

**DEPARTMENT OF TRANSPORTATION****Federal Aviation Administration****Public Notice for Waiver for Aeronautical Land-Use Assurance at San Marcos Regional Airport, San Marcos, Texas**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of intent for waiver of aeronautical land-use.

**SUMMARY:** The Federal Aviation Administration is considering a proposal to change a portion of the airport from aeronautical to nonaeronautical use and to authorize the conversion of the airport property. The proposal consists of one parcel of land containing a total of approximately 16.6 acres. The land comprising this parcel is outside the forecasted need for aviation development and, thus, is no longer needed for indirect or direct aeronautical use. The income from the conversion of this parcel will benefit the aviation community by reinvestment into the airport.

Approval does not constitute a commitment by the FAA to financially assist in the conversion of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the conversion of the airport property will be in accordance with FAA's policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999. In accordance with Section 47107(h) of Title 49, United States Code, this notice is required in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.

**DATES:** Comments must be received on or before November 24, 2021.

**ADDRESSES:** Comments on this application may be emailed to the FAA at the following address: Mr. Jesse Carriger, Manager, 7-ASW-TX-ADO@faa.gov, Federal Aviation Administration, Southwest Region, Airports Division, Texas Airports District Office, ASW-650, 10101 Hillwood Parkway, Fort Worth, Texas 76177.

**SUPPLEMENTARY INFORMATION:****Background**

On August 26, 2021, at 86 FR 47705, FHWA published in the **Federal Register** a notice on the re-designation of the PHFS pursuant to 23 U.S.C. 167(d)(2).

Each re-designation of the network may increase the mileage on the PHFS by not more than 3 percent of the total mileage of the system. The current PHFS consists of 41,518 centerline miles of roadway and is a component of the National Highway Freight Network. The re-designation initiated through this notice may add up to 1,246 miles of additional mileage to the current PHFS. Please be advised that this notice and process is not related to prior notices and processes for the designation of the National Multimodal Freight Network at 81 FR 36381 (June 6, 2016) and 82 FR 49478 (October 25, 2017).

State Freight Advisory Committees, represented by their States, are invited to submit comments. Other entities are encouraged to engage directly with their State Freight Advisory Committee or the State department of transportation.

The original comment period for the notice closes on October 25, 2021. However, DOT stakeholders have expressed concern that this closing date does not provide sufficient time for submission of comments to the docket. To allow time for interested parties to submit comments, the closing date is changed from October 25, 2021, to December 15, 2021.
