

Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act<sup>11</sup> and Rule 19b-4(f)(6)<sup>12</sup> thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)<sup>13</sup> normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)<sup>14</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay. The Exchange states that waiver of the operative delay is consistent with the protection of investors and the public interest because such a waiver would allow Members and non-Members to immediately benefit from having a clearly stated policy regarding fee finality for billing disputes and provide certainty and finality to current and prospective billing errors. In addition, the Exchange states that the proposed rule change is comparable to other policies and practices that are already established at another exchange.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow the Exchange to modify its Fee Schedule to immediately adopt a policy relating to billing errors that is designed to provide clarity and certainty with respect to when Exchange fees and rebates may be considered final. Further, the proposed rule change is substantially similar to provisions currently in effect on other national securities exchanges<sup>15</sup> and therefore does not raise any new or novel regulatory issues. Accordingly, the Commission waives the operative delay and designates the proposed rule change operative upon filing.<sup>16</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.
