

Council's groundfish and CPS advisory bodies are encouraged to attend to prepare their recommendations to the Council. Proposed changes to the Terms of Reference were first considered in an online webinar on December 13, 2019. A report from that webinar was discussed by the SSC at their March meeting and their recommended changes to the ToR were adopted by the Pacific Council for public review. The Pacific Council is scheduled to adopt a final Terms of Reference at their June meeting in San Diego, California.

No management actions will be decided by the SSC's Groundfish and CPS Subcommittees. The SSC Groundfish and CPS Subcommittees' members' role will be development of recommendations and reports for consideration by the SSC and Pacific Council at the June meeting in San Diego, CA.

Although nonemergency issues not contained in the meeting agendas may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent of the SSC Groundfish Subcommittee to take final action to address the emergency.

#### Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt, (503) 820-2411, at least 10 days prior to the meeting date.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: April 1, 2020.

**Diane M. DeJames-Daly,**

*Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### Submission for OMB Review; Comment Request; Surveys to Collect Data on Use of the NOAA National Weather Service Cone of Uncertainty

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of

information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

**Agency:** National Oceanic and Atmospheric Administration (NOAA).

**Title:** Surveys to Collect Data on Use of the NOAA National Weather Service Cone of Uncertainty.

**OMB Control Number:** 0648-NEW.

**Form Number(s):** None.

**Type of Request:** Regular submission (request for new information collection).

**Number of Respondents:** 1,406.

**Average Hours per Response:** 20 minutes per response.

**Burden Hours:** 468.5 hours (1,406 × 20 = 28,120/60 = 468.5).

**Needs and Uses:** The NOAA National Weather Service (NWS) National Hurricane Center (NHC) produces tropical cyclone text and graphical products to provide critical information about meteorological parameters of tropical storms and hurricanes that could threaten the United States and other countries. While NOAA has a good understanding of how many of its core partners (*i.e.*, emergency management personnel and broadcast meteorologists/members of the media) use these graphics, it is interested in how other professionals within key sectors (*i.e.*, transportation, marine, tourism, energy) and international users perceive these products and use them in decision-making. In particular, NOAA is interested in input on the NHC Track Forecast Cone (often referred to as the Cone of Uncertainty). In addition to appearing on NHC's website, the Cone is widely disseminated on social media, online (*e.g.*, local and national news websites), and on television—with broadcast meteorologists and private weather industry often making their own version of the graphic.

This request is for a web-based survey to collect data about the interpretation and use of the Cone of Uncertainty in the decision-making of key sectors that are at significant risk during a hurricane: energy/utilities, tourism, transportation, and marine. NOAA will use the data from the survey to determine how embedded the Cone of Uncertainty is in these key stakeholders' decision-making, as well as to determine what those decisions and implications look like (life and safety, loss reduction, other). It is vitally important for the NHC to understand this information before making any changes to the Cone graphic (*e.g.*, visualization changes with the intent of improving understanding).

**Affected Public:** Business or other for-profit organizations.

**Frequency:** Once.

**Respondent's Obligation:** Voluntary.

**Legal Authority:**

This information collection request may be viewed at [www.reginfo.gov](http://www.reginfo.gov). Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering the title of the collection.

**Sheleen Dumas,**

*Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.*
