

75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. *Performance Measures*: Pursuant to the Government Performance and Results Act of 1993, the Department has developed the following measures for assessing progress toward achieving the purposes of this program:

(1) The number of students newly identified as *gifted and talented* under the program;

(2) The percentage of students newly identified as *gifted and talented* under the program who were served under the program;

(3) Of the students served under the program who were in tested grades, the percentage who made gains on State assessments in mathematics;

(4) Of the students served under the program who were in tested grades, the percentage who made gains on State assessments in science; and

(5) The number of teachers and other educators who received services that enable them to better identify and improve instruction for gifted and talented students.

Note: For performance measure #5, the Department is particularly interested in evidence, such as may be obtained through surveys of teachers and other educators, that the services provided are of high quality and contribute to improved efforts to both identify and improve outcomes for gifted and talented students.

All grantees must submit APRs that include data addressing these performance measures to the extent that they apply to the grantee's project. Performance targets must be established by each grantee for each year of the five-year performance period.

6. *Continuation Awards*: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit

discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
