

Order 13045, entitled “Protection of Children from Environmental Health Risks and Safety Risks” (62 FR 19885, April 23, 1997), nor is it considered a regulatory action under Executive Order 13771, entitled “Reducing Regulations and Controlling Regulatory Costs” (82 FR 9339, February 3, 2017). This action does not contain any information collections subject to OMB approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), nor does it require any special considerations under Executive Order 12898, entitled “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations” (59 FR 7629, February 16, 1994).

Since tolerances and exemptions that are established on the basis of a petition under FFDCA section 408(d), such as the exemption in this final rule, do not require the issuance of a proposed rule, the requirements of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*), do not apply.

This action directly regulates growers, food processors, food handlers, and food retailers, not States or tribes, nor does this action alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of FFDCA section 408(n)(4). As such, the Agency has determined that this action will not have a substantial direct effect on States or tribal governments, on the relationship between the national government and the States or tribal governments, or on the distribution of power and responsibilities among the various levels of government or between the Federal Government and Indian tribes. Thus, the Agency has determined that Executive Order 13132, entitled “Federalism” (64 FR 43255, August 10, 1999) and Executive Order 13175, entitled “Consultation and Coordination with Indian Tribal Governments” (65 FR 67249, November 9, 2000) do not apply to this action. In addition, this action does not impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act (UMRA) (2 U.S.C. 1501 *et seq.*).

This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note).

## VII. Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), EPA will submit a report containing this rule and

other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 271

[EPA–R05–RCRA–2018–0375; FRL–10000–08–Region 5]

### Ohio: Final Authorization of State Hazardous Waste Management Program Revisions

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final authorization.

**SUMMARY:** The Environmental Protection Agency (EPA) is granting Ohio final authorization for changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). The Agency published a proposed rule on June 11, 2019 and provided for public comment. No

comments were received on the proposed revisions. No further opportunity for comment will be provided.

**DATES:** This final authorization is effective September 26, 2019.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA–R05–RCRA–2018–0375. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *e.g.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available electronically through <http://www.regulations.gov>.

**FOR FURTHER INFORMATION CONTACT:** Jean Gromnicki, Ohio Regulatory Specialist, US EPA Region 5, LL–17J, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312)–886–6162, email [Gromnicki.jean@epa.gov](mailto:Gromnicki.jean@epa.gov).

### SUPPLEMENTARY INFORMATION:

#### A. What changes to Ohio’s hazardous waste program is EPA authorizing with this action?

On February 19, 2019, Ohio submitted a complete program revision application seeking authorization of changes to its hazardous waste program in accordance with 40 CFR 271.21. EPA now makes a final decision that Ohio’s hazardous waste program revisions that are being authorized are equivalent to, consistent with, and no less stringent than the Federal program, and therefore satisfy all of the requirements necessary to qualify for final authorization. For a list of State rules being authorized with this final authorization, please see the proposed rule published in the June 11, 2019 **Federal Register** at 84 FR 27057.

#### B. What is codification and is EPA codifying the Ohio’s hazardous waste program as authorized in this action?

Codification is the process of placing citations and references to the State’s statutes and regulations that comprise the State’s authorized hazardous waste program into the Code of Federal Regulations. EPA does this by adding those citations and references to the authorized State rules in 40 CFR part 272. EPA is not codifying the authorization of Ohio’s revisions at this time. However, EPA reserves the ability to amend 40 CFR part 272, subpart KK, for the authorization of Ohio’s program changes at a later date.

### C. Statutory and Executive Order Reviews

This final authorization revises Ohio's authorized hazardous waste management program pursuant to Section 3006 of RCRA and imposes no requirements other than those currently imposed by State law. For further information on how this authorization complies with applicable executive orders and statutory provisions, please see the proposed rule published in the June 11, 2019, **Federal Register** at 84 FR 27057. The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this document and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2). This final action will be effective September 26, 2019.

#### List of Subjects in 40 CFR Part 271

### I. General Information

#### A. Introduction

1. With the *833 Auction Procedures Public Notice*, the Commission establishes procedures for the upcoming auction of certain toll free numbers in the 833 code (833 Auction). The 833 Auction, which will serve as an experiment in using competitive bidding as a way to assign toll free numbers, will make available 17,638 numbers in the 833 code. Bidding in the 833 Auction will occur on December 17, 2019. The *833 Auction Procedures Public Notice* provides details regarding the procedures, terms, and conditions, as well as dates and deadlines, governing participation in the 833 Auction, and an overview of post-auction payments and requirements, including disclosure requirements for post-auction secondary market transactions.

#### B. Background and Relevant Authority

2. In 2018, the Commission modified its toll free assignment rule in the *Toll Free Assignment Modernization Order*, 83 FR 53377, October 23, 2018, to provide greater flexibility and permit alternative approaches to assigning numbers. Specifically, the Commission added competitive bidding as a method to assign toll free numbers and, as an experiment in using this approach, established the 833 Auction to assign numbers that were requested by two or more Responsible Organizations ("RespOrgs") during the 833 pre-code opening process.

3. The Commission set out the general framework for the 833 Auction in the *Toll Free Assignment Modernization Order* and designated Somos, Inc., the Toll Free Numbering Administrator, as the auctioneer. The Commission opened participation in the 833 Auction to not only RespOrgs but also potential subscribers who may wish to participate directly. The Commission also called for a pre-bidding process during which it would seek comment on detailed auction procedures, as is typical in Commission auctions.

4. In May 2019, the Commission initiated the pre-bidding process by
