**PART 70—STATE OPERATING PERMIT PROGRAMS**

■ 3. The authority citation for part 70 continues to read as follows:

**Authority:** 42 U.S.C. 7401, *et seq.*

■ 4. Appendix A to part 70 is amended by adding paragraph (v) under “Iowa” to read as follows:

**Appendix A to Part 70—Approval Status of State and Local Operating Permits Programs**

\* \* \* \* \*

*Iowa*

\* \* \* \* \*

(v) The Iowa Department of Natural Resources submitted for program approval revisions to rules 567–22.100, 567–22.105(1), 567–22.106(2), 567–22.128(4), 567–22.300(8), and 567–22.300(12).

The state effective date is April 17, 2019. This revision is effective May 5, 2020.

**ENVIRONMENTAL PROTECTION AGENCY**

**40 CFR Part 271**

[EPA–R04–RCRA–2019–0673; FRL–10008–85–Region 4]

**Florida: Final Authorization of State Hazardous Waste Management Program Revisions**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final authorization.

**SUMMARY:** The Environmental Protection Agency (EPA) is granting Florida final authorization for changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). The Agency published a Proposed Rule on February 25, 2020, and provided for public comment. No

comments were received during the comment period on this Proposed Rule. No further opportunity for comment will be provided.

**DATES:** This final authorization is effective June 1, 2020.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA–R04–RCRA–2019–0673. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *e.g.*, Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available electronically through <http://www.regulations.gov>.

**FOR FURTHER INFORMATION CONTACT:** Leah Davis, RCRA Programs and Cleanup Branch, LCR Division, U.S. Environmental Protection Agency, Atlanta Federal Center, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960; telephone number: (404) 562–8562; fax number: (404) 562–9964; email address: [davis.leah@epa.gov](mailto:davis.leah@epa.gov).

**SUPPLEMENTARY INFORMATION:**

**A. What changes to Florida’s hazardous waste program is EPA authorizing with this action?**

Florida submitted a complete program revision application, dated September 16, 2019, seeking authorization of changes to its hazardous waste program in accordance with 40 CFR 271.21. EPA now makes a final decision that Florida’s hazardous waste program revisions that are being authorized are equivalent to, consistent with, and no less stringent than the Federal program, and therefore satisfy all of the requirements necessary to qualify for final authorization. For a list of State rules being authorized with this final authorization, please see the Proposed

Rule published in the February 25, 2020, **Federal Register** at 85 FR 10643.

**B. What is codification and is EPA codifying Florida’s hazardous waste program as authorized in this rule?**

Codification is the process of placing citations and references to the State’s statutes and regulations that comprise the State’s authorized hazardous waste program into the Code of Federal Regulations. EPA does this by adding those citations and references to the authorized State rules in 40 CFR part 272. EPA is not codifying the authorization of Florida’s revisions at this time. However, EPA reserves the ability to amend 40 CFR part 272, subpart K, for the authorization of Florida’s program changes at a later date.

**C. Statutory and Executive Order Reviews**

This final authorization revises Florida’s authorized hazardous waste management program pursuant to Section 3006 of RCRA and imposes no requirements other than those currently imposed by State law. For further information on how this authorization complies with applicable executive orders and statutory provisions, please see the Proposed Rule published in the February 25, 2020, **Federal Register** at 85 FR 10643. The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this document and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication in the **Federal Register**. A major rule cannot take effect until 60 days after it is

published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2). This final action will be effective June 1, 2020.

#### List of Subjects in 40 CFR Part 271

Environmental protection, Administrative practice and procedure, Confidential business information, Hazardous waste, Hazardous waste transportation, Indian lands, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements.

**Authority:** This action is issued under the authority of sections 2002(a), 3006, and 7004(b) of the Solid Waste Disposal Act as amended, 42 U.S.C. 6912(a), 6926, and 6974(b).

Mary Walker

Regional Administrator, Region 4.

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 648

[Docket No.: 200522–0145]

RIN 0648–BJ80

#### Fisheries of the Northeastern United States; Atlantic Sea Scallop Fishery; Extend Portions of the Fishing Year 2019 Scallop Carryover Provisions

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; emergency action.

**SUMMARY:** This temporary rule implements emergency measures under the authority of the Magnuson-Stevens Fishery Conservation and Management Act to extend portions of the fishing year 2019 carryover provisions in the Atlantic Sea Scallop Fishery Management Plan into the 2020 fishing year. This action is necessary to provide the scallop fleet with the opportunity to land allocations that otherwise may have gone unharvested and reduce economic harm to the scallop industry.

**DATES:** Effective June 1, 2020, through November 28, 2020. Comments must be received by July 1, 2020.

**ADDRESSES:** For this action, NMFS developed a Supplemental Impact Report (SIR) for the Environmental Assessment (EA) for Framework 32 to the Atlantic Sea Scallop Fishery

Management Plan (FMP) that describes the measures in this temporary rule. Copies of the SIR and the Regulatory Impact Review of this rulemaking are available on the internet at <https://www.fisheries.noaa.gov/region/new-england-mid-atlantic>.

You may submit comments on this document, identified by NOAA–NMFS–2020–0072, by either of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to [www.regulations.gov/](http://www.regulations.gov/) #!docketDetail;D=NOAA-NMFS-2020-0072, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.
- **Email:** Submit email comments to [Travis.Ford@noaa.gov](mailto:Travis.Ford@noaa.gov). Include “Comments on Emergency Rule to Extend Scallop Carryover” in the subject line.

**Instructions:** Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on [www.regulations.gov](http://www.regulations.gov) without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

**FOR FURTHER INFORMATION CONTACT:** Travis Ford, Fishery Policy Analyst, 978–281–9233.

#### SUPPLEMENTARY INFORMATION:

##### Background

On April 1, 2019, NMFS implemented Framework Adjustment 30 to the Scallop FMP (84 FR 11436; March 27, 2019), which set specifications for fishing year 2019, including carryover provisions for limited access general category (LAGC) individual fishing quota (IFQ), sea scallop access area trip allocations, and research set-aside (RSA). On April 1, 2020, NMFS implemented Framework Adjustment 32 to the Scallop FMP (85 FR 17754; March 31, 2020), which set specifications for the 2020 fishing year. Typically, a limited access vessel has 60 days (until May 30) to fish any access area carryover from the previous fishing year. An IFQ vessel can carry over up to 15 percent of the vessel’s total IFQ, which includes the vessel’s original IFQ plus the total amount of IFQ transferred

to such vessel minus the total IFQ transferred from such vessel (either temporary or permanent), into the next fishing year. RSA projects are generally awarded in the spring, and the recipients have until June 30 the following fishing year to land the awarded scallops.

Toward the end of the 2019 fishing year (March 2020), the scallop industry began to experience negative impacts due to ongoing health mandates and travel restrictions that made it difficult for vessels to make trips. These impacts include disruptions in getting supplies and the inability for crew to access ports.

At its April 15, 2020, meeting, the Council requested that NMFS implement the following measures through an emergency action:

- All 2019 access area carryover pounds and unharvested RSA compensation pounds from fishing year 2019 will be available for harvest for 180 days in fishing year 2020.
- The Nantucket Lightship-West Access Area (NLS-West) would remain an access area during fishing year 2020 for the extent of this emergency action.
- All LAGC IFQ vessels would be able to roll forward all fishing year 2019 unharvested quota for 180 days into fishing year 2020.

After considering the Council’s request, NMFS is extending the carryover provisions as requested by the Council with minor changes. The Council’s emergency action request would have extended these carryover provisions through September 28, 2020. The rationale from the Council’s emergency action request stated that, “Fishing unharvested fishing year 2019 allocations during the fall months could have negative impacts on the scallop resource considering these months are known to have the lowest meat yields in comparison to the rest of the year. Fishing when meat yields are lower means catch rates will be reduced, translating to greater fishing mortality, greater area swept, and negative impacts to the scallop resource relative to if fishing occurred during the spring/summer months.” On Georges Bank, scallop meat yields sharply decline in September. Further, observer data from the NLS-West (the area where the bulk of the carryover allocation remains, ~3.2 million lb (~1,451 mt) from fishing years 2018 and 2019 show a spike in discard/kept all rates for flatfish beginning in September. For these reasons, this action allows LAGC IFQ vessels to carryover all fishing year 2019 unharvested quota into fishing year 2020, but only extends the access area
