Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. Information Collection Requirement

Title: Critical Facility Information of the Top 100 Most Critical Pipelines.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652-0050.

Form(s): Critical Facility Security Review; TSA Pipeline Cybersecurity Self-Assessment form.

Affected Public: Pipeline companies.

Abstract: The 9/11 Act specifically tasked TSA to develop and implement a plan for reviewing the pipeline security plans and inspecting critical facilities of the 100 most critical pipeline operators. *See* sec. 1557 of the 9/11 Act (Pub. L. 110-53; 121 Stat. 266, 475, Aug. 3, 2007; codified at 6 U.S.C. 1207(b)). TSA visits critical pipeline facilities and collects site-specific information from pipeline operators on

facility security policies, procedures, and physical security measures. TSA uses the information to determine strengths and weaknesses at the nation's critical pipeline facilities, areas to target for risk reduction strategies, pipeline industry implementation of the TSA Pipeline Security Guidelines, and operator implementation of recommendations made during TSA critical facility visits.

The collection of information is being revised to align the Critical Facility Security Review question set with the revised Pipeline Security Guidelines (with Change 1 (April 2021)), and to capture additional criticality criteria. In addition, on May 26, 2021, OMB approved the emergency request, requiring owner/operators of a critical hazardous liquid and natural gas pipeline or liquefied natural gas facility to review Section 7 of TSA's Pipeline Security Guidelines (with Change 1 (April 2021)), and assess current activities, using the TSA Pipeline Cybersecurity Self-Assessment form, to address cyber risk, and identify remediation measures that will be taken to fill those gaps and a timeframe for achieving those measures.

Number of Respondents: 260.

Estimated Annual Burden Hours: An estimated 1400 hours annually.¹

Dated: October 8, 2021.

Christina A. Walsh,

*TSA Paperwork Reduction Act Officer,
Information Technology.*
