

are not authorized to conduct testing for bovine tuberculosis or brucellosis. Others stated they could not compel them to do so. Several wildlife authorities stated that the surveillance goal was too stringent, and should be set at a level sufficient to gauge prevalence, rather than detect an infected animal. Both animal health and wildlife authorities stated that the Animal and Plant Health Inspection Service would need to fund this testing in order for it to be conducted.

After considering all the comments we received, we have concluded that it is necessary to reexamine the proposed changes to the domestic bovine tuberculosis and brucellosis programs. Therefore, we are withdrawing the proposed amendments to parts 50, 51, 71, 76, 77, 78, 86, and 161 in our December 16, 2015, proposed rule referenced above. At this time we intend to continue considering the proposed amendments to part 93 that govern the importation of cattle with respect to bovine tuberculosis and brucellosis as we proposed in the December 16, 2015, proposed rule. The concerns and recommendations of all the commenters will be considered if any new proposed regulations regarding the domestic bovine tuberculosis and brucellosis programs are developed.

33 CFR Part 165

[Docket Number USCG–2019–0013]

RIN 1625–AA00

Safety Zones; Coast Guard Sector Ohio Valley Annual and Recurring Safety Zones Update

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to amend and update its list of recurring safety zone regulations that take place in the Coast Guard Sector Ohio Valley area of responsibility (AOR). This proposed action is necessary to update the current

list of recurring safety zones with revisions, additional events and removal of events that no longer take place. This regulation would restrict vessel traffic from the safety zones during the events unless authorized by the Captain of the Port Sector Ohio Valley or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before April 11, 2019.

ADDRESSES: You may submit comments identified by docket number USCG–2019–0013 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or email Petty Officer Riley Jackson, Sector Ohio Valley, U.S. Coast Guard; telephone (502) 779–5347, email SECOHV-WWM@uscg.mil.

II. Background, Purpose, and Legal Basis

The Captain of the Port Sector Ohio Valley (COTP) proposes to amend 33 CFR 165.801, Table 1 titled “Sector Ohio Valley Annual and Recurring Safety Zones”, to update our regulations for annual fireworks displays and other recurring events in the Eighth Coast Guard District.

The Table contains a list of annual and recurring safety zones in the Sector Ohio Valley as of May 11, 2018.

These events include air shows, fireworks displays, and other marine related events requiring a limited access area restricting vessel traffic for safety purposes. The current list in 33 CFR 165.801, Table 1, requires amendment to provide new information on existing safety zones, to include new safety zones expected to recur annually or biannually, and to remove safety zones that are no longer needed. Issuing individual regulations for each new safety zone, amendment, or removal of an existing safety zone creates unnecessary administrative costs and

burdens. This single proposed rulemaking will considerably reduce administrative overhead and provide the public with notice through publication in the **Federal Register** of the upcoming recurring safety zone regulations. Event sponsors desiring to hold an event not listed in the table for the Sector Ohio Valley area of responsibility may seek permission for a regulated area for their event through a request to the phone number or email listed in the above **FOR FURTHER INFORMATION CONTACT** section.

The Coast Guard encourages the public to participate in this proposed rulemaking through the comment process so that any necessary changes can be identified and implemented in a timely and efficient manner. The Coast Guard will address all public comments accordingly, whether through response, additional revision to the regulation, or otherwise.

The Coast Guard is issuing this notice of proposed rulemaking (NPRM) with a 15-day prior notice and opportunity to comment pursuant to section (b)(3) of the Administrative Procedure Act (APA) (5 U.S.C. 553). This provision authorizes an agency to publish a rule in less than 30 days before its effective date for “good cause found and published with the rule.” Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for publishing this NPRM with a 15-day comment period because it is impractical to provide a 30-day comment period. These proposed regulated areas are necessary to ensure the safety of vessels and persons during the marine events. It is impracticable to publish an NPRM with a 30-day comment period because some of these updates must be established as early as the end of April 2019. A 15-day comment period would allow the Coast Guard to provide for public notice and comment, but also update the regulated areas soon enough that the length of the notice and comment period does not compromise public safety.

III. Discussion of the Proposed Rule

Part 165 of 33 CFR contains regulations establishing regulated navigation areas and limited access areas to restrict vessel traffic for the safety of persons and property. Section 165.801, Table 1, establishes recurring safety zones to restrict vessel transit into and through specified areas to protect spectators, mariners, and other persons and property from potential hazards presented during certain events taking place in Sector Ohio Valley’s AOR. From time to time, this section requires amendment to properly reflect the recurring safety zones in the AOR. This

proposed rule amends and updates § 165.801, Table 1 as described below. This proposed rule adds 8 new recurring safety zones, removes 6

recurring events, and amends the dates and regulated areas for 9 recurring safety zones already listed in Section 165.801, Table 1, as follows:

This proposed rule would add the following 8 safety zones to Table 1 of Part 165.801:

Date	Sponsor/name	Sector Ohio Valley location	Safety zone
Weekend before the 4th of July	Kentucky Dam Marina/Kentucky Dam Marina Fireworks.	Gilbertsville, KY	350 foot radius, from the fireworks launch site, on the entrance jetties at Kentucky Dam Marina, on the Tennessee River at Mile Marker (MM) 23 (Kentucky).
1 day—One weekend in September.	Boomtown Days—Fireworks	Nitro, WV	Kanawha River, Miles 43.1–44.2 (West Virginia).
1 day—Second or Third week of June.	TriState Pottery Festival Fireworks.	East Liverpool, OH	Ohio River, Miles 42.5–45.0 (Ohio).
1 day—Friday before Thanksgiving.	Monongahela Holiday Show	Monongahela, PA	Ohio River, Miles 31.5–32.5 (Pennsylvania).
1 day—First two weeks in October.	Yeatman's Fireworks	Cincinnati, OH	Ohio River, Miles 469.0–470.5 (Ohio).
1 day—Last week in June or First week in July.	Rising Sun Fireworks	Rising Sun, IN	Ohio River, Miles 506.0–507.0 (Indiana).
3 days—One weekend in May ..	U.S. Rowing Southeast Youth Championship Regatta.	Oak Ridge, TN	Clinch River, Miles 48.5–52 (Tennessee).
1 Day—One weekend in July ...	Three Rivers Regatta	Knoxville, TN	Tennessee River, Miles 642–653 (Tennessee).

This proposed rule would remove the following 6 safety zones from Table 1 of Part 165.801:

Date	Sponsor/name	Sector Ohio Valley location	Safety zone
Last Sunday in May	Friends of Ironton	Ironton, OH	Ohio River, Mile 326.7–327.7.
1 day—Second weekend in June.	City of St. Albans/St. Albans Town Fair.	St. Albans, WV	Kanawha River, Mile 46.3–47.3.
2 days—One weekend in August.	Powerboat Nationals—Parkersburg Regatta/Parkersburg.	Parkersburg, WV	Ohio River, Miles 183.5–185.5.
1 day—4th or 5th of July	City of Cape Girardeau July 4th Fireworks Show on the River.	Cape Girardeau, MO	Upper Mississippi River, Mile 50.0–52.0.
1 day—A Saturday in July	Paducah Parks and Recreation Department/Cross River Swim.	Paducah, KY	Ohio River, Mile 934.0–936.0.
1 day—Third or fourth of July ...	Harrah's Casino/Metropolis Fireworks.	Metropolis, IL	Ohio River, Mile 942.0–945.0.

The Coast Guard also proposes to revise regulations in 33 CFR 165.801, Table 1, by amending 9 currently-listed

safety zones. The amendments would involve changes to marine event dates and/or regulated areas, with reference

by line number to the current table. The 9 safety zones being amended are listed below:

Line	Date	Sponsor/name	Sector Ohio Valley location	Safety zone	Revision (date/area)
3	2 days—Second or third weekend in April.	Thunder Over Louisville	Louisville, KY	Ohio River, Miles 597.0–607.0 (Kentucky).	area/date.
6	1 day—1st or 2nd week of August	Bellaire All-American Days	Bellaire, OH	Ohio River, MMs 93.5–94.5 (Ohio)	date.
7	2 days—a weekend in June	Rice's Landing Riverfest	Rice's Landing, PA.	Monongahela River, MMs 68.0–68.8 (Pennsylvania).	date.
9	1 day—one weekend before Labor Day.	Riverfest/Riverfest Inc.	Nitro, WV	Kanawha River, MMs 43.1–44.2 (West Virginia)..	date.
28	1 day—First week or weekend in July.	Summer Motions Inc./Summer Motion.	Ashland, KY	Ohio River, MMs 322.1–323.1 (Kentucky)..	date.
31	1 day—First week or weekend in July.	Portsmouth River Days	Portsmouth, OH	Ohio River, MMs 355.5–357.0 (Ohio)..	area.
33	1 day—in the month of August	Pittsburgh Foundation/Bob O'Connor Cookie Cruise.	Pittsburgh, PA ...	Ohio River, MMs 0.0–0.5 (Pennsylvania).	date.
49	3rd or 4th of July	City of Hickman, KY/Town of Hickman Fireworks.	Hickman, KY	700 foot radius from GPS coordinate 36°34.5035 N, 089°11.919 W, in Hickman Harbor located at MM 921.5 on the Lower Mississippi River (Kentucky).	area.

Line	Date	Sponsor/name	Sector Ohio Valley location	Safety zone	Revision (date/area)
58	3 days—second or third week of September.	Wheeling Heritage Port Sternwheel Foundation/Wheeling Heritage Port Sternwheel Festival.	Wheeling, WV ...	Ohio River, MMs 90.2–90.7 (West Virginia).	date.

The effect of this proposed rule would be to restrict general navigation in the safety zones during these events. Vessels intending to transit the designated waterway through the safety zones will only be allowed to transit the area when COTP, or a designated representative, has deemed it safe to do so or at the completion of the events. The proposed annually recurring safety zones are necessary to provide for the safety of life on navigable waters during the events.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, and duration of the safety zones. These safety zones are limited in size and duration, and are usually positioned away from high vessel traffic areas. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zones, and the rule would allow vessels to seek permission to enter the zones. Vessel traffic would also be able to request permission from the COTP or a designated representative to enter the restricted area.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended,

requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit these safety zones may be small entities, for the reasons stated in section IV.A above this proposed rule would not have a significant economic impact on any vessel owner or operator. Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under E.O. 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in E.O. 13132.

Also, this rule does not have tribal implications under E.O. 13175, Consultation and Coordination with

Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. Normally such actions are categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01 as it involves the revision of the table that informs the public of safety zones occurring in the Sector Ohio Valley AOR. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protestors. Protesters are asked to contact the person listed in the **FOR FURTHER**

INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material

cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, visit <http://www.regulations.gov/privacyNotice>.

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R09-OAR-2018-0761; FRL-9991-30-Region 9]

Air Plan Approval; Arizona; Regional Haze Progress Report

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve Arizona's Regional Haze Progress Report ("Progress Report" or "Report"), submitted by the State of Arizona on November 12, 2015, as a revision to its state implementation plan (SIP). Arizona submitted its Progress Report and a negative declaration stating that

further revision of the existing regional haze implementation plan is not needed at this time. The Progress Report addresses the federal Regional Haze Rule requirements under the Clean Air Act (CAA) to submit a report describing progress in achieving reasonable progress goals (RPGs) established for regional haze and a determination of the adequacy of the state's existing implementation plan addressing regional haze. Arizona's Progress Report notes that Arizona has implemented the measures in the regional haze implementation plan due to be in place by the date of the Progress Report and that visibility in Class I areas affected by emissions from Arizona is improving. The EPA is proposing approval of Arizona's determination that the State's regional haze implementation plan is adequate to meet RPGs in Class I areas affected by emissions from Arizona for the first implementation period, which extended through 2018, and requires no substantive revision at this time.
