Building for the Future Through Electric Regional Transmission Planning and Cost Allocation and Generator Interconnection; Notice of Technical Conference

The Federal Energy Regulatory Commission (Commission) will convene a staff-led technical conference regarding regional transmission planning in the above-referenced proceeding on Monday, November 15, 2021, from approximately 9:00 a.m. to 5:00 p.m. Eastern Time. The technical conference will seek to examine in detail issues and potential reforms related to regional transmission planning as described in the July 15, 2021 Advanced Notice of Proposed Rulemaking in this proceeding.¹ Specifically, the technical conference will examine issues related to incorporating sufficiently long-term and comprehensive forecasts of future transmission needs during regional transmission planning processes, including considering the needs of anticipated future generation in identifying needed transmission facilities. This may include: approaches to planning regional transmission facilities that identify transmission needs for anticipated future generation, e.g., use in regional transmission planning of future scenarios or geographic zones where future generation is anticipated to locate; factors shaping future transmission needs that are appropriate to consider as inputs into transmission planning studies; and evaluation criteria used by the transmission planning regions to identify and select the more efficient or cost-effective regional transmission facilities.

The conference will be held remotely. The Commission will issue a supplemental notice providing the agenda for the technical conference.

Individuals interested in participating as panelists should submit a self-nomination email by 5:00 p.m. Eastern Time on September 30, 2021, to Timothy.Bialecki@ferc.gov. Each nomination should state the proposed panelist's name, contact information, organizational affiliation, and what topics the proposed panelist would speak on.

Southern Star Central Gas Pipeline, Inc.; Notice of Application and Establishing Intervention Deadline

Take notice that on September 10, 2021, Southern Star Central Gas Pipeline, Inc. (Southern Star), 4700 State Route 56, Owensboro, Kentucky 42301, filed an application under section 7(b) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations for authorization to abandon by sale to Kansas Gas Service, a division of ONE Gas, Inc. (KGS) certain delivery point facilities (Facilities) in Leavenworth County, Kansas, which connect Southern Star to the U.S. Penitentiary at Leavenworth (Penitentiary). The Facilities to be abandoned by sale are not used to provide direct firm service on behalf of any shipper, but currently provide secondary firm service to the Penitentiary, who now desires to become a firm customer of KGS. After the proposed sale, KGS will use the Facilities to directly serve the

Penitentiary with gas transported by Southern Star under firm service agreements with KGS. Southern Star asserts that there will be no change to its certificated capacity and no impact on any of its firm shippers as a part of the proposed abandonment by sale, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TYY, (202) 502-8659.

Any questions regarding Southern Star's application may be directed to Cindy Thompson, Manager, Regulatory & Compliance, Southern Star Central Gas Pipeline, Inc., 4700 State Route 56, Owensboro, Kentucky 42301, by telephone at (270) 852-4655 or by email at cindy.thompson@southernstar.com.

Pursuant to Section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: Complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of

the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are three ways to become involved in the Commission's review of this project: You can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on September 29, 2021. How to file comments and motions to intervene is explained below.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before September 29, 2021. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

Persons who comment on the environmental review of this project will be placed on the Commission's environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission's environmental review process.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,² has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure³ and the regulations under the NGA⁴ by the intervention deadline for the project, which is September 29, 2021. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as
