

investors because it will provide additional time to finalize development efforts. Specifically, the Commission believes that further time will allow the industry to complete implementation, ultimately allowing broker-dealers to provide customers with consistent, complete, and accurate 606(b)(3) reports, as described above.¹⁵

Accordingly, a broker-dealer engaged in self-routing activity is exempt until January 1, 2020 from the requirement to start collecting the data required by Rule 606(b)(3) for such activity. For customer requests that are made on or before February 15, 2020, a broker-dealer is exempt from the requirement to provide a report for self-routing activity covering January 2020 data until seven business days after February 15, 2020. Pursuant to this exemption, a broker-dealer has three additional months from the current compliance date to prepare to collect the data required by Rule 606(b)(3) for self-routing activity, and has extra time in February 2020 to prepare the first report relating to self-routing activity for January 2020 data.¹⁶

While the Commission is not granting the specific relief requested by FIF/STA and is instead granting a shorter extension, the Commission believes that this new date should provide self-routing broker-dealers with sufficient time to finalize their internal development efforts.

C. Rule 606(b)(3) for Broker-Dealers Engaged in Outsourced Routing Activity

Finally, the Commission has determined that reporting a temporary exemption from reporting obligations under Rule 606(b)(3) for not held orders for a broker-dealer engaged in outsourced routing activity is necessary or appropriate in the public interest, and is consistent with the protection of investors. This exemption will provide additional time to coordinate and finalize development efforts, including among third parties.

As also is the case for broker-dealers engaged in self-routing activity, discussed above, the Commission believes that further time will allow the industry to complete implementation,

¹⁵ See FIF/STA Letter, *supra* note 2, at 9 (noting that compliance efforts continue with, e.g., options reporting and the capture of aggregated fee information for orders).

¹⁶ Under Rule 606(b)(3), if a customer requests a report on the first of the month for example, the broker-dealer is required to provide the report within seven business days of the customer's request. Under the relief provided herein, however, if a customer requests a report of January 2020 data on February 1, 2020, the broker-dealer is not required to provide the report within seven business days of February 1, 2020; instead, the broker-dealer is required to provide the report within seven business days of February 15.

ultimately allowing broker-dealers to provide customers with consistent, complete, and accurate 606(b)(3) reports.¹⁷ Specifically, to comply with Rule 606(b)(3), broker-dealers may need to develop systems to pass the data required by Rule 606(b)(3) from an executing broker to an introducing broker. To the extent that any broker-dealers that handle outsourced routing activity require additional time to complete development of specific portions of their systems, e.g., the required XML schema and PDF renderer, the Commission believes that the six-month exemption it is granting today provides sufficient time to finalize that development. Further, the Commission believes that this additional time should permit broker-dealers that outsource their routing activity to third parties the additional time needed to finalize updating their routing arrangements with such parties.

Accordingly, a broker-dealer engaged in outsourced routing activity is exempt from the requirement to start collecting the Rule 606(b)(3) data until April 1, 2020 for such activity. For customer requests that are made on or before May 15, 2020, a broker-dealer is exempt from the requirement to provide a Rule 606(b)(3) report for outsourced routing activity covering April 2020 data until seven business days after May 15, 2020. Pursuant to this exemption, a broker-dealer has six additional months from the current compliance date to prepare to collect the data required by Rule 606(b)(3) for outsourced routing activity, and has extra time in May 2020 to prepare the first report relating to outsourced routing activity for April 2020 data.¹⁸

Accordingly, *it is ordered*, pursuant to Rule 606(c) of Regulation NMS under the Exchange Act,¹⁹ that:

(1) Broker-dealers are exempt from the requirement to comply with amended Rule 606(a) by the current compliance date of October 1, 2019 and instead must begin collecting amended Rule 606(a) data for the first quarter of 2020. The public report of first quarter 2020 data is required by April 30, 2020.

(2) Broker-dealers engaged in self-routing activity are exempt from the requirement to start collecting the data required by Rule 606(b)(3) until January

¹⁷ See FIF/STA Letter, *supra* note 2, at 9 (noting that compliance efforts continue with, e.g., options reporting and the capture of aggregated fee information for orders).

¹⁸ The Commission notes that FIF/STA did not request a specific alternative compliance date for the Rule 606(b)(3) reporting requirement for broker-dealers that outsource routing services. See FIF/STA Letter, *supra* note 2, at 2.

¹⁹ 17 CFR 242.606(c).

1, 2020 for such activity. For customer requests that are made on or before February 15, 2020, a broker-dealer is exempt from the requirement to provide a report for self-routing activity covering January 2020 data until seven business days after February 15, 2020.

(3) Broker-dealers engaged in outsourced routing activity are exempt from the requirement to start collecting the Rule 606(b)(3) data until April 1, 2020 for such activity. For customer requests that are made on or before May 15, 2020, a broker-dealer is exempt from the requirement to provide a Rule 606(b)(3) report for outsourced routing activity covering April 2020 data until seven business days after May 15, 2020.

⁴ In Amendment No. 1, the Exchange removed the proposed change to permit off-floor risk-weighted assets ("RWA") transfers. The exchange then filed that material as a separate proposed rule change filing. See Securities Exchange Act Release No. 86603 (August 8, 2019), 84 FR 40460 (August 14, 2019) (SR-CBOE-2019-044). When the Exchange filed Amendment No. 1 to CBOE-2019-035, it also submitted the text of the amendment as a comment letter to the filing, which is available at <https://www.sec.gov/comments/sr-cboe-2019-035/sr-cboe2019035-5917170-189047.pdf>.

Commission received one comment letter on the proposed rule change.⁵

Section 19(b)(2) of the Act⁶ provides that, within 45 days of publication of the notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The Commission hereby is extending the 45-day time period for Commission action on the proposed rule change. The Commission finds that it is appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the proposed rule change, including the comment letter received on the filing.

SUPPLEMENTARY INFORMATION: Under 49 U.S.C 10704(a)(3), the Board is required to make an annual determination of railroad revenue adequacy. A railroad is considered revenue adequate under 49 U.S.C. 10704(a) if it achieves a rate of return on net investment (ROI) equal to at least the current cost of capital for the railroad industry.
