Visa Restrictions Imposed

Although no visa restrictions were imposed under the Act during 2020, persons designated pursuant to E.O. 13818 shall be subject to the visa restrictions articulated in section 2, unless an exception applies. Section 2 provides that the entry of persons designated under section 1 of the order is suspended pursuant to Presidential Proclamation 8693. In 2020, the State Department also applied, when appropriate, visa restrictions on foreign persons involved in significant corruption or gross violation of human rights under other authorities, reported to Congress through other means. As appropriate, the Department of State will take additional action to impose visa restrictions on those responsible for certain human rights violations and significant corruption pursuant to other authorities, including Presidential Proclamations 7750 and 8697, and Section 7031(c) of the FY2020 Department of State, Foreign Operations, and Related Programs, as carried forward by the FY2021 Continuing Appropriations Act, 2021. In addition, section 212(a)(3)(E) of the Immigration and Nationality Act renders aliens ineligible for visas if a

consular officer has reason to believe that they participated in acts of genocide, torture or extrajudicial killings.

Efforts To Encourage Governments of Other Countries To Impose Sanctions Similar to Those Authorized by the Act

In 2020, the Administration continued its successful outreach campaign to international partners regarding the expansion of domestic and multilateral anticorruption and human rights sanctions regimes. Following support by the Departments of State and the Treasury over the course of 2018–2019 to deliver expertise on the underpinnings of the Global Magnitsky sanctions program, the United Kingdom established a Global Human Rights (GHR) sanctions regime pursuant to its Sanctions and Anti-Money Laundering Act 2018 on July 6, 2020. In February 2020, the Departments of State and the Treasury formed a technical delegation to brief Australian partners at the invitation of Parliament, which initiated an inquiry into whether Australia should adopt a human rights-based sanctions regime. The Administration also welcomed the European Union's adoption of its global human rights sanctions framework on December 7, 2020. Over the last year, the Administration has worked closely with the Canadian and British governments in pursuing coordinated actions against human rights abusers and corrupt actors. Throughout this and future outreach, the Administration has identified champions, partners, and potential spoilers of the objectives established by Congress within the Act. The Departments of State and the Treasury have, over the last year, shared information, coordinated messaging, and provided technical assistance to this end. The Administration will continue to seek out additional allies and partners to jointly leverage all tools at our disposal to deny access to the U.S. and international financial systems to all those who engage in serious human rights abuses and corruption.

Dated: December 23, 2020.

Abstract of Proposed Collection

TechGirls enables students aged 15–17 to gain exposure to a range of careers in science, technology, engineering, and mathematics (STEM) through a month-long summer scholarship program in the United States. The program includes programming bootcamp, leadership skills development, job shadow with women in STEM fields, and a home stay with U.S. families. In addition to exposure to career and educational

pathways, participants gain understanding of the United States and its culture and create a network of STEM-focused alumnae upon their return home. The authority for the program is the Mutual Educational and Cultural Exchange Act of 1961, as amended (22 U.S.C. 2451 *et seq.*).

In order to assess the efficacy and impact of TechGirls, the U.S. Department of State's Bureau of Educational and Cultural Affairs (ECA) intends to conduct an evaluation of the program, which will include collection of data from program alumnae between 2012 and 2019, program staff, host families in the United States, and job shadow hosts. As the TechGirls program has been running for almost 10 years, ECA is conducting this evaluation to determine the extent to which the program is achieving its long-term goals. In order to do so, ECA has contracted Dexis Consulting Group to conduct surveys with alumnae and surveys with their host families, program staff, and job shadow hosts.

Methodology

As baseline information is limited to initial profiles, it is necessary to collect information directly from program alumnae to assess the outcomes of the TechGirls experience, particularly in the areas of educational and career trajectories and networking with others. Additional perspectives will be sought from the participants' host families and job shadow hosts. All of these groups will receive online surveys.

Deputy Assistant Secretary for Policy, Bureau of Educational and Cultural Affairs, Department of State.
