

6(b)(1)⁷ and 6(b)(5)⁸ in particular in that it is designed:

- To enable the Exchange to enforce compliance by its TPHs and persons associated with its TPHs with the provisions of the rules of the Exchange,
- to prevent fraudulent and manipulative acts and practices,
- to promote just and equitable principles of trade,
- to foster cooperation and coordination with persons engaged in facilitating transactions in securities,
- to remove impediments to and perfect the mechanism of a free and open market and a national market system,
- and in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change serves to strengthen CFE's ability to carry out its responsibilities as a self-regulatory organization. First, the proposed rule change provides guidance to TPHs regarding the type of information that must be included within Cancel Orders and Cancel Replace/Modify Orders. Second, the proposed rule change contributes to enhancing the effectiveness of CFE's audit trail program by helping to assure that required information is included within Cancel Orders and Cancel Replace/Modify Orders and that single Orders, Bulk Messages, and Quotes without required information or with non-permitted information are not accepted by the CFE System. Third, the proposed rule change furthers CFE's ability to enforce compliance with CFE rules since the Exchange plans to utilize this audit trail information in connection with its surveillance of CFE's market and in connection with reviewing trading activity on CFE's market for rule compliance. The Exchange believes that the proposed rule change is equitable and not unfairly discriminatory in that the rule amendments included in the proposed rule change would apply equally to all TPHs.

B. Self-Regulatory Organization's Statement on Burden on Competition

CFE does not believe that the proposed rule change will impose any burden on inter-market competition not necessary or appropriate in furtherance of the purposes of the Act, in that the proposed rule change will enhance CFE's ability to carry out its responsibilities as a self-regulatory organization. The Exchange believes that the proposed rule change will not impose any undue burden on intra-

market competition because the rule amendments included in the proposed rule change would apply equally to all TPHs.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change will become operative on March 15, 2021. At any time within 60 days of the date of effectiveness of the proposed rule change, the Commission, after consultation with the CFTC, may summarily abrogate the proposed rule change and require that the proposed rule change be refiled in accordance with the provisions of Section 19(b)(1) of the Act.⁹
