The project is an extension of the Interstate 495 (I-495) Express Lanes along approximately three miles of I-495, also referred to as the Capital Beltway, from their current northern terminus south of the Dulles Toll Road (DTR)/Route 267 interchange to the George Washington Memorial Parkway (GWMP). Although the I-495 Express Lanes would terminate at the GWMP, improvements would extend approximately 0.3 miles north of the GWMP to provide a tie-in to the existing road. The project also includes access ramp improvements and lane reconfigurations along portions of the DTR and the Dulles International Airport Access Highway, on either side of I-495, from the Spring Hill Road Interchange to the Route 123 interchange. The proposed improvements entail new and reconfigured I-495 Express Lane ramps and general-purpose lane ramps.
