[Docket No. RM21–20–000; Order No. 878]

**OMB Control Numbers for Commission Information Collection Requirements****AGENCY:** Federal Energy Regulatory Commission, Department of Energy.**ACTION:** Final rule.

**SUMMARY:** The Federal Energy Regulatory Commission amends its regulations to provide that Office of Management and Budget control numbers for Commission information collection requirements will be available on the Commission's website.

**DATES:** This rule will become effective December 3, 2021.

**FOR FURTHER INFORMATION CONTACT:** Mark Hershfield, Office of the General Counsel, 888 First Street NE, Washington, DC 20426, (202) 502–8597, [mark.hershfield@ferc.gov](mailto:mark.hershfield@ferc.gov).

**SUPPLEMENTARY INFORMATION:****I. Introduction**

1. Pursuant to the Paperwork Reduction Act of 1995<sup>1</sup> and Office of Management and Budget's (OMB) implementing regulations at 5 CFR Part 1320, the Commission is required to display OMB control numbers and expiration dates of those control numbers on Commission information collections and forms. The Commission also provides OMB control numbers in its regulations at 18 CFR 389.101. This rule amends that regulation by providing that OMB control numbers for Commission information collections will henceforth no longer be provided in the Commission's regulations but instead will be provided on the Commission's website.

**II. Discussion**

2. The purpose of this rule is to ensure that the public has the most current OMB control numbers for Commission information collections. Providing the OMB control numbers on the Commission's website is the most efficient and timely way to provide that information to the public. Therefore, rather than continually revising 18 CFR 389.101, the Commission will henceforth provide the public with the most up-to-date information on OMB control numbers at the Information Collections page at <https://www.ferc.gov> ([https://www.ferc.gov/enforcement-](https://www.ferc.gov/enforcement-legal/legal/information-collections)

[legal/legal/information-collections](https://www.ferc.gov/enforcement-legal/legal/information-collections)). This rule accordingly revises 18 CFR 389.101 to direct the public to the Commission's website for OMB control numbers for Commission information collections.

**III. Information Collection Statement**

3. OMB approves certain information collection requirements imposed by agency rule.<sup>2</sup> However, this rule does not contain any new or additional information collection requirements. Therefore, compliance with OMB's regulations is not required.

**IV. Environmental Analysis**

4. The Commission is required to prepare an Environmental Assessment or an Environmental Impact Statement for any action that may have a significant adverse effect on the human environment.<sup>3</sup>

5. Part 380 of the Commission's regulations lists exemptions to the requirement to draft an Environmental Analysis or Environmental Impact Statement. Included is an exemption for procedural, ministerial, or internal administrative actions.<sup>4</sup> Accordingly, this rulemaking is exempt from the requirement to draft such documents under that provision.

**V. Regulatory Flexibility Act**

6. The Regulatory Flexibility Act of 1980 (RFA)<sup>5</sup> generally requires a description and analysis of final rules that will have a significant economic impact on a substantial number of small entities. This rule concerns a modification of current Commission regulations and practices, by directing the public to where OMB control numbers are located. The Commission certifies that it will not have a significant economic impact upon participants in Commission proceedings. An analysis under the RFA is therefore not required.

Email the Public Reference Room at [public.referenceroom@ferc.gov](mailto:public.referenceroom@ferc.gov).

**VII. Effective Date**

10. The Commission is issuing this rule as a final rule without a period for public comment. Under 5 U.S.C. 553(b)(3)(A), notice-and-comment rulemaking procedures are unnecessary for “rules of agency organization, procedure, or practice.” This rule is therefore exempt from notice-and-comment rulemaking procedures, because it concerns the Commission's procedures and practices. In particular, the rule alters the means by which the Commission will provide the control numbers assigned by OMB to the Commission's information collection requirements. The rule will not significantly affect regulated entities or the general public.

11. This rule is effective December 3, 2021.

**29 CFR Part 1915**

**Incorporation by Reference; Notice of Corrections**

**AGENCY:** Occupational Safety and Health Administration (OSHA), Labor.

**ACTION:** Final rule; correcting amendments.

**SUMMARY:** OSHA is making minor corrections to the Incorporation by Reference (IBR) section for Maritime due to inadvertent mistakes in three final rules: Updating OSHA Standards

Based on National Consensus Standards, Personal Protective Equipment; Updating OSHA Standards Based on National Consensus Standards, Eye and Face Protection; and Standards Improvement Project-Phase IV. The notice also updates contact information for a government agency and consensus organizations in the Incorporation by Reference section and adjusts the codification to meet Office of the Federal Register requirements.

**DATES:** Effective October 4, 2021.

*Press inquiries:* Frank Meilinger, Director, OSHA Office of Communications; telephone: (202) 693–1999; email: [meilinger.francis2@dol.gov](mailto:meilinger.francis2@dol.gov).

*General and technical information:* Amy Wangdahl, Director, Office of Maritime and Agriculture, OSHA Directorate of Standards and Guidance; telephone: (202) 693–2066; email: [wangdahl.amy@dol.gov](mailto:wangdahl.amy@dol.gov).

**SUPPLEMENTARY INFORMATION:**

**I. Summary and Explanation**

OSHA published three final rules containing inadvertent errors in the Incorporation by Reference section for Maritime, § 1915.5. The final rules were Updating OSHA Standards Based on National Consensus Standards, Personal Protective Equipment, published September 9, 2009 (74 FR 46350); Updating OSHA Standards Based on National Consensus Standards, Eye and Face Protection, published March 25, 2016 (81 FR 16085); and Standards Improvement Project-Phase IV, published May 14, 2019 (84 FR 21416).

The agency is submitting this document to correct errors in these three final rules that included numerical and typographical errors, as well as move paragraph § 1915.5 (c) to paragraph (b)(3), so that all incorporation by reference (IBR) approval and contact language is contained in one paragraph (see 1 CFR part 51 and the Office of the Federal Register’s (OFR’s) IBR Handbook). In addition, this document updates the contact information for the National Archives and Records Administration (NARA) in former § 1915.5(c), National Safety Council in § 1915.5(d)(4) and (5), IHS Standards Store in § 1915.5(d)(6)(ii), (7)(ii) and (8)(ii), TechStreet Store in § 1915.5(d)(6)(iii), (7)(iii) and (8)(iii), International Safety Equipment Association (ISEA) in § 1915.5(d)(9) to (11), and American Society of Mechanical Engineers (ASME) in § 1915.5(e), American Conference of Governmental Industrial Hygienists (ACGIH) in § 1915.5(f), National Fire Protection Association (NFPA) in former § 1915.5(f)(1)(i), and ASTM International in § 1915.5(g). Paragraphs § 1915.5 (d)(7) and (d)(8) incorrectly cross-referenced part 1910 instead of part 1915. All of paragraph (f)(1)(i) was out of sequence and renumbered as paragraph (i). Table 1 summarizes the errors, omission, and updates by paragraph for § 1915.5. Additional revisions to meet Office of the Federal Register requirements, such as the removal of full paragraph citations for outlying sections, are included in the revision and republishing of § 1915.5.
