SURFACE TRANSPORTATION BOARD

[Docket No. FD 36318]

5900 Holdings LLC—Corporate Family Transaction Exemption

On July 16, 2019, 5900 Holdings LLC (Holdings), a noncarrier, filed a verified notice of exemption under 49 CFR 1180.2(d)(3), which exempts from the prior approval requirements of 49 U.S.C. 11323 "[t]ransactions within a corporate family that do not result in adverse changes in service levels, significant operational changes, or a change in the competitive balance with carriers outside the corporate family." 49 CFR 1180.2(d)(3).

Holdings states that it is a newly created limited liability company owned by Hainesport Transportation Group, LLC (HTG). HTG is a noncarrier holding company that also owns Hainesport Secondary Railroad, LLC (HSRR), and Hainesport Industrial Railroad, LLC (HIRR). 1 Holdings states that HSRR currently owns three contiguous lots of real property in Hainesport, N.J., which are traversed by two rail lines known as the South Line and the East Line (collectively, the Lines). Holdings states that HSRR leases the East Line to HIRR.² According to Holdings, under the proposed transaction, Holdings would acquire HIRR's lease of the East Line and enter a new lease with HSRR for the remainder of the Lines; Holdings would subsequently designate HSRR as the operator of the Lines and remain the non-operating lessee with residual common carrier obligations.

Holdings states that the transaction will not result in adverse changes in service levels, significant operational changes, or changes in the competitive balance with carriers outside the corporate family.

Holdings states that the purpose of the transaction is to obtain new financing.

The earliest this transaction may be consummated is August 15, 2019 (30 days after the verified notice of exemption was filed). Holdings states that it expects to consummate the transaction on approximately August 16, 2019.

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. However, 49 U.S.C. 11326(c) does not provide for labor protection for transactions under 49 U.S.C. 11324 and 11325 that involve only Class III rail carriers. Accordingly, the Board may not impose labor protective conditions here because all of the carriers involved are Class III rail carriers.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must

¹In Hainesport Transportation Group, LLC—Corp. Family Transaction Exemption, FD 36184 (STB served May 24, 2018), the owners of HSRR and HIRR filed a verified notice of exemption under 1180.2(d)(3) to trade their ownership interests in HSRR and HIRR for an identical ownership interest in HTG. The Board determined that, because the owners were "merely inserting HTG, a noncarrier holding company, in the chain of control between them and the railroads they own," the transaction was outside the scope of 11323(a) and did not require the Board's prior approval.

be filed no later than August 8, 2019 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36318, must be filed with the Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423. In addition, a copy of each pleading must be served on Holdings' representative, John D. Heffner, Clark Hill, PLC, 1001 Pennsylvania Avenue NW, Suite 1300 South, Washington, DC 20004.

According to Holdings, this action is excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b)(1).

Decided: July 29, 2019.

BILLING CODE 4915-01-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Numbers FRA-2009-0096 and FRA-2012-0056]

Petition for Waiver of Compliance

Under part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that on July 12, 2019, New Jersey Transit Rail Operations (NJTR), petitioned the Federal Railroad Administration (FRA) for an extension of its waivers of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 240, Qualification and Certification of Locomotive Engineers, and part 242, Qualification and Certification of Conductors. FRA assigned the petition Docket Numbers FRA-2009-0096 and FRA-2012-0056.

The relief is requested as part of NJTR's continued participation in FRA's Confidential Close Call Reporting System (C³RS) Program. NJTR implemented C³RS in June 2009 and is a founding member railroad choosing to participate in the Program. NJTR, with the support of its labor union partners, have implemented many corrective actions to improve railroad safety as a result of C³RS. NJTR seeks to shield reporting employees and the railroad from mandatory punitive sanctions that would otherwise arise as provided in 49

CFR 240.117(e)(1)–(4); 240.305(a)(l)–(4) and (a)(6); 240.307; 242.403(b), (c), (e)(l)–(4), (e)(6)–(11), (f)(l)–(2), and 242.407. The C³RS Program encourages certified operating crew members to report close calls and protect the employees and the railroad from discipline or sanctions arising from the incidents reported per the C³RS Implementing Memorandum of Understanding.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE, W12–140, Washington, DC 20590. Federal Railroad Administration [Docket Number FRA-2002-11896]

Petition for Waiver of Compliance

Under part 211 of Title 49 of the Code of Federal Regulations (CFR), this provides the public notice that on June 5, 2019, Norfolk Southern Railway Company (NS) petitioned the Federal Railroad Administration (FRA) to modify an existing waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 231, Railroad Safety Appliance Standards. FRA assigned the petition Docket Number FRA–2002–11896.

Specifically, NS requested that FRA modify the current waiver allowing its Triple Crown Service to operate RoadRailer® trains to increase the permitted train length from 150 units to 165 units per train. The petition contends that the tonnage limitations (5,200 tons maximum, and the further limitation behind lightly loaded RoadRailer® units on various grades) assure draft and buff forces do not exceed 250 kips, regardless of the number of units in the consist. Additionally, NS states the coupling pin and the rest of the unit have a 250-kip design criteria, which makes 165-unit trains safe for current and potential operation.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the Department of Transportation's Docket Operations Facility, 1200 New Jersey Ave. SE, W12–140, Washington, DC 20590.
