Title: Youth Conservation Corps Application & Medical History Forms.
OMB Control Number: 0596–0084.

Summary of Collection: 16 U.S.C. 1701–1706, Chapter 37—Youth Conservation Corps and Public Lands Corps, Subchapter I—Youth Conservation Corps (Youth Conservation Corps Act of 1970 (Pub. L. 91–378; 84 Stat. 794) as amended in 1972 (Pub. L. 92–597) and in 1974 (Pub. L. 93–408), hereafter referred to as "the

Act."). This information collection request is submitted on behalf of the USDA Forest Service (FS) and Department of the Interior agencies Fish and Wildlife Service and National Park Service to collect information on applications and medical history forms to evaluate the eligibility of youths 15 to 18 years old for employment with the Youth Conservation Corps (YCC). FS and the Department of Interior cooperate to provide seasonal employment for eligible youth and in doing so prepare the young adults of this country for the ultimate responsibility of maintaining and managing these resources for the American people.

Need and Use of the Information: Youth, ages 15–18, who seek training and employment with participating agencies through the YCC must complete an application form (FS–1800–18) and once selected for employment must complete a medical history form (FS–1800–3). The applicant's parents or guardian must sign both forms. The application form is used in the random selection process and the medical history form provides information needed to determine certification of suitability, any special medical or medication needs, and a file record for the Federal Government and participants. The information collected provides participating agencies with data needed to select program participants.

Description of Respondents: Individuals or households.

Number of Respondents: 8,599.
