powers pursuant to Section 1(15) of the Interstate Commerce Act (ICA), to allow, or if necessary direct, Phillips 66 Pipeline LLC (Phillips 66 Pipeline) to temporarily provide priority treatment of propane shipments to Jefferson City, Missouri and East St. Louis, Illinois. NGL submits that early weather conditions requiring propane for heating and high moisture grain requiring propane for crop drying have driven demand for propane by NGL's customers. Specifically, NGL requests that the Commission direct Phillips 66 Pipeline to prioritize the transportation of propane over butane in its Blue Line to maximize the volume of propane for thirty days from the date of a Commission order, subject to further extensions if the conditions continue.
