

to IFA's estimate for pitch control units produced with foreign steel.

Public Comments on Waiver Request: In accordance with the Consolidated Appropriations Act of 2016 (Pub. L. 114–113) and the Continuing Appropriations Act of 2017 (Pub. L. 114–223), FHWA published a notice of intent to issue a waiver on its website, <https://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=155>, on February 19, 2020. The FHWA received six comments in response to the publication. Four comments supported the waiver, one comment was generally opposed to the waiver, and one comment was nonresponsive. The comment FHWA considered non-responsive appeared to request FHWA to publish notice of its waiver finding in the **Federal Register**, which FHWA does through this notice. The comment opposing the waiver did not offer any information on the availability of compliant products, nor did it suggest specific, additional actions that IFA could take to maximize its use of goods, products, and materials produced in the United States. Thus, IFA has not received any new information indicating that the subject parts can be produced by domestic manufacturers.

Finding and Request for Comments

Based on all the information available to the Agency, FHWA concludes that there are no domestic manufacturers of the reduction gear replacement parts and pitch control units needed for refurbishment of the M/V Stikine and M/V Prince of Wales by IFA. This finding is only for the procurement of non-domestic iron and steel components for refurbishment of two ferry vessels, specifically including (i) two sets of reduction gear replacement parts, one for the M/V Stikine ferry and the other for the M/V Prince of Wales ferry; and (ii) one set of pitch control units for the M/V Prince of Wales ferry.

The IFA and its contractors and subcontractors involved in the procurement of the reduction gear replacement parts and pitch control units are reminded of the need to comply with the Cargo Preference Act in 46 CFR part 38, if applicable.

In accordance with the provisions of Section 117 of the SAFETEA-LU Technical Corrections Act of 2008 (Pub. L. 110–244, 122 Stat. 1572), FHWA is providing this notice as its finding that a waiver of Buy America requirements is appropriate. The FHWA invites public comment on this finding for an additional 5 days following the effective date of the finding. Comments may be submitted to FHWA's website via the

link provided to the waiver page noted above.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Final Federal Agency Actions on Proposed Highway in Utah

AGENCY: Federal Highway Administration (FHWA), Department of Transportation, Utah Department of Transportation (UDOT).

ACTION: Notice of limitations on claims for judicial review of actions by UDOT and other federal agencies.

SUMMARY: The FHWA, on behalf of UDOT, is issuing this notice to announce actions taken by UDOT that are final Federal agency actions. The final agency actions relate to a proposed highway project, improvements to Interstate 15 (I–15), at milepost (MP) 11 in Washington City, Washington County, State of Utah. Those actions grant licenses, permits and/or approvals for the project. The UDOT's Record of Decision (ROD) provides details on the Selected Alternative for the proposed improvements.

DATES: By this notice, FHWA, on behalf of UDOT, is advising the public of final agency actions subject to 23 U.S.C. 139(I)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before September 3, 2020. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: Elisa Albury, Environmental Program Manager, UDOT Environmental Services, P.O. Box 143600, Salt Lake City, UT 84114; (801)–834–5284; email: ecalbury@utah.gov. UDOT's normal business hours are 8 a.m. to 5 p.m. (Mountain Time Zone), Monday through Friday, except State and Federal holidays.

SUPPLEMENTARY INFORMATION: Effective January 17, 2017, FHWA assigned to UDOT certain responsibilities of FHWA for environmental review, consultation, and other actions required by applicable Federal environmental laws and

regulations for highway projects in Utah, pursuant to 23 U.S.C. 327. Actions taken by UDOT on FHWA's behalf pursuant to 23 U.S.C. 327 constitute Federal agency actions for purposes of Federal law. Notice is hereby given that UDOT has taken final agency actions subject to 23 U.S.C. 139(I)(1) by issuing licenses, permits, and approvals for the I–15 Milepost 11 Interchange project in the State of Utah.

The project proposes to construct a new interchange at Main Street, widening Main Street from two lanes to five lanes between Buena Vista Boulevard and Telegraph Street, and improvements to the Green Spring Drive/Telegraph Street intersection. The purpose of the project is to maintain the operations and safety of I–15 between Exit 10 and Exit 13; and enhance the mobility and safety of the transportation system in Washington City's primary business district. These improvements were identified in the EIS prepared for the project by UDOT as Alternative 4. The project is included in UDOT's adopted 2020–2025 State Transportation Improvement Plan (STIP) as project number 14560 and is scheduled for final design and right-of-way acquisition in fiscal year 2022. The project is also included in Phase 1 (project number 36) of the Dixie Metropolitan Planning Organization's 2019–2050 *Regional Transportation Plan* approved in October 2019.

The actions by UDOT, and the laws under which such actions were taken, are described in the EIS approved on September 13, 2019, and the ROD (Record of Decision for I–15 Milepost Interchange; Washington City, Washington County, Utah, Project No. F–I15–1(166)11)) approved on September 13, 2019, and other documents in the UDOT project records. The EIS and ROD are available for review by contacting UDOT at the address provided above. In addition, these documents can be viewed and downloaded from the project website at www.mp11.org. This notice applies to the EIS, the ROD, the NHPA Section 106 review, the Endangered Species Act determination, the noise review and noise abatement determination, and all other UDOT and federal agency decisions and other actions with respect to the project as of the issuance date of this notice and all laws under which such actions were taken, including but not limited to the following laws (including their implementing regulations):

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2015–0320; FMCSA–2017–0254]

Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of renewal of exemptions; request for comments.

SUMMARY: FMCSA announces its decision to renew exemptions for four individuals from the requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) that interstate commercial motor vehicle (CMV) drivers have “no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV.” The exemptions enable these individuals who have had one or more seizures and are taking anti-seizure medication to continue to operate CMVs in interstate commerce.

DATES: The exemptions were applicable on March 22, 2020. The exemptions expire on March 22, 2022. Comments must be received on or before May 6, 2020.
