**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

## A. Overview of Information Collection

*Title of Information Collection:* Eviction Protection Grant Program.

*OMB Approval Number:* 2528-0331.

*Type of Request:* Revision of a currently approved collection.

*Form Number:* Application for Federal Assistance, Standard Form-424; Disclosure of Lobbying Activities, Standard Form-LLL; HUD Detailed Budget Worksheet, 424 CBW; HUD Applicant/Recipient Disclosure/Update Report, 2880; NOFO narrative; HUD Client Services and Outcomes Report, 52698; and grant activity report.

*Description of the need for the information and proposed use:* This information is collected in connection with HUD's Eviction Protection Grant Program and will be used by HUD to determine that the grant applicant meets the requirements of the Notice of Funding Opportunity (NOFO). Information collected is also used to assign points for awarding grant funds on a competitive and equitable basis. The information is collected via a narrative and the budget form. Information collected from grantees post-award will be used by HUD to meet its statutory program monitoring and demonstration obligations.

HUD is required to develop a competitive grant program to fund nonprofit or governmental entities to provide legal assistance (including assistance related to pretrial activities, trial activities, post-trial activities and alternative dispute resolution) at no cost to eligible low-income tenants at risk of or subject to eviction. In connection with the COVID-19 emergency, the CARES Act was enacted on March 28, 2020. It placed a moratorium on eviction in all federally-assisted housing and federally-backed mortgages through July 24, 2020. The expiration of that moratorium was followed by an Order from the Centers of Disease Control and Prevention (CDC) temporarily halting evictions for nonpayment of rent on September 4, 2020, which was subsequently extended until July 31,

2021, nationally and until October 3, 2021, in areas with substantial or high levels of community transmission of COVID-19.

As households continue to struggle with income loss and accumulating back rent, the threat of evictions has grown considerably. The Household Pulse Survey Phase 3.1 found that the week of June 23, 2021, over 7.4 million renters were behind on their rent payments and another 4.9 million were not confident they would be able to make next month's payment. With the expiration of the CDC's national moratorium looming, 3.6 million renters reported eviction was likely or somewhat likely in the next two months. Housing instability caused by formal and informal evictions has significant economic, physical, and mental consequences. Research has found eviction protection services, including services such as legal representation, court navigators,

education and outreach, and assistance completing the legal forms to respond to an eviction notice, reduce evictions and increase housing stability for low-income renters. The Eviction Protection Grant Program will provide \$20 million to support eviction protection services in areas with high rates of eviction or probable eviction to low-income tenants at risk of or subject to eviction. The Eviction Protection Grant Program NOFO, FR-6500-N-79, OMB Approval Number 2528-0331, was published on July 20, 2021.

This notice updates HUD's previously approved emergency review request to include HUD's proposed form for collecting information about client services and outcomes. Grantees will be expected to submit this information to HUD with its post-award quarterly reports. This review is needed to fulfill Congress' intent for the Eviction Protection grant program to expeditiously provide funds to meet the

need for which Congress appropriated them and reduce the harm these tenants will face without access to eviction protection services. It is also needed to enable HUD to meet its statutory program monitoring and demonstration obligations for this new program and fulfill its statutory, Executive Order, and regulatory obligations to ensure the equitable disbursement of critical eviction protection services.

*Respondents:* Office of Policy Development and Research Grantee Recipients for the Eviction Protection Grant Program.

*Total Burden Estimate:* The table below reflects our estimate of the burden on the grantee recipients.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* The data collection is conducted under Title 12, United States Code, Section. 1701z and Section 3507 of the Paperwork Reduction Act of 1995, 44, U.S.C., 35, as amended.

**SUPPLEMENTARY INFORMATION:** In  
 accordance with the Paperwork

3501 *et seq.*) and 5 CFR 1320.8(d)(1), we  
 provide the general public and other  
 Federal agencies with an opportunity to  
 comment on new, proposed, revised,  
 and continuing collections of  
 information. This helps us assess the  
 impact of our information collection  
 requirements and minimize the public’s  
 reporting burden. It also helps the  
 public understand our information  
 collection requirements and provide the  
 requested data in the desired format.

On June 11, 2021, we published in the  
**Federal Register** (86 FR 31336) a notice  
 of our intent to request that the Office  
 of Management and Budget (OMB)  
 approve this information collection. In  
 that notice, we solicited comments for  
 60 days, ending on August 10, 2021.  
 The Service shared the notice with  
 current and prospective UBT program  
 partners to encourage participation in  
 the public commenting process. We did  
 not receive any comments in response  
 to that notice.

As part of our continuing effort to  
 reduce paperwork and respondent  
 burdens, we are again soliciting  
 comments from the public and other  
 Federal agencies on the proposed ICR  
 that is described below. We are  
 especially interested in public comment  
 addressing the following:

- (1) Whether or not the collection of  
 information is necessary for the proper  
 performance of the functions of the  
 agency, including whether or not the  
 information will have practical utility;
- (2) The accuracy of our estimate of the  
 burden for this collection of  
 information, including the validity of  
 the methodology and assumptions used;
- (3) Ways to enhance the quality,  
 utility, and clarity of the information to  
 be collected; and
- (4) How might the agency minimize  
 the burden of the collection of  
 information on those who are to  
 respond, including through the use of  
 appropriate automated, electronic,  
 mechanical, or other technological  
 collection techniques or other forms of  
 information technology, *e.g.*, permitting  
 electronic submission of response.

Comments that you submit in  
 response to this notice are a matter of  
 public record. Before including your  
 address, phone number, email address,  
 or other personal identifying  
 information in your comment, you  
 should be aware that your entire  
 comment—including your personal  
 identifying information—may be made

**Abstract:** The Urban Bird Treaty  
 Program (UBT Program) is administered  
 through the Service’s Migratory Bird  
 Program, under the authority of the Fish  
 and Wildlife Coordination Act (16  
 U.S.C. 661–667e). The UBT Program  
 aims to support partnerships of public  
 and private organizations and  
 individuals working to conserve  
 migratory birds and their habitats in  
 urban areas for the benefit of these  
 species and the people that live in urban  
 areas. The UBT partners’ habitat  
 conservation activities help to ensure  
 that more natural areas, including  
 forests, grasslands, wetlands, and  
 meadows, are available in urban areas,  
 so that historically excluded and  
 underserved communities can have  
 improved access to green space and  
 opportunities to engage in habitat  
 restoration and community science as  
 well as bird-related recreation and  
 educational programs. These habitat  
 restoration activities, especially urban  
 forest conservation, also contribute to  
 climate resiliency by reducing the  
 amount of carbon dioxide in the  
 atmosphere. Lights-out programs in  
 UBT cities help reduce energy costs and  
 greenhouse gas emissions by reducing  
 the use of electricity when people and  
 businesses turn off their lights between  
 dusk and dawn during the fall and  
 spring periods of bird migration in order  
 to reduce bird collisions with building  
 glass.

The Service designates Urban Bird  
 Treaty cities or municipalities through a  
 process in which applicants submit a  
 nomination package, including a letter  
 of intention and an implementation  
 plan, for approval by the Service’s  
 Migratory Bird Program. Within 3  
 months, the Service reviews the  
 package, makes any necessary  
 recommendations for changes, and then  
 decides to either approve or reject the  
 package. If rejected, the city can reapply  
 the following year. In most cases, when  
 the Service designates a new city  
 partner, the Service and the new city  
 partner hold a signing ceremony, during  
 which a representative from both the  
 Service and the city sign a nonbinding  
 document that states the importance of  
 conserving birds and their habitats to  
 the health and well-being of people that  
 live in and visit the city. To maintain  
 this city partner designation, the city  
 must submit information on the  
 activities it has carried out to meet the  
 goals of the UBT program, including  
 those related to bird habitat  
 conservation, bird hazard reduction,  
 and bird-related community education  
 and engagement. By helping make cities  
 healthier places for birds and people,
