Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones (FTZ) Act provides for “. . . the establishment . . . of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes,” and authorizes the Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

Whereas, the Board adopted the alternative site framework (ASF) (15 CFR Sec. 400.2(c)) as an option for the establishment or reorganization of zones;

Whereas, the Bridgeport Port Authority, grantee of Foreign-Trade Zone 76, submitted an application to the Board (FTZ Docket B-24-2021, docketed March 19, 2021) for authority to reorganize under the ASF with a service area of Fairfield and Litchfield Counties as well as a portion of New Haven County, Connecticut, in and adjacent to the Bridgeport Customs and Border Protection port of entry, FTZ 76's existing Site 5 would be categorized as a magnet site, and existing Subzone 76A would become a subzone under the ASF;

SUPPLEMENTARY INFORMATION:

Background

On February 24, 2016, the Trade Facilitation and Trade Enforcement Act of 2015 was signed into law, which contains Title IV—Prevention of Evasion of Antidumping and Countervailing Duty Orders, commonly referred to as the Enforce and Protect Act of 2015 or EAPA.¹ Effective August 22, 2016, section 421 of EAPA added section 517 to the Tariff Act of 1930, as amended (the Act), which establishes a formal process for CBP to investigate allegations of the evasion of AD and CVD orders. Section 517(b)(4)(A) of the Act provides a procedure whereby if, during the course of an EAPA investigation, CBP is unable to determine whether the merchandise at issue is covered merchandise within the meaning of section 517(a)(3) of the Act, then it shall refer the matter to Commerce to make such a determination. Section 517(a)(3) of the Act defines covered merchandise as merchandise that is subject to an AD order issued under section 736 of the Act or a CVD order issued under section 706 of the Act. Section 517(b)(4)(B) of the Act states that Commerce, after receiving a covered merchandise referral from CBP, shall determine whether the merchandise is covered merchandise and promptly transmit its determination to CBP. The Act does not establish a deadline by which Commerce must issue its determination.

On June 9, 2021, Commerce received a covered merchandise referral from CBP regarding CBP EAPA Investigation No. 7509,² which concerns the AD and CVD orders on certain steel wheels from

Commerce intends to make available this document and any supporting documents on Enforcement and Compliance's Antidumping Duty and Countervailing Duty Centralized Electronic Service System (ACCESS) with this notice.

China.³ CBP explained that Accuride Corporation (Accuride) and Maxion Wheels Akron LLC (Maxion) alleged that Vanguard National Trailer Corporation (Vanguard) imported steel wheels produced by Chinese manufacturer Zhejiang Jingu Company Limited (Jingu) that were transshipped through Jingu's affiliate in Thailand, Asia Wheel Co. Ltd. (Asia Wheel), and entered into the United States as a product of Thailand to evade the *Orders*. CBP's Office of Trade initiated an EAPA investigation based on the evidence in the allegation submitted by Accuride and Maxion that reasonably suggested that Vanguard entered steel wheels into the customs territory of the United States by means of evasion.⁴

CBP further informed Commerce on August 18, 2020, that the Trade Remedy Law Enforcement Directorate of CBP's Office of Trade initiated an EAPA investigation based on the reasonableness of the evidence in Accuride and Maxion's allegation that Vanguard imported merchandise covered by the *Orders* into the customs territory of the United States by means of evasion.⁵ In response, Vanguard and Asia Wheel stated that the steel wheels at issue were not subject to the *Orders*, because they were produced in Thailand using rims that did not originate in China.⁶ Accordingly, CBP has requested that Commerce issue a determination as to whether steel wheels produced in Thailand by Asia Wheel from Thai-origin steel wheel rims and Chinese-origin steel wheel discs, are covered merchandise.

We note that this merchandise is already the subject of a scope ruling request previously submitted to Commerce by Asia Wheel,⁷ and is currently under consideration in ongoing scope inquiries of the *Orders*.⁸
