Abstract of Proposed Collection

The information requested will be used to support entry of the name of a minor (an unmarried, unemancipated person under 18 years of age) into the Children's Passport Issuance Alert Program (CPIAP). CPIAP provides a mechanism for parents or other persons with legal custody of a minor to obtain information regarding whether the Department has received a passport application for the minor. This program was developed as a means to prevent international parental child abduction and to help prevent other travel of a minor without the consent of a parent or legal guardian. If a minor's name and other identifying information has been entered into the CPIAP, when the Department receives an application for a new, replacement, or renewed passport for the minor, the application may be placed on hold for up to 90 days and the Office of Children's Issues may attempt to notify the requestor of receipt of the application. Form DS-3077 will be primarily submitted by a parent or legal guardian of a minor. This collection is authorized by 22 CFR 51.28, which is the regulation that implements the statutory two-parent consent requirement and prescribes the bases for an exception to the requirement.

Methodology

The completed Form DS-3077 can be filled out online and printed or completed by hand. The form must be manually signed and submitted to the Office of Children's Issues by email, fax or mail with supporting documentation.
