

electronically on EDGAR (404 filings).⁴ Filers are responsible for 100% of the total burden hours.

If the potential access changes and potential Form ID amendments become effective, for purposes of the Paperwork Reduction Act, we estimate that the number of Form ID filings would increase approximately by 7,284 annually⁵ and that the number of hours to prepare Form ID would increase by 0.15 hours. The current approved estimate of the annual number of Form ID filings for filers without CIKs (48,089 filings) and filers with CIKs who have not filed electronically on EDGAR (404 filings) would stay the same.

Thus, for purposes of the Paperwork Reduction Act, the estimated total number of annual Form ID filings would increase from 48,493 filings to 55,777 filings.⁶ The estimate of 0.15 hours per response would increase to 0.30 hours per response. The estimated total annual burden would increase from 7,274 hours to 16,734 hours.⁷ The estimate includes the number of filers without CIKs, filers with CIKs who have not filed electronically on EDGAR, and filers with CIKs who are seeking to reaccess EDGAR. The estimate that the filers are responsible for 100% of the total burden hours would stay the same.

In relation to the potential access changes described above, the Commission may consider amending Form ID to make technical modifications and clarifications. We do not believe that these technical modifications and clarifications to Form ID would make any substantive modifications to any existing collection of information requirements or impose any new substantive recordkeeping or information collection requirements within the meaning of the Paperwork Reduction Act.

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act. The estimate is not derived from a comprehensive or representative survey or study of the costs of Commission rules. Complying with this collection of information requirement is necessary to obtain the benefit of relying on Form ID. An agency may not conduct or sponsor, and a person is not required to respond to,

a collection of information unless it displays a currently valid control number.

Written comments are invited on: (i) Whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (ii) the accuracy of the agency's estimate of the burden imposed by the collection of information; (iii) ways to enhance the quality, utility, and clarity of the information collected; and (iv) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

⁴ 48,089 filings for users without CIKs + 404 filings for filers with CIKs who have not yet filed electronically on EDGAR = 48,493 filings.

⁵ We base this estimate on the average annual number of filings from filers with CIKs who submitted manual passphrase update requests for the past three federal fiscal years. ((7,004 filings per year + 6,871 filings per year + 7,978 filings per year)/3 years) = average of 7,284 filings per year.

⁶ 48,493 filings + 7,284 filings = 55,777 filings.

⁷ 55,777 filings × 0.30 hours/filing = 16,734 hours (rounded up).
