The Department of Commerce seeks nominations for immediate consideration to fill positions on the Committee for the 2019-2021 charter term, and will continue to accept nominations under this notice on an on-going basis for two-years for consideration to fill vacancies that may arise during the charter term. Member appointment terms run for two-years concurrently with the Committee charter. Members will be selected based upon their ability to advise the Secretary of Commerce on the necessary elements of a comprehensive policy approach to supply chain competitiveness designed to support U.S. export growth and national economic competitiveness, encourage innovation, facilitate the movement of goods, and improve the competitiveness of U.S. supply chains for goods and services in the domestic and global economy; and to provide advice to the Secretary on regulatory policies and programs and investment priorities that affect the competitiveness of U.S. supply chains. Other than the experts from academia, all members shall serve in a representative capacity, expressing the views and interests of a U.S. company or U.S. organization, as well as its particular sector.
