AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that The Navigator Company, S.A. (Navigator) made sales of certain uncoated paper (uncoated paper) from Portugal in the United States at less than normal value during the period of review (POR) March 1, 2019, through February 29, 2020.

SUPPLEMENTARY INFORMATION:

Background

On June 4, 2021, Commerce published the *Preliminary Results* covering one producer/exporter, Navigator.¹ On October 4, 2021, Commerce extended the time period for issuing the final results of this review by an additional

13 days, to 133 days after the publication date of the *Preliminary Results*.² The deadline for the final results of this review is now October 15, 2021. For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.³

Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products covered by this order are certain uncoated paper from Portugal. For a full description of the scope, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues that parties raised and to which we responded in the Issues and Decision Memorandum is attached to this notice as an appendix. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties, we have recalculated the weighted-average dumping margin for Navigator. Specifically, we made a change to one post-sale price adjustment for Navigator's home market sales. For a more detailed discussion of this change, see the Final Analysis Memorandum.⁴

Final Results of the Review

Commerce determines that the following weighted-average dumping margin exists for the period March 1, 2019, through February 29, 2020:

² See Memorandum, "Certain Uncoated Paper from Portugal: Extension of Deadline for Final Results of Antidumping Duty Administrative Review, 2019-2020," dated October 4, 2021.

³ See Memorandum, "Issues and Decision Memorandum for the Final Results of the Administrative Review of the Antidumping Duty Order: Certain Uncoated Paper from Portugal; 2019-2020," dated concurrently with and hereby adopted by this notice (Issues and Decision Memorandum).

⁴ See Memorandum, "Final Results Analysis Memorandum for The Navigator Company, S.A.," dated concurrently with this memorandum.

Exporter/producer	Weighted-average dumping margin (percent)
The Navigator Company, S.A.	2.21

Disclosure

Commerce intends to disclose to interested parties the calculations performed in connection with the final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final determination in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rate

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.

Because Navigator's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent), Commerce has calculated importer-specific antidumping duty assessment rates. We calculated importer-specific antidumping duty assessment rates by aggregating the total amount of dumping calculated for the examined sales of each importer and dividing each of these amounts by the total sales value associated with those sales. Where an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by Navigator for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁵

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

⁵ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).
