

Proprietary/Broker-Dealers, and Professional Customers from \$0.48 to \$0.50 per contract does not impose an undue burden on competition as all Non-Priority Customers would be assessed the same Complex Order Maker Fees for Select Symbols when trading against Priority Customer. Priority Customer orders bring valuable liquidity to the market which liquidity benefits other market participants. Priority Customers are not assessed Complex Order Maker Fees for Select Symbols when trading against Priority Customer.

The Exchange's proposal to amend note 3 of Options 7, Section 4 with respect to Complex Order Maker Fees for Select Symbols when trading against Priority Customer for Market Makers as well as Complex Order Taker Fees for Select Symbols for Market Makers does not impose an undue burden on competition. Market Makers would continue to be permitted to lower their Maker Fees for Select Symbols when trading against Priority Customers, as well as Taker Fees for Select Symbols, provided the Market Maker qualified for Priority Customer Complex Order Tiers 8, 9 or 10. Today, Market Makers are able to lower their Maker Fees for Select Symbols when trading against Priority Customers, as well as Taker Fees for Select Symbols, provided they qualify for Priority Customer Complex Order Tiers 8 or 9. With this proposal Market Makers would also be able to lower their Maker Fees for Select Symbols when trading against Priority Customers, as well as Taker Fees for Select Symbols, if they qualify for new Priority Customer Complex Order Tier 10. Unlike other market participants, Market Makers have an obligation to maintain quotes¹⁷ and provide liquidity in the regular market. The Exchange is providing Market Makers the opportunity to reduce their Maker Fees for Select Symbols when trading against Priority Customers, as well as Taker Fees for Select Symbols, provided the Market Maker qualified for Priority Customer Complex Order Tiers 8, 9 or 10, to incentivize these market participants to continue to provide liquidity on ISE.

Technical Amendments

The Exchange's proposal to remove reserved note 17 within Options 7, Section 4 does not impose an undue burden on competition as this note is not necessary and the amendment is non-substantive. The Exchange's proposal to remove obsolete date references and an obsolete rate within Options 7, Section 9.C. related to the

Options Regulatory Fee does not impose an undue burden on competition.

proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The proposed rule change was published for notice and comment in the **Federal Register** on June 1, 2020.¹⁰ November 28, 2020 is 180 days from that date, and January 27, 2021 is 240 days from that date. The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider the proposed rule change. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,¹¹ designated January 27, 2021 as the date by which the Commission shall either approve or disapprove the proposed rule change, as modified by Amendment No.1 (File No. SR-BOX-2020-16).
