

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

The cloud service provider, Amazon Web Services (AWS), through a subcontract with the Department, stores computerized student records, including backups, on virtual servers. Physical security of electronic data is maintained in compliance with the Federal Information Security Modernization Act of 2014 (FISMA) and National Institute of Standards and Technology (NIST) standards.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Records in this system are retrieved by name and by the unique identifier assigned to each individual.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

All records were previously retained and disposed of in accordance with Department Records Schedule 066: Program Management Files (N1-441-10-1) (ED 066), Item (a)(3). ED 066, Item (a)(3), is being superseded, pending approval by the National Archives and Records Administration (NARA), by a new records schedule submitted by the Department to NARA entitled, "Migrant Student Information Exchange (MSIX) Electronic Information System Records." The Department will not destroy the aforementioned records until such time as said new, NARA-approved schedule is in effect, as applicable.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

(1) *Introduction.* Security personnel control and monitor all physical access to the site of the Department's subcontractor, where this system of records is maintained. The computer system employed by the Department offers a high degree of resistance to tampering and circumvention. This computer system limits data access to Department and contract staff on a "need to know" basis, and controls individual users' ability to access and alter records within the system by granting user names and passwords, and assigning user roles.

(2) *Physical Security of Electronic Data.* The MSIX infrastructure is housed in a cloud service provider with provisional authorization from the Federal Risk and Authorization Management Program (FedRAMP) Joint Authorization Board (JAB) under the Moderate control baseline. All controls managed by the cloud service provider, including physical security of electronic data, are reviewed by a third party assessment organization (3PAO) in accordance with FedRAMP guidance.

(3) *User Access to Electronic Data.* MSIX leverages role-based accounts and security controls to limit access to the application, its servers, and its infrastructure to authorized users in accordance with the Federal Information Security Modernization Act (FISMA) of 2014 and the Department Office of Chief Information Officer (OCIO) directives, policies, standards and procedures. All MSIX users must follow a registration process that involves identity validation and verification prior to gaining access to MSIX. MSIX utilizes unique user identifiers (user IDs) and authenticators (strong passwords). Directory information for all authorized users is stored in the system. Directory information maintained in MSIX includes username, full name, work contact information, and login credentials needed to maintain user accounts. The MSIX application is only available to authorized users via a Uniform Resource Locator (URL) that runs under the Hypertext Transfer Protocol over Secure Socket Layer (HTTPS).

(4) *Additional Security Measures.* The MSIX infrastructure also leverages firewalls and intrusion detection systems to limit internal access and identify unauthorized access to the system. MSIX logs, monitors, and controls network communications and systems actions. System components are logically separated from internal organizational networks and connect to external networks through managed interfaces. Further, the MSIX operations include conducting vulnerability scans, monitoring the U.S. Computer Emergency Response Team (CERT) bulletins, and applying routine operating system and vendor patches as appropriate.

RECORD ACCESS PROCEDURES:

If you wish to gain access to your record in the system of records, you must contact the system manager at the address listed under SYSTEM MANAGER(S). You must provide necessary particulars such as your name, date of birth, and any other identifying information requested by the Department while processing the request to distinguish between individuals with the same name. Your request must meet the requirements of regulations in 34 CFR 5b.5, including proof of identity.

CONTESTING RECORD PROCEDURES:

If you wish to contest or change the content of a record regarding you in the system of records, contact the system manager at the address listed under

SYSTEM MANAGER(S). Your request must meet the requirements of regulations in 34 CFR 5b.7.

NOTIFICATION PROCEDURES:

If you wish to determine whether a record exists regarding you in the system of records, you must contact the system manager at the address listed under SYSTEM MANAGER(S). You must provide necessary particulars such as your name, date of birth, and any other identifying information requested by the Department while processing the request to distinguish between individuals with the same name. Your request must meet the requirements of regulations in 34 CFR 5b.5, including proof of identity.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

HISTORY:

The system of records was originally published in the **Federal Register** on December 5, 2007 (72 FR 68572-68576). [FR Doc. 2019-14686 Filed 7-9-19; 8:45 am]

Renewable Energy Asset Management Group, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced Renewable Energy Asset Management Group, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is July 22, 2019.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s).
