Appendix I

Scope of the Investigation

The merchandise covered by this investigation consists of twist ties, which are thin, bendable ties for closing containers, such as bags, bundle items, or identifying objects. A twist tie in most circumstances is comprised of one or more metal wires encased in a covering material, which allows the tie to retain its shape and bind against itself. However, it is possible to make a twist tie with plastic and no metal wires. The metal wire that is generally used in a twist tie is stainless or galvanized steel and typically measures between the gauges of 19 (.0410" diameter) and 31 (.0132") (American Standard Wire Gauge). A twist tie usually has a width between .075" and 1" in the cross-machine direction (width of the tie—measurement perpendicular with the wire); a thickness between .015" and .045" over the wire; and a thickness between .002" and .020" in areas without wire. The scope includes an all-plastic twist tie containing a plastic core as well as a plastic covering (the wing) over the core, just like paper and/or plastic in a metal tie. An all-plastic twist tie (without metal wire) would be of the same measurements as a twist tie containing one or more metal wires. Twist ties are commonly available individually in pre-cut lengths ("singles"), wound in large spools to be cut later by machine or hand, or in perforated sheets of spooled or single twist ties that are later slit by machine or by hand ("gangs").

The covering material of a twist tie may be paper (metallic or plain), or plastic, and can be dyed in a variety of colors with or without printing. A twist tie may have the same covering material on both sides or one side of paper and one side of plastic. When comprised of two sides of paper, the paper material is bound together with an adhesive or plastic. A twist tie may also have a tag or label attached to it or a pre-applied adhesive attached to it.

Excluded from the scope of the order are twist ties packaged with bags for sale together where the quantity of twist ties does not exceed twice the number of bags in each package. Also excluded are twist ties that constitute part of the packaging of the imported product, for example, merchandise anchored/secured to a backing with twist ties in the retail package or a bag of bread that is closed with a twist tie.

Twist ties are imported into the United States under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 8309.90.0000 and 5609.00.3000. Subject merchandise may also enter under HTSUS subheadings 3920.51.5000, 3923.90.0080, 3926.90.9990, 4811.59.6000, 4821.10.2000, 4821.10.4000, 4821.90.2000, 4821.90.4000, and 4823.90.8600. These HTSUS subheadings are provided for reference only. The written description of the scope of the investigation is dispositive.

interested party,¹ and nine Taiwanese companies,² Commerce published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on certain steel nails from Taiwan covering 141 companies and the period July 1, 2019 through June 30, 2020.³

On September 21, 2020, the petitioner timely withdrew its request for administrative review of all companies originally requested, except for one company, Create Trading Co., Ltd.⁴ As noted above, nine Taiwanese companies also self-requested an administrative review. On October 15, 2020, pursuant to 19 CFR 351.213(d)(1), Commerce rescinded the administrative review, in part, of all companies under review except for Create Trading Co., Ltd. and the nine companies that self-requested an administrative review and for which their requests for review had not been withdrawn at that time.⁵ Subsequently, on November 30, 2020, the nine Taiwanese companies timely withdrew their requests for review.⁶

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review. Because all requests for administrative review of the nine companies that self-

requested review were withdrawn within 90 days of the date of publication of the *Initiation Notice* and no other interested party requested a review of these nine companies, in accordance with 19 CFR 351.213(d)(1), Commerce is rescinding this review with respect to these companies: (1) China Staple Enterprise Corporation, (2) Hor Liang Industrial Corp., (3) Hoyi Plus Co., Ltd., (4) Liang Chyuan Industrial Co., Ltd., (5) Romp Coil Nail Industries Inc., (6) Trim International Inc., (7) UJL Industries Co., Ltd., (8) Yu Chi Hardware Co., Ltd., and (9) Zon Mon Co., Ltd.

The administrative review remains active only with respect to Create Trading Co., Ltd., which has filed a certification of no reviewable sales.⁷

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period July 1, 2019 through June 30, 2020, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction

of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: December 7, 2020.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
