SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: This ICR calculates the burden and costs associated with reporting and record-keeping activities required under the Final Effluent Limitations Guidelines (ELG) and Standards for the Dental Category. For purposes of this estimate, EPA assumed all existing dentists affected by the original rulemaking would have complied with the One-Time Compliance Reporting by the time of this ICR renewal. This estimate includes the effort for One-Time Compliance Reporting for new dental offices which open during the ICR period and those which transfer ownership and conduct annual recordkeeping. This estimate is based on average total compensation labor rates from the Bureau of Labor Statistics for the dental office personnel involved in collecting and reporting the information required. This estimate also includes the effort for control authorities to review the information submitted by dentists that certify they meet the requirements of the final rule. EPA estimates that there will be no start-up or capital costs associated with the information described above. Respondent reports may contain confidential business information. If a respondent does consider this information to be of a confidential nature, the respondent may request that such information be treated as confidential. All confidential data will be handled in accordance with 40 CFR 122.7, 40 CFR part 2, and EPA's Security Manual part III, chapter 9, dated August 9, 1976.

Form Numbers: None.

Respondents/affected entities: Dentists, Control Authorities.

Respondent's obligation to respond: Mandatory (40 CFR 403 & 441).

Estimated number of respondents: 124,378 annual average (122,741 permittees and 1,637 Publicly Owned Treatment Works and States/Tribes/Territories).

Frequency of response: One time.

Total estimated burden: 392,646 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$11,065,904 (per year), includes \$9,671 in non-labor costs (i.e., postage and file storage).

Changes in the Estimates: There is a decrease of 39,467 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. The burden decrease is based on the assumption that all existing dental offices which place or remove amalgam submitted the required One-Time Compliance Report during the prior ICR period. EPA is assuming a one percent growth rate in dental offices and that only new dental offices and dental offices transferring ownership will be doing the One-Time Compliance Reporting.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Public Health Emergency Workplace Response System (New)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), Public Health Emergency Workplace Response System (EPA ICR Number 2676.01, OMB Control Number 2030-NEW) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a request for emergency approval of a new collection. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

FOR FURTHER INFORMATION CONTACT: Daniel Coogan, Office of Resource and Business Operations, Office of Mission Support, Environmental Protection Agency; telephone number: 202-564-1862; email address: coogan.daniel@epa.gov.

SUPPLEMENTARY INFORMATION: Pursuant to section 3507(j) of the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 et seq.), as implemented in the Office of Management and Budget (OMB) regulations at 5 CFR 1320.13, EPA is hereby requesting emergency processing of an information collection necessary for contact tracing EPA employees, contractors and grantee recipients that perform work in EPA facilities.

Abstract: Because of the substantial risk to life, safety, or health of the workforce and the public, EPA requests an emergency approval to collect the necessary information from Federal employees, detailees, interns, volunteers, grantee recipients and contractors that perform work in EPA facilities to implement an effective COVID-19 Contact Tracing program.

Each item of information requested is based on CDC and industry best practice for Contact Tracing. This information is necessary to identify individuals in the workforce who are COVID-19 positive and to notify and trace persons in the workforce who were in close contact with the COVID-19 positive employee. Including contractors, interns, grantees, and volunteers, enables EPA to capture the total workforce and take appropriate action.

The following information will be collected for COVID Contact Testing:

- Name;
- Work location;
- Contact information;
- Supervisor;
- Health status;
- Close contacts (as defined by CDC) when in the office; and
- Building and floors visited during period of possible transmission (as defined by CDC).

Form Numbers: None.

Respondents/affected entities: EPA's Contract Tracing Program participants, including detailees, interns, volunteers, grantee recipients and contractors.

Respondent's obligation to respond: Voluntary.

Estimated number of respondents: 250 (total).

Frequency of response: Once.

Total estimated burden: 63 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$0 (per year), which includes annualized capital or operation & maintenance costs.

Changes in the Estimates: This is a new collection for information necessary for contact tracing EPA employees, contractors and grantee recipients that perform work in EPA facilities.

Courtney Kerwin,

Director, Regulatory Support Division.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Notice of Arrival of Pesticides and Devices Under Section 17(c) of FIFRA (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), Notice of Arrival of Pesticides and Devices under section 17(c) of FIFRA (EPA ICR Number 0152.13 and OMB Control Number 2070-0020) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through December 31, 2020. Public comments were previously requested via the **Federal Register** on May 8, 2020 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before February 1, 2021.

ADDRESSES: Submit your comments to EPA, referencing Docket ID Number EPA-HQ-OPP-2016-0122, online using www.regulations.gov (our preferred method), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460. EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public

Abstract: The U.S. Customs and Border Protection (Customs) regulations at 19 CFR 12.112 require that an importer desiring to import a pesticide or device into the United States shall, prior to the shipment's arrival in the United States, submit a Notice of Arrival (NOA) of Pesticides and Devices (EPA Form 3540-1 or its Customs-authorized electronic equivalent) to EPA. Once EPA receives the NOA, EPA will determine the disposition of the shipment upon its arrival in the United States. Upon completing its review, the EPA response is sent to the importer of record or licensed customs broker, who must present the NOA to Customs upon arrival of the shipment at the port of entry. This is necessary to ensure that EPA is notified of the arrival of pesticides and pesticidal devices as required under section 17(c) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), and that EPA has the ability to examine such shipments to determine compliance with FIFRA. Customs compares entry documents for the shipment with the NOA and notifies the EPA regional office of any discrepancies. Alternatively, importers may submit NOA information electronically through Customs' Automated Commercial Environment (ACE). Most of the electronic filings are automatically processed, and an early indication is provided to the filer if the initial reporting requirements have been met and if the shipment can be released upon arrival at the port of entry. For those filings that do not meet the reporting requirements, automatic checks will be performed to notify the filer of errors. For filings that require
