* The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections

of those LAPSA-accredited laboratories was transferred to the U.S. HHS, with the HHS' NLCP contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to be qualified, HHS will recommend that DOT certify the laboratory (**Federal Register**, July 16, 1996) as meeting the minimum standards of the Mandatory Guidelines published in the **Federal Register** on January 23, 2017 (82 FR 7920). After receiving DOT certification, the laboratory will be included in the monthly list of HHS-certified laboratories and participate in the NLCP certification maintenance program.

SUPPLEMENTARY INFORMATION:

HUD posted its FY 2017 HUD Community Compass Technical Assistance and Capacity Building Program on [grants.gov](https://www.grants.gov) on August 14, 2017, (FR-6100-N-06). The competition closed on September 28, 2017. HUD rated and selected for funding based on selection criteria contained in the NOFA. Initial awards were announced via the FR Notice published on May 17, 2018. Today's Notice announces ten (10) additional awards totaling \$7,799,160. Three of the ten awards were amendments to the initial awards for technical assistance and capacity building support to grantees of HUD's Homeless Assistance Grant programs. The other seven (7) awards are new awards issued to applicants under the NOFA, to support the technical assistance needs of grantees of HUD's Disaster Recovery program. The Community Compass Technical Assistance and Capacity Building Program is designed to help HUD grantees and other customers navigate complex housing and community development challenges by equipping them with the knowledge, skills, tools, capacity, and systems to implement HUD programs and policies successfully and be more effective stewards of HUD funding.

HUD posted its FY 2018 HUD Community Compass Technical Assistance and Capacity Building Program on [grants.gov](https://www.grants.gov) on December 17, 2018, (FR-6200-N-06). The competition closed on March 14, 2019. HUD rated and selected for funding based on selection criteria contained in the NOFA. This competition awarded \$155,840,288.34 to 26 recipients to provide technical assistance and capacity building services to grantees and other customers of HUD's Offices of Community Planning and Development (CPD), Public and Indian Housing (PIH), Housing, Policy Development and Research (PD&R), and Fair Housing and Equal Opportunity (FHEO). The awards also include SUPPORT Act, CARES Act, and Disaster Recovery funding for technical assistance to CPD grantees.

HUD posted its FY 2018 Rural Capacity Building for Community Development and Affordable Housing Grants competition on [grants.gov](https://www.grants.gov) on April 8, 2019, (FR-6300-N-08). The competition closed on June 11, 2019. HUD rated and selected for funding based on selection criteria contained in the NOFA. This competition awarded \$5,000,000 to 3 recipients to enhance the capacity and ability of rural housing development organizations, Community Development Corporations (CDCs), Community Housing Development

Organizations (CHDOs), local governments, and Indian tribes (eligible beneficiaries) to carry out affordable housing and community development activities in rural areas for the benefit of low- and moderate-income families and persons. The Rural Capacity Building program achieves this by funding National Organizations with expertise in rural housing and rural community development who work directly to build the capacity of eligible beneficiaries. RCB program funds are limited to activities that strengthen the organizational infrastructure and management capabilities of eligible beneficiaries serving rural areas. Through these activities, eligible beneficiaries increase their capacity to carry out community development and affordable housing activities that benefit low-income or low- and moderate-income families and persons in rural areas.

HUD posted its FY 2019 Self-Help Homeownership Opportunity Program (SHOP) competition on *grants.gov* on July 9, 2019, (FR-6300-N-19). The competition closed on September 9, 2019. HUD rated and selected for funding based on selection criteria contained in the NOFA. This competition awarded \$10,000,000 to four recipients to provide eligible national and regional non-profit organizations and consortia to purchase home sites, develop or improve the infrastructure needed to set the stage for sweat equity, and volunteer-based homeownership programs for low-income persons and families. SHOP funds must be used for eligible expenses to develop decent, safe and sanitary non-luxury housing for low-income persons and families who otherwise

would not be able to afford to become homeowners.

HUD posted its FY 2019 Section 4 Capacity Building for Community Development and Affordable Housing Grants (Section 4) on *grants.gov* on January 9, 2020, (FR-6300-N-07). The competition closed on March 12, 2020. HUD rated and selected for funding based on selection criteria contained in the NOFA. This competition awarded \$35,000,000 to 3 recipients to the capacity and ability of Community Development Corporations (CDCs) and Community Housing Development Organizations (CHDOs) to carry out affordable housing and community development activities that benefit low- and moderate-income families and persons. Funds may be used to provide training, education, support, and advice to enhance the technical and administrative capabilities of CDCs and CHDOs; and as financial assistance to CDCs and CHDOs to increase their capacity to carry out community development and affordable housing activities.

HUD posted its FY 2019 Veterans Housing Rehabilitation and Modification Pilot Program on *grants.gov* on April 19, 2019, (FR-6300-N-39). The competition closed on May 22, 2019. HUD rated and selected for funding based on selection criteria contained in the NOFA. This competition awarded \$4,824,000 to five recipients to provide nationwide or statewide programs which primarily serve veterans and/or low-income individuals. Program funds must also be used to assist our nation's low-income veterans living with disabilities who need adaptive housing to help them regain or maintain their independence. In partnership with the U.S. Department

of Veterans Affairs, HUD is addressing these challenges by awarding competitive grants to organizations that primarily serve veterans and low-income people.

HUD posted its FY2018/2019 Indian Housing Block Grant (IHBG) Program—Competitive Grants on *grants.gov* on May 7, 2019, (FR-6300-N-48). The competition closed on August 8, 2019. HUD rated and selected for funding based on selection criteria contained in the NOFA. This competition awarded \$205,986,618 to 54 eligible Indian tribes and Tribally Designated Housing Entities (TDHEs) for projects that spur new construction and rehabilitation of affordable housing units in Indian Country. The FY 2018/2019 IHBG Competitive NOFA also encouraged other affordable housing projects under Title I of the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C.4101 *et seq.*), including necessary infrastructure projects and other eligible affordable housing activities.

In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989 (103 Stat. 1987, 42 U.S.C. 3545(a)(4)(C)), the Department is publishing the awardees and the amounts of the awards in Appendices A thru G of this document.

Director, Grants Management and Oversight.
