

Temporary Storage

After operational testing, the mobile microreactor would be disassembled and placed in temporary storage, awaiting eventual disposition. There are two options for temporary storage of the mobile microreactor system (within their CONEX containers) at the INL Site: the RSWF receiving area (MFC-771) and ORSA (MFC-797). A reinforced concrete pad would be constructed at either of the temporary storage locations, and minor upgrades in fencing and instrumentation would be required if stored at ORSA.

Post-Irradiation Examination and Disposition

After the mobile microreactor's useful life is complete and after a period of temporary storage, all of the materials would be disposed. The mobile microreactor components would be disposed of through the appropriate waste streams. It is anticipated that the mobile microreactor would be deconstructed and parts and/or fuel removed to aggregate like-class wastes. After deconstruction, irradiated materials would be safely stored with other similar DOE-irradiated materials and experiments at MFC, most likely in the HFEF or the RSWF. Ultimate disposal of the irradiated materials that have been declared waste would occur along with similar DOE-owned irradiated materials and experiments currently at MFC.

Public Hearings

SCO will host two public hearings regarding the Draft EIS. Meetings will be held in-person with simultaneous livestream over the internet. A toll-free number will be available for commenters not at the in-person meeting. Interested parties are invited to join either or both of the public hearings, each with identical presentation content, planned to be held at the Shoshone Bannock Hotel and Event Center, 777 Bannock Trail, Fort Hall, Idaho 83203. An American Sign Language interpreter will be present. A recording of the public hearings will be made available to the public at the online website listed above. Individuals attending the hearings in person will be required to wear appropriate face coverings and to follow social distancing guidelines. Ongoing health concerns as a result of the evolving COVID-19 restrictions could result in changes or cancellation of the in person public hearings. Further public announcements will be made in the event of a postponement or cancellation. In the event of cancellation of the in-

person hearings, the online virtual hearings would still occur on the scheduled dates and at the scheduled times.

The hearings will begin with a presentation providing an overview of the project, information on the NEPA process, and highlights of the Draft EIS content and analysis. Following the presentation, individuals participating both in-person and remotely will be offered an opportunity to provide oral comments on the Draft EIS. The hearings will conclude after two hours or when there are no additional commenters, whichever occurs first. Public comments will be addressed in the Final EIS. You may pre-register to comment by sending an email to PELE_NEPA@sco.mil. A court reporter will be present to transcribe all comments.

Title of Collection: Voluntary Decline of Higher Education Emergency Relief Funds Form.

OMB Control Number: 1840-0856.

Type of Review: Extension without change of a currently approved collection.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 125.

Total Estimated Number of Annual Burden Hours: 63.

Abstract: Funding for the Higher Education Emergency Relief Fund (HEERF) is provided by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) (Pub. L. 116-136), the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA) (Pub. L. 116-260) and the American Rescue Plan Act of 2021 (Pub. L. 117-2). Institutions eligible for funding under these statutes may elect to voluntarily decline all or a portion of their HEERF grant awards, in which case the U.S. Department of Education (the Department) will then deobligate the funds from the institution's G5 account and will later redistribute the funds to other institutions with greater needs due to the coronavirus. In order to process the deobligation and redistribution of these funds more efficiently, the Department is requesting an extension of approval of a short form that will allow these institutions to provide the Department with information regarding the funds being declined.
