorado River water entitlement. The
Consolidated Decree of the United
States Supreme Court in *Arizona v.
California*, 547 U.S. 150 (2006) requires
the Secretary of the Interior to account
for all diversions of mainstream
Colorado River water along the lower
Colorado River, including water drawn
from the mainstream by underground
pumping. To meet the water entitlement
and accounting obligations, an
inventory of wells and river pumps is
required along the lower Colorado
River, and the gathering of specific
information concerning these wells.

Title of Collection: Lower Colorado
River Well Inventory.

OMB Control Number: 1006-0014.

Form Number: Form LC-25.

Type of Review: Extension of a
currently approved collection.

Respondents/Affected Public: Well
owners and operators along the lower
Colorado River in Arizona, California,
and Nevada. Each diverter (including
well pumpers) must be identified and
their diversion locations and water use
determined.

**Total Estimated Number of Annual
Respondents:** 150.

**Total Estimated Number of Annual
Responses:** 150.

**Estimated Completion Time per
Response:** Approximately 20 minutes is
required to interview individual well
and river-pump owners or operators.

**Total Estimated Number of Annual
Burden Hours:** 50 hours.

Respondent's Obligation: Required to
obtain or retain a benefit.

Frequency of Collection: These data
are collected only once for each well or
river-pump owner or operator as long as
changes in water use, or other changes
that would impact contractual or
administrative requirements, are not
made. A respondent may request that
the data for its well or river pump be
updated after the initial inventory.

**Total Estimated Annual Non-hour
Burden Cost:** 0.

An agency may not conduct or
sponsor and a person is not required to
respond to a collection of information
unless it displays a currently valid OMB
control number.

The authority for this action is the
Paperwork Reduction Act of 1995 (44
U.S.C. 3501 *et seq.*).

Dated: May 7, 2018.

Terrance J. Fulp,

Regional Director, Lower Colorado Region.

Editorial Note: This document was
received for publication by the Office of the
Federal Register on August 27, 2018.
