

commercial and recreational for hire fishermen, fish dealers, seafood processors, bait and tackle shops, and boat repair/marine supply/other associated businesses.

NMFS will use the data to prepare the required economic and socio-economic evaluations and to improve research and analysis of potential fishery management actions by understanding the immediate, quarterly or semi-annual, and/or long-term compounding effects of catastrophic events on the commercial and recreational fishing industries and the communities most dependent on those industries.

The proposed revisions would expand the coverage of the currently approved information collection in two ways. First, they would expand the types of catastrophic events from “hurricanes and other climate related natural disasters” to events including hurricanes, tsunamis, floods, freshwater intrusions, severe harmful algal blooms (e.g., red tides), extreme temperatures, oil spills, and pandemics. Second, they would extend the geographic scope from the “Eastern, Gulf Coast and Caribbean Territories of the United States” to all regions and territories of the United States. These proposed expansions are reflected in the request to change the title from “Assessment of the Social and Economic Impact of Hurricanes and Other Climate Related Natural Disasters on Commercial and Recreational Fishing Industries in the Eastern, Gulf Coast and Caribbean Territories of the United States” to “Data Collections to Support Comprehensive Economic and Socio-Economic Evaluations of the Fisheries in Regions of the United States Affected by Catastrophic Events.” NMFS will improve the survey instruments and collection methods based on lessons learned from conducting and assessing the previous information collections. The frequency of reporting will be from one to four times a year for each catastrophic event.

II. Method of Collection

NMFS will use a combination of in-person, telephone and video call interviews, as well as mail and internet surveys, to collect the required information.

III. Data

OMB Control Number: 0648–0767.

Form Number(s): None.

Type of Review: Regular submission [revision of a currently approved collection].

Affected Public: Individuals or households and business or other for-profit organizations.

Estimated Number of Respondents: 10,400.

Estimated Time per Response: Rapid Response and Quarterly to Semi-Annual Fisherman Survey: 20 min; Long Term Response Fisherman Survey: 20 min; Rapid Response and Quarterly to Semi-Annual Fishing Related Business Survey: 20 min; Long Term Response Fishing Related Business Survey: 20 min.

Estimated Total Annual Burden Hours: 3,463.

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Voluntary.

Legal Authority: Magnuson-Stevens Fishery Conservation and Management Act SEC. 315(c).

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.
