SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection.

On March 28, 2003, the National Marine Fisheries Service (NMFS) and the U.S. Fish and Wildlife Service (Services) announced a final policy on the criteria the Services will use to evaluate conservation efforts by states and other non-Federal entities (68 FR 15100). The Services take these efforts into account when making decisions on whether to list a species as threatened or endangered under the Endangered Species Act. The efforts usually involve the development of a conservation plan or agreement, procedures for monitoring the effectiveness of the plan or agreement, and an annual report.

II. Method of Collection

NMFS does not require, but will accept, plans and reports electronically. NMFS has not developed a form to be used for submission of plans or reports.
