I. Funding Opportunity Description

Purpose of Program: The SAIHE program supports IHEs that the Secretary determines, after allocating funds under section 314(a) of the CRRSAA, have unmet needs related to coronavirus.

Background: On December 27, 2020, the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), division M of, Public Law 116-260, was signed into law. Section 314(a)(3) of CRRSAA provides 0.5 percent, or approximately \$113.5 million, of a portion of the Education Stabilization Fund for part B of title VII of the Higher Education Act of 1965 (HEA), as amended, for public and private nonprofit institutions of higher education that the Secretary determines have, after allocating other funds available under CRRSAA HEERF, the greatest unmet needs related to coronavirus, including institutions with large populations of graduate students and institutions that did not otherwise receive an allocation under CRRSAA. We note that, while proprietary institutions were eligible for grants under CARES Act section 18004(a)(1), they are not considered an eligible institution under this program as eligibility is limited under CRRSAA section 314(a)(3) to those institutions that are eligible under part B of title VII of the HEA.

Therefore, to determine the types of institutions that would be funded under the statutory focus of “greatest unmet needs related to coronavirus,” the Department published a notice on February 25, 2021,¹ that announced the Department’s proposed institutional eligibility criteria for the SAIHE program and invited public comment.

The Department accepted public comments from February 25, 2021 through March 8, 2021. The Department received comments from fourteen entities representing institutions of higher education and trade organizations. Of the comments received, many of the comments supported funding for Minority Serving Institutions (MSIs), especially those IHEs not included in the MSI, Strengthening Institutions Program (SIP) allocation tables. Additionally, while there was a positive response with the criteria included in the notice, many of the commentors further noted the importance of including institutions serving low-income and diverse populations. Also, some of the commentors requested funding to support institutions serving high graduate populations. The Department also received comments that requested funding for institutions that serve high populations of students with financial needs, including institutions in rural areas, citing the limited resources and economic challenges for students. There was also a comment to place emphasis on trade schools, apprenticeships, and training programs.

Therefore, after reviewing the comments received and discussions with several organizations representing institutions of higher education, the Department believes that the types of IHEs highlighted under each absolute priority capture the intent of CRRSAA 314 (a)(3). The groups of IHEs that the Department has categorized as meeting the statutory focus of having additional needs related to institutional and student costs associated with coronavirus are described under each priority. This notice establishes the eligibility requirements an institution must meet to be funded under one of the seven absolute priorities.

Under Absolute Priority 1, the Department will provide funding to institutions that were not designated as eligible under the HEA, as amended, title III and V programs at the time that the Department allocated funds under CRRSAA section 314(a)(2)—Minority Serving Institution (MSI)/Strengthening Institutions Program (SIP)—but that
